Resolved, That the Controller be and is hereby directed to prepare specifications and estimates of the cost of the following proposed improvement, to-wit:

The construction of an eight-inch tile sewer in Michigan street from manhole in Oak street to a point 750 feet west of the west line of Oak street, with manhole as shown in the profile for said sewer, heretofore adopted; and

Resolved, That the Controller prepare a special assessment roll for the collection of the total estimated cost of said improvement and submit the same to the Council for approval.

On motion of Alderman Fassbender, supported by Alderman Asis, said resolution was unanimously adopted.

The following was submitted:

REPORT OF
CITIZENS'
COMMITTEE ON
EQUALIZATION

To the Common Council of the City of Marquette.

Gentlemen:- The undersigned, in behalf of the citizens' committee appointed to co-operate with the special committee of your honorable body in relation to the equalization of this city by the board of supervisors, beg leave to report that in the performance of their duties it was discovered that many great inequalities existed in the assessment of property, in this city. In some instances properties were found to be assessed in excess of their actual selling price and in other instances at much less than their cash value.

This committee is of the opinion that the present assessment roll is in many respects unfair as between property owners of the city and that a thorough revision of values should be made as a basis for future assessment rolls.

We therefore recommend to your honorable body that a committee of three representative citizens of the city be appointed and employed by your honorable body to superintend the gathering and preparation of such information and data as may be obtainable, bearing upon the actual and relative values of the assessable property of this city, with power to employ such clerical assistance as may be deemed necessary; and that such committee be directed to submit the result of their labors, together, with their judgement as to such values, in time for the action of your honorable body and the assessing officers of the city, as well as for consideration thereof by the people, before the preparation of the next general assessment roll.

This committee is of the opinion that it is desirable to employ a competent person for about two or three months to perform the clerical labor required, and that the committee of three, to be appointed by your honorable body, should devote about one month to consideration of the matter so gathered and prepared. This committee is of the opinion that it would be money well spent for the city to pay the necessary expense of the preparation of such matter.

Very respectfully,
J. R. Van Eura,
Frank J. Russell,
Karl A. Clark,
Geo. P. Brown.

The special committee on equalization reported that they unanimously endorsed the above report and recommended that William O'Meara, John Robertson and Arthur H. Palmer be appointed and employed as a committee for the purposes mentioned in

the above report, with power to employ all necessary clerical help and incur other necessary expenses; said committee to receive a compensation of \$3.00 per day each for actual service.

On motion of Alderman Schauer, supported by Alderman Passbender, said recommendation was unanimously adopted.

The resignation of William Dorais as member of the Park Cemetery and Street Commission was presented.

Moved by Alderman Aisig, supported by Alderman Madigan, and carried, that said resignation be not accepted.

The mayor presented the following:

APPOINTMENT

OF NELS P.

FLODIN AS

MEMBER OF

PARK CEM. X

ST. COMM.

To the Common Council of the City of Marquette.

Gentlemen: I hereby nominate and appoint subject to your approval, Nels P. Flodin a member of the Park Cemetery and Street Commission, to fill the vacancy therein caused by the resignation of William Dorais.

Dated, January 2nd, 1912.

John H. Jacobs Mayor.

The city attorney being called upon for his opinion as to whether a vacancy existed in said office, advised the council that the acceptance of the resignation by the mayor was sufficient to create a vacancy, and that any action of the mayor indicating his purpose to accept the resignation was sufficient, and that the appointment by him of a person to fill the vacancy amounted in law to an acceptance of the resignation and that the office was now vacant.

N. P. FLODIN

MARQUETTE

GAS LIGHT

Co.

On motion of Alderman Schauer, supported by Alderman Asise, the following resolution was unanimously adopted:

Whereas, The franchise right of the Marquette Gas Light Company to use the public streets of the city for the distribution of its products, expired many years ago, since which time said company has continued to conduct business in the city without a municipal franchise; and

Whereas, The common council has not heretofore deemed it necessary to require said company to operate under a new franchise or to discontinue the use of the public streets, in expectation that if said company would not furnish gas to the citizens of the city at a rate as low and as reasonable as practicable a municipal gas plant could be established in this city; and

Whereas, It is believed that it is practicable to manufacture and deliver gas in this city at rates very much below those now and heretofore charged by said company.

Resolved, That a committee of three aldermen be appointed by the mayor, to investigate the subject and to report to the common council whether or not, in their opinion, it is desirable to require said Marquette Gas Light Company to conduct its business hereafter under a fair and reasonable franchise ordinance; and whether or not it is practicable and desirable to establish a municipal gas plant in

this city.

The mayor thereupon appointed Aldermen Asing, Schauer and
Hennessy as such committee.

The council then, on motion, adjourned.

NORTH

MARQUETTE
TRUNK SEWER

The following protest of Joseph Brickman and 194 others was presented and on motion of Alderman Schauer, supported by Alderman Asiss, ordered placed on file.

To the Hon. Mayor and Common Council of the City of Marquette, Gentlemen: We, the undersigned taxpayers of the City of Marquette having once paid an assessment for a trunk sewer from Hematite street to Lake Superior do hereby protest to your honorable body against the proposed assessment for a new trunk sewer of only a portion of the property securing the benefit of it, and insist that all the land and lots lying north of the center of Ridge street, and east of the center of Front street, which share in the benefit of said sewer, be assessed an equitable proportion of it and your petitioners will ever pray.

The following petition of Harvey Burright Hatch and five others was presented, and on motion of Alderman Donovan, supported by Alderman Asiss, ordered placed on file.

To the Honorable Mayor and Common Council of the City of Marquette: The undersigned, taxpayers, of said city, respectfully pray

that immediate action be taken affirming the action heretofore taken adopting the report of our city engineers on the proposed sewer for North Third street and North Marquette, and the assessment of property made by our city controller to pay for same. Our city engineers and the engineers who went over the entire proposition with him, agree in declaring that the sewer as proposed provides for draining every possible portion of our city which could naturally flow into that watershed and that it is impossible to extend it to include any other territory. Delay in this matter is only working a continuing injustice to the long suffering people residing in the north part of the city. We submit that common fairness demands immediate favorable action on this sewer proposition.

A communication from Harvey Burright Hatch relative to the construction of the North Marquette trunk sewer was presented and ordered placed on file.

LIQUOR
APPLICATIONS

The liquor applications of Elias Ahtala, Peter Boyer, Andrew Hartuigh, Frank La Bonte, Alfred Marlow, Peter Misunas, Emil Morin, Jeff Morin, Frank Nevala, Dolphus Paris, John Plattenberg, Louis Reubens, William Rivers, Jr. Joseph Simola, Selim Steinback, Daniel E. Sullivan, Philip Trombly, Louis Vierling, Leander Winkka and The F. Pending Company, were presented and referred to the committee on licenses and trade regulations.

NORTH
MARQUETTE
TRUNK SEWER

Moved by Alderman Donovan, supported by Alderman Ekstrom, that the district assessed for the construction of a trunk sewer in North Marquette be enlarged so as to embrace all the property north of Ridge street and east of Front street benefitted by said improvement.

Moved by Alderman Schauer, as an amendment to said motion, that said district also embrace the N.W. 1/4 of S.W. 1/4 and S.W. 1/4 of S.W. 1/4 of Sec. 11; and the N.W. 1/4 of N.W. 1/4 of Sec. 14, all in T. 48 N. R. 25 W., which amendment was accepted.

Said motion as amended was thereupon adopted by the following vote:

Yeas - Aldermen Asire, Donovan, Ekstrom, Hennessy, Madigan and Schauer - 6.

Nays - Alderman Scully - 1.

Moved by Alderman Asire, supported by Alderman Schauer, and carried, that the controller prepare a new special assessment roll for said improvement in accordance with the action just taken by the common council.

REPORT OF
COMMITTEE
ON FINANCE
AND TAXATION

The Committee on finance and taxation submitted the following:
March 29, 1912.

To the Honorable Mayor and Common Council of the City of Marquette:
Gentlemen In accordance with the laws, your Committee on finance and taxation beg to report that they have examined the books and records in the office of the City treasurer, and have examined the reports of the Fire and Water Commissioners, the Light and Power Commission, the Peter White Public Library trustees, the Park, Cemetery and Street Commission, and find that they correctly agree with the respective accounts of the City controller.

REPORT OF
SPECIAL
COMMITTEE
ON RATES
CHARGED
FOR LIGHT
AND POWER

The special committee submitted the following report:

Marquette, Mich., March 22, 1912.

To the Honorable Mayor and Common Council of the City of Marquette:

Gentlemen Your committee appointed June, 1911, to investigate and report relative to the rates charged for light and power by the electric light commission, report as follows:

For resident lighting a charge of 6 cents per kilowatt hour is made, as compared with rates ranging from 8 cents to 16 cents per kilowatt hour charged by private and municipal plants located at various points in the United States. The charge for commercial lighting is based upon the time and amount of power required, as follows: Mercantile concerns that close their places of business at 6 o'clock each day during the week, except Saturdays

and railroad paydays, are charged 5 cents per Kilowatt hour, while other places of business that require lights the greater part of the night are charged from 2 to 4 cents per Kilowatt hour, and for large consumers of power, for the purpose of operating machinery a uniform charge of 1 cent per Kilowatt hour is made, while charges for similar services in other cities range in price from 1 cent to 4 cents per Kilowatt hour.

Your committee is satisfied that users of power and light in the city of Marquette are getting same at a less figure than any other place of similar size in the United States, and that the rates charged have been based on an equitable basis.

Yours truly,

M. Hennessy,

M. E. Asiss,

M. C. Scully,
