COMMERCIAL

CLUB TO USE

MAYOR'S OFFICE

IN CITY HALL.

The following was presented:  
To the Honorable Mayor and Common Council of the City of Marquette:  
Gentlemen - The undersigned, special committee of the Board of Directors of the Marquette Commercial Club, respectfully request your honorable body to permit the Commercial Club to occupy the mayor's offices on the first floor of the City Hall as the permanent office and headquarters of the club. The rooms will be in constant use by the secretary of the club and his office organization. The club will, of course, pay the bills for lighting and janitor service of the rooms. We feel that your honorable body can, with perfect propriety, permit the use of these rooms, rent free, for a public purpose of this sort, as we consider the Commercial Club a quasi public institution, which we hope will have as large a share in the public life of our city as the regularly organized bodies serving under the city charter. The citizens of Marquette have responded most generously to the recent demand for increased financial support of the Commercial Club, and the committee feels that that it should husband its financial resources as closely as possible so that funds may always be available for the work of the club as it goes on. The saving of rent by the use of the rooms in the City Hall will be a very substantial aid in the matter of the club's finances.

Respectfully submitted.

PETITION OF  
J. E. LAUTNER  
AND H. J.  
THERIAULT  
RELATIVE  
TO SEWER IN  
HEMATITE ST.

Alderman Scully presented the following which was referred to the committee on parks, cemeteries, streets and sewers:  
Marquette, Mich., Dec. 15<sup>th</sup> 1913.  
To the Mayor and Council, City of Marquette, Michigan.  
Gentlemen:- Beg to call your attention to a resolution passed at a recent meeting of your honorable body, wherein you authorized a sewer placed in Hematite street between Third street and Presque Isle Avenue, in compliance with a petition filed by the property owners to be assessed therefor. Your resolution calls for a twelve-inch sewer, whereas a six-inch sewer is large enough to accommodate all possible connections in the block. Furthermore, so far as the property owners are concerned, the pipe need be laid only to a point 100 feet east of the east line of Presque Isle Avenue.  
The entire cost of this twelve-inch has been assessed against the property abutting, whereas if this size sewer is necessary for street draining purposes the cost in excess of a six-inch sewer should be assessed against the general funds of the city. Would ask that you give this matter consideration and also that the payment of 50 per cent of the amount before work is

started, be waived in order that the sewer may be put in as soon as possible.

Yours truly,

J. E. Gaultier

PETITION OF

H. R. HARRIS

The following was presented and referred to the committee on finance and taxation:

FOR REFUND

OF \$15 ON

SEWER

ASSESSMENT

Marquette, Mich., September 2nd, 1913.  
To the Honorable Mayor and Common Council, Marquette, Mich.  
Gentlemen: - There was assessed against me for the Eastern Trunk sewer this spring frontage as follows:  
The N. 90 ft. of the W. 140 ft. of lot 92 of Hewitt's Addition, and the N. 90 ft. of lot 93 of Hewitt's Addition, total 140 ft.; amount of assessment \$42, which was paid to the city treasurer, April 16, 1913.

The parcel on which my house is located fronts on Cedar street, having 90 ft. frontage and being 140 ft. deep and is a subdivision of Lots 92 and 93, there remaining in these two lots one parcel with a frontage of 60 ft. on Michigan street and 150 ft. deep, and one parcel on Cedar street with 60 ft. frontage and 140 ft. deep.

In the original Lots 92 and 93 of 100 feet each, there was a total frontage on Michigan street of 200 ft. This new subdivision gives a frontage on Michigan street of 60 ft. and on Cedar street of 150 ft. The back end of my house comes within about 15 or 20 ft. of the back line of the 140 ft. parcel so that it was necessary to take a portion of lot 92 with the house.

As the lot now subdivided has a frontage on Cedar street of 90 ft. instead of on Michigan street with 140 ft. frontage, I feel that I have been over-assessed on the special assessment of 50 ft. and ask for a refund at the rate of 30¢ per ft. or \$15.

Yours truly,  
H. R. Harris.
