A regular meeting of the Common Council of the City of Marquette was held in the Council Room on Monday the 3rd day of July A.D. 1893, Mayor Kaufman presiding.

There were present Aldermen Desjardins, Gillette, Gravel, Kennison, Horner, Jamerson, Moore, Putnam, Rygaard and Schuch.

Alderman Pearl and Zuehl appeared later and took their seats.

The reading of the minutes was on motion dispensed with.

Petition of Joseph Archambeau and eight others for sidewalks on both sides of Prospect Street between Third and Fourth Streets, granted.

Petition of S. Nelson and fifteen others for sidewalks on Morton Street, granted.

Liquor bond
Petition of Chaplain Barry asking permission to remove his Liquor License from No 401 W. Washington Street to 111 S. Third Street, granted.

Petition of William Rivers to remove his Liquor License from 103 to number 108 W. Superior Street, granted.

Petition of E. Hallstrom and fifty one others for the removal of the unused tracks of the Marquette City and Presque Isle Railway Company was laid over to later in the evening.

Communication from the Mayor of Saginaw was ordered placed on file.

Euclid Largeness was granted permission to use one third of Superior Street during erection of building.

Committee on Public Buildings and grounds asked for and received further time.

x
The Liquor Bonds of Felix O. Hegam, sureties, Jacob Herner and George Freeman; and that of Jacob Sabbas, Sureties, William A. French and Samuel Kaufman, were on motion approved and accepted.

On motion of Alderman Desjardins the following Resolution was adopted.

Resolved; That the City Attorney be instructed to notify the Marquette City and Presque Isle Railway Company to run cars on Washington, Ridge and Third Streets on regular schedule or cause the rails thereon to be taken up forthwith.

Resolved, That in case of non-compliance, the Street Commissioner be instructed to take up said rails and charge the cost of same to the said Street Railway Co.

Resolved, further, that in compliance with promises made by said company to the Common Council the building now disgracing our city park on Presque Isle be removed and a respectable pavilion substituted therefor.

The Controller reported on side walk collection referred to him and asked further time, granted.

Moved by Alderman Jamerson, supported and carried that Mrs John Stacks be relieved from the payment of her side walk tax.

Controller Royce reported that in pursuance of a resolution of the Council he had secured from Saginaw an estimate of the cost of paving Front Street from the South line of Superior Street to the South line of Washington Street with cedar blocks. He described the method and the cost in detail of the best sort of cedar block paving, as found by large experience at Saginaw and elsewhere.

The estimated cost was \$1.⁶⁵ per square yard and the total cost would be \$6,484.⁵⁰. The Street Railway Company's share of this would be \$701.²⁵, leaving a balance of \$5,783.²⁵.

If the city paid two-thirds of this from the highway funds, as proposed, the city's share would be \$3,855.⁵⁰ and the amount to be assessed to the property owners would be \$1,927.⁷⁵. This would be a charge on the abutting property of \$1.⁵ per front foot.

Moved by Alderman Hennessy supported and carried that the surplus cedar blocks be used in paving Front Street.

After some discussion the Controller was ordered to post his estimates in his office for three weeks, as required by the former resolution, for the information of tax-payers and to secure their opinions and the recorder was instructed to give notice accordingly as per said resolution.

Moved by Alderman Hennessy, supported and carried that the Controller be instructed to advertise for bids for the paving of Front Street.

The Controller reported that the \$6000.⁰⁰ ordered to be transferred from the general to the Highway Fund was exhausted and a large number of orders should be drawn on the Highway Fund and there would be no funds to meet them.

Moved by Alderman Desjardins supported and carried, that the report be accepted and that Four Thousand dollars be transferred from the General Fund

to the Highway Fund

The Controller further reported and stated that Pound Master Hogan had collected \$21⁰⁰ and turned same into the City Treasury.

City Engineer Mc-Intosh reported and stated that the cost of the Dead River Bridge was \$734⁴¹.

The Street Commissioner's Report was accepted and ordered placed on file.

The City Attorney reported that he could secure the land for the extension of Altemont Street from the Ward Estate and the sisters of St. Francis for \$25⁰⁰ each and was ordered to obtain title on two terms.

Moved by Alderman Desjardins, supported and carried that the Recorder be authorized to issue orders for the same.

The Street Committee reported on its matter of the services of the Pound Master in May referred to it.

Moved by Alderman Nemmoy supported and carried that the Pound Master be allowed Thirty Dollars for his services in May.

Petition of John Connors to be allowed the privilege of moving his liquor license to Meeske's Garden for one day, viz, Aug 26th 1893, granted by the following vote:

Ays aldermen Desjardins Gravel Hennessy Hoch Jamerson, Moore, Mullally, Rygaard Schock and Zerbe. Nays aldermen Brown Pearl Putnam and Williams.

Petition of Samuel Bjorklen to remove his Saloons and license from 313. N. Washington St to 401 on Cass

street and of Anderson and Swanson to remove their Saloon and license from 307 LaSalle Street to 303. Front Street, granted.

Petition of Timothy Mitchell, represented by Alderman Brown, asking to be relieved of the payment of his assessment for the Prospect St improvement, was, after some discussion referred to the committee on finance and taxation.

The street committee reported on William Hambley's petition for side walks on North side of Jackson street from Altemont street to the lake and recommended that said walk be laid from Altemont street to Champion St, and on motion said report was adopted.

On motion of alderman Desjardins it was Resolved, That Front Street between the Railroad track on Superior street and the North line of Washington street to its full width be at once paved in accordance with the following specifications,

Specification for paving Front Street, (grading)

The rock and other material now forming the roadway on said street, must be removed to the proper depth and the material thus removed, disposed of, as the Common Council and the City Engineer may direct, providing, that such material shall not be deposited more than one half mile from the place from which it is taken. The surface of said street shall then be brought to subgrade and when so graded the top four inches must be composed of clean sand free from pebbles. It is generally understood that the material underlying the portion of the street to be paved is sand, but the city does not guarantee such condition to exist and if sand is needed to make the sub-grade in accordance with these specifications it must be furnished by the contractor. When the street is brought to subgrade as provided above, it must be thoroughly rolled with a heavy roller or rammed so as to form a solid foundation, conforming with the crown of the street.

A flooring consisting of two 1. inch boards not less than 10. inches wide shall be laid lengthwise over the entire surface to be paved.

Such boards shall be of white pine, sound in quality and free from all black knots or shakes and shall be so laid that all joints both at the ends and sides will be broken. Stringers consisting of 1. to 8. white pine laid 8. feet apart shall be used if deemed necessary by the City Engineer. Said flooring when completed shall be even and conform with the grade and crown of the street.

The curbing shall consist of Medina Sand stone 4. inches thick,

For paving Front St.

20 inches deep and not less than 3 feet long. The stones used for curbing shall be straight and free from cracks and seams and shall be dressed on the top side for 9 inches in front and 4 inches on the back, and down to the bottom of the ^{board} foundation, the curbing shall be smooth enough on the front face to allow a flat block to tightly fit against it. The ends of the stones used for curbing shall be dressed so as to form a close joint for 9 inches from the top. The top of said curbstone shall be rounded on the front side on a radius of 2 inches, and shall be dressed to a true surface the same as the face. The curbstone shall be set to the exact line and grade given by the City Engineer, on 8 inches of gravel on a firm foundation, and shall be filled in at the back as directed by the City Engineer. At the intersection of all streets and at the ends of the pavement a curb consisting of 4 inch white pine planks 16 inches wide shall be firmly embedded to form a solid support for the blocks.

Blocks shall be of sound, live cedar, free from knots, sap, bark and other defects and shall be ^{whole and} known as "sapless cedar blocks".

They shall be not less than 4 inches and not more than 10 inches in diameter, and 6 inches in depth, the ends to be sawed exactly parallel to each other and perpendicular to the axis of the blocks.

The blocks shall be placed on ends closely laid and well driven together. Split blocks are to be avoided as much as possible and when used must be at least 4 inches thick and shall not be laid with the split faces together, and the pavement must be entirely free from square holes. No round blocks shall be laid next to the curb, and the contractor will be required to select large blocks and split them evenly so as to make a close fit with the curb stones.

The surface of the blocks when laid must be true and uniform and all imperfect or poorly laid blocks shall be taken out and replaced by the Contractor at his own expense. The blocks shall be carefully inspected after they are brought on a lot of the work and again after being laid, and all blocks which do not strictly conform to the specifications shall be rejected, and must be immediately removed from the work by the contractor. The contractor will be required to furnish such laborers as may be necessary to aid the inspector in the examination and culling of all materials, and in case he shall neglect or refuse to do so, such laborers as in the opinion of the City Engineer may be necessary, will be employed and the expense incurred will be deducted from any money then due or which may hereafter become due the contractor.

The spaces between the blocks shall be filled with clean, screened, dry gravel from one-quarter to one inch in diameter, the different

begins to be in such proportion that all spaces between the blocks shall be completely filled. This gravel shall then be thoroughly rammed with proper tools by competent and experienced men to the satisfaction of the city engineer. The spaces shall then be filled with gravel as second time and treated as before. The pavement shall then be swept and immediately covered with clean gravel (entirely free from sand and pebbles more than one half inch in diameter) to a depth of one-half inch.

All crosswalks shall be paved in accordance with the usual practice now in vogue and subject to specifications to be hereafter furnished by the city engineer. At all street crossings the gutter ~~must~~ must be so arranged as to furnish perfect drainage to the catch basins now in use.

The portion of Front street to be paved is traversed by an Electric street Railway. The track is of standard gauge and is constructed of what is known as the Johnston girder Rail, resting on chairs placed on top of ties. A wire for return circuit passes between the tracks underground above the ties with connecting wires at each joint of track. The space between the rails of the track must be paved in good, work-man-like manner so as to leave the street in perfect condition and also to leave said railway tracks in as good condition as it now is. The contractor will confer with the management of the street Railway Company relative to the proper manner of paving said space and he will furnish at his own expense suitable blocks for such work. It is expressly understood that the work of paving between the tracks as well as the balance of the work in paving contract shall be subject to the direction and under the supervision of the City Engineer.

Resolved, That the collection of any portion of the costs and expenses of the said improvement prior to the making of the said improvement be dispensed with.

That the said improvement be and the same is hereby ordered and

Resolved: That a contract for the making of the said improvement be at once entered into.

by the following vote: ^{Proven} Ayer, Aldermen Desjardins, Rock
 Homeier, Peard, Putnam, Schock and Ziebel.
 Nay, Aldermen Gillett, Gravel, Jameson, Moore, Mullally
 and Rygaard.

Alderman Proven presented the following, which after some
 discussion was granted:-

To the Common Council of the City of Marquette:

Your petitioners respectfully represent to
 your honorable body, that on the 16th day of May 1857, Edward
 G. Hibbert and wife, in a conveyance made by them on that
 day to John Bevan, of a strip of land ten rods in width
 across the South west quarter of South East quarter of Section
 14, in Town 48, Range 25, which strip is bounded on the
 East by a line running north and south across said forty
 acre tract, thirty rods east of ^{the} west line thereof, agreed with
 said Bevan, and said Bevan agreed with them, to
 dedicate for a public street two rods in width on each
 side of the last mentioned line, being four rods in width
 in all, across said ^{forty} acre tract. Said deed is re-
 corded in the office of ^{the} Register of Deeds in Liber B. of
 Deeds at page 684.

No street has ever been laid out made or travelled
 by the public, or any one along that line.

No action of the public authorities, town, village, or city
 has ever been taken accepting such dedication, or recognizing
 this strip as a street, though now that thirty years have
 elapsed since the deed was made.

The title of the parties mentioned has been acquired
 by others who have platted the land into lots and streets,
 disregarding the attempted dedication made by Hibbert and Bevan
 and have platted third street across said forty acre tract,
 parallel with the street proposed by Hibbert and Bevan, and
 only about 200 feet westerly therefrom, so that no such street
 is necessary.

Your petitioners have purchased and are now the owners
 of lots within, or partly within the strip so proposed to be de-
 dicated, and while after what has transpired, and after the
 time has elapsed, without any acceptance of the dedication
 (if it was one) on the part of the public, your petitioners are
 advised that the public has no interest in said strip, yet the
 existence of the provision mentioned in a deed, on the Public
 records, is considered by some as a cloud on our title,
 and interferes with our ability to deal with it as we

otherwise might.

The ~~thufus~~ ask your honorable body to take action by resolution or otherwise, declining to accept such proposed dedication, and releasing all claim of the City to said strips of land between Hewitt Avenue and Prospect Street.
Dated Marquette Sept 1st 1893.

Andrew M. Voss
John McArthur
Anna E. Taylor
A. M. Kelsey.

On motion of Alderman Brown it was

Resolved, that said petition be granted and that the City hereby releases and disclaims all right, title or interest, in a road or right of way, it may have acquired by said dedication.

Moved by Alderman Putnam, supported and carried, that thirteen Hundred (\$1,300) dollars be transferred from the General Fund to the Highway Fund.

The Parks and Cemeteries, Public Buildings and Grounds Committee reported as follows:

Marquette Mich July 1st 1893

To the Honorable Mayor and Common Council of the City of Marquette.

Your committee of Parks, Cemeteries, Public Buildings and grounds have received three sets of plans and specifications for the City Hall and have considered each carefully, and have come to the conclusion to recommend those plans submitted by Lovejoy and Demar.

read to the Council.

During the reading of the Specifications it was moved by alderman Desjardins, supported and carried that whenever the word architect occurs in relation to decisions of doubt or dispute, the words "Building Committee of the Council of the City of Marquette," be added.

On motion of alderman Desjardins, the following resolution was adopted,

Resolved, That the members of the Common Council to be chosen by the Mayor be constituted a Building Committee who shall have equal power with the architects and contractors in the erection of the proposed City Hall according to plans and specifications submitted by Lovejoy and Demar whose plans have been accepted by the Common Council of the City of Marquette.

Motion to adjourn till Monday evening next, lost.

On motion of alderman Desjardins it was,

Resolved, That the architects be instructed to draw up supplementary specifications substituting Lake Superior Ashlar work to pressed bricks, wherever it occurs, the stone not to be less than six inches in thickness.

Moved by alderman Desjardins supported and carried that the report of the Special Committee, as amended by the Council, be and is hereby adopted.

The Controller reported and stated he had collected of the Duluth, South Shore and Atlantic Railway Company twenty dollars and ninety two cents (\$20.92) as its proportion of the Culvert on Lake street, and that there was due John Doetsch ten dollars and eighty four cents (\$10.84) for five days police service in September, and presented vouchers for same, which were allowed by the following vote:

Ayes, aldermen Desjardins, Elliott, Gravel, Hoch, Jamieson, Mullally, Peab, Putnam, Schock and Zerkow. Ayes none.

Communication of James Sinclair stating he had been sworn to build a stone wall at the Electric plant according to his bid but there had been no excavating done for the wall etc, was referred back to the electric light and power commission.

Moved and carried, that when we adjourn we adjourn till Monday evening next.

The Council then adjourned till Oct 9th A.D. 1893, at 8 o'clock P.M.

Plans of city hall

1893
October
16th

An adjourned Regular meeting of the Common Council of the City of Marquette was held in the Council Room on Monday the 16th day of October A. D. 1893. President Paul presiding.

There were present aldermen Brown Gillette Homsier Jamerson Moor Paul Putnam Rygaard and Zerbel. Aldermen Hennessy and Schuch appeared later and took their seats.

The minutes of the last there preceding meeting were read and as amended approved.

The Special Committee on plans and specifications for city hall reported and presented completed specifications, which report was on motion adopted.

On motion of Alderman Putnam the specifications for heating, lighting and plumbing were then read.

Moved by Alderman Putnam supported and carried that the plans and specifications presented by the architects be accepted and that the Controller be instructed to advertise for bids.

A form of proposal from the architects to govern proposals for bids, was submitted.

Moved by Alderman Hennessy, supported and carried that a committee of three be appointed, consisting of the president and two aldermen to draft a resolution to advertise for bids for city hall.

Aldermen Hennessy and Putnam were thereupon appointed as such committee, with the president.

A recess was then taken for the drafting of said resolution.

The committee returned and the business of the Council was then resumed.

It was suggested, that as the report which the Committee would make contained a reference to the form of proposal for bids submitted by the architects, that the Council should adopt such form of proposal as the architects have submitted to be used by the contractors in making their bids.

It was then moved and supported that the form of proposal for bids submitted by the Committee be adopted as the form to be used by contractors in submitting their bids.

Alderman Brown moved, as an amendment that the following be added to the second section of said proposal, - "Each proposal to be accompanied by two bonds. One bond running to the City of Marquette in the penal sum of \$25,000,

conditions for the faithful performance of the proposal and contract, and one bond running to the state of Michigan in the penal sum of \$50,000, and conditions for the payment of all labor and material debts incurred by the bidder in the construction of said City Hall", and by the insertion in the last clause of said proposal the words "within three days" between the words "to and enter" in last clause, and by striking out of said last clause all after the words "enter into a contract accordingly".

Said amendment being seconded, was then adopted and the original motion as amended was then carried.

On motion of alderman Hennessy the motion adopting the specifications was reconsidered.

On motion of said alderman it was moved and carried that the following be included in said specifications as an amendment to the same, "all sand and dirt not needed in the yard and construction to be removed and dumped on Spring Street between Fourth and Fifth streets in the said City of Marquette under the direction and to the satisfaction of the Street Committee of the Common Council of the City of Marquette."

Moved by alderman Brown and supported that the plans and specifications as amended be adopted.

Alderman Hennessy moved as a substitute the adoption of the following resolution:-

Resolved, That the plans and specifications presented be adopted provided the said City Hall can be fully completed for the sum of \$50,000.

Said resolution not being supported, a vote was taken upon the original motion and carried.

The Special Committee then presented the following resolution which was, on motion adopted:-

Resolved, That the Controller be and he is hereby instructed to advertise for a period of 30 days in the Daily Mining Journal and such other papers as he shall deem expedient, for sealed proposals for the excavating for, and complete construction of the proposed City Hall according to the plans and specifications for the same, and the conditions under which the said proposals will be received as heretofore adopted by the Common Council of the City of Marquette and as on file in the office of Lovejoy and Demar, architects in the City of Marquette.

Said advertisement to specify that the City of Marquette reserves the right to reject any or all proposals presented.

Said advertisement to also notify bidders that said proposals will be received by the Controller up to 12. O. Clock noon of Nov 18th 1893.

On motion, the Committee on plans and specifications was discharged.

The Committee on police grievances and litigation reported, by its chairman, that the Salvation Army complained of interference on the streets from troops and others, and asked for police protection.

Moved by alderman Brown supported and carried by the following vote, that the Police officers be instructed to protect the Salvation Army from being molested during their parades and religious exercises on the streets.

Ayes, aldermen Brown, Gillett, Komeir, Moore, Peas, Rygaard and Zabel. Nays, aldermen Kennedy and Jamerson.

Moved and carried that the Committee on Police grievances and litigation be instructed to confer with the officers of the Salvation Army and instruct them not to disturb other religious meetings or churches.

The Council, then, on motion adjourned to the 20th day of October A. D. 1893, at 8. O. Clock P. M.

a Special meeting of the Common Council of the City of Marquette was held in the Council room on Wednesday the 18th day of October A.D. 1893, Mayor Kaufman presiding.

There were present aldermen Brown Desjardins, Gillet, Hennessy, Moor, Mullally, Pearl, Putnam, Rygaard, Schock and Zerbe.

The Recorder read the call for the special meeting of the Common Council at this time signed by Mayor A. M. Kaufman and duly filed with the Recorder on the 18th day of October A.D. 1893, and presented affidavit of service of notice of said meeting, stating its object. Said affidavit showing due and timely notice upon each and all of the members of the Council of said meeting.

The reading of the minutes was dispensed with.

Moved by alderman Brown supported and carried, that the vote at last meeting of the Council accepting the plans and specifications of the architects for City Hall, be reconsidered. Said original motion ~~motion~~ to adopt the plans and specifications being now before the Council,

alderman Pearl moved the following resolution as a substitute, - which resolution was adopted -

Resolved, That the plans and specifications for a City Hall prepared and presented by Looijay and Demar as amended be accepted and adopted provided the bids for constructing the said hall in accordance with said plans and specifications do not exceed the sum of Fifty Thousand Dollars.

Moved by alderman Pearl supported and carried, that the Council reconsider the Resolution passed at the last meeting authorizing the Controller to advertise for bids to build the City Hall. Said original motion being now before the Council for consideration, alderman Pearl then offered the following resolution as a substitute, which was adopted:

Resolved, That the Controller be and he is hereby instructed to advertise for a period of 30. days in the Daily Mining Journal and such other papers as he shall deem expedient for sealed proposals for the excavating for, and complete construction of the proposed City Hall according to the plans and specifications for the same, and the conditions under which the said proposals will be received as heretofore adopted by the Common Council of the City of Marquette and as on file in the office of Looijay and Demar, architects in the City of Marquette.

Said advertisement to specify that the city of Marquette reserves the right to reject any or all proposals presented.

Said advertisement to also notify bidders that said proposals will be received by the Controller up to 12. O. clock noon of November 22nd 1893.

The Council then on motion adjourned

An adjourned regular meeting of the Common Council of the City of Marquette was held in the Council Room on Monday the 6th day of November A.D. 1893, at 8:00 clock P.M. President Pearl presiding.

There were present Aldermen Brown Desjardins Gillet Hoch, Jamerson Moore Mullally, Pearl Putnam Rygaard and Schock.

Aldermen Hennessy, Norcier Williams and Zerbe appeared later and took their seats.

The reading of the minutes was dispensed with. The business of the last meeting was continued to consider objections, if any, to the proposed sewers in Ohio Street and High Street.

Mr. Jules Bertrand requested the Council to lower the Ohio Street Sewer by having said sewer laid eleven feet and five inches deep, but after considerable discussion it was deemed advisable.

The following resolution was then unanimously adopted: Resolved, That the Controller be and he is hereby authorized and instructed to make an estimate of the probable cost and expense of constructing a sewer in Ohio Street from the manhole in the present sewer in Third Street to a point forty (40) feet east of Fourth Street; to establish and define a local assessment district and to make a special assessment roll of all the lots and parcels of real estate in said district and to assess upon such lots and parcels of real estate the said estimate of the probable cost and expense of said improvement, all in accordance with the provisions of the Charter of the City of Marquette, relating thereto.

Resolved, That the Controller certify the said special assessment roll, when finished, to the City Treasurer, and that the Treasurer be and he is hereby instructed to collect the said assessments and, unless sooner ordered by the Common Council, to report the fact to the Common Council as soon as he has collected three fourths ($\frac{3}{4}$) of the total amount of the assessments.

The following Resolution was also unanimously adopted: Resolved, That the Controller be and he is hereby authorized and instructed to make an estimate of the probable cost and expense of constructing a sewer in High Street from the manhole in the present sewer in Hewitt Avenue to a point thirty feet north of Ohio Street; to establish and define
