Hodgkins, while driven by William Rivers and Archie Pappa, on June 8, 1905, in consequence of an alleged defect in a public street; and the following are my reasons for such disapproval:

1. While said Rivers and Pappa duly filed notice of such claim, they failed to comply with the provision of Section 19, of Chapter XI, of the City Charter, requiring as a condition precedent to any liability on the part of the city that a verified claim for such damages should be filed with the controller within ninety days after the accident; and neither said N. A. Hodgkins in his lifetime, or his administrator, has ever filed any notice of claim or any verified claim as required by said section.

2. Said N. A. Hodgkins, at the time of his death, was indebted to the city for over \$150 for personal taxes of 1903 and 1905; and if the Common Council, upon the proper filing of a claim for damages, is willing to waive the delay in filing the same, and to allow any claim for damages, such waiver and settlement ought to provide that the amount so allowed

should be credited upon such delinquent taxes.

Very respectfully,

Walter J. Ward, Mayor.

The following report was submitted:

REPORT OF
COMMITTEE
ON CASE IN
JUSTICE
GRARY'S
COURT.

To the Mayor and Common Council of the City of Marquette:

Gentlemen: Your committee appointed at your last regular meeting to investigate a certain communication, read at that meeting, beg permission to report the following:

That they have examined all witnesses connected with this matter and find that a warrant had been issued at the request of one John Dwyer by Justice L. P. Grary; said warrant being given into the hands of Marshal Maloney to serve. The defendant being out of town, the warrant was returned to Justice Grary after inquiries had been made, and it appears the \$20 claimed to have been stolen from the said John Dwyer was given up to the marshal by parties other than the defendant, who at the request of Justice Grary returned it to said John Dwyer. Marshal Maloney, upon stating to Justice Grary that he had the \$20.00 for John Dwyer, asked the justice what he should do with the warrant, and was told to leave it there, as Mr. Dwyer would have his money and would probably not appear in the case.

The justice then told Marshal Maloney that the fees would have to be collected, the amount of which was \$5.00. This fee was collected and given to Justice Grary.

Your committee begs to state that as far as the honesty of our police officers is concerned, they can find no evidence of any kind that they were not perfectly honest in the matter. Regarding the legal part of this transaction, your committee respectfully wishes your honourable body would submit that to proper authorities. If Marshal Maloney or

Justice Cray neglected some legal proceedings or phraseology, it seems to us that they should be reprimanded and cautioned so that in the future anything of a like nature would ~~not~~ come up.

Hoping this report will meet with your approval, your committee submits the same.

Very respectfully yours,

Frank S. Jenks,

Alex Campbell,

Peter J. Donovan,
