OFFICIAL PROCEEDINGS OF THE CITY COMMISSION.

May 18th, 1925.

Regular meeting at the city hall, May 18, 1925, 7:30 p. m.

Present—Mayor Robertson, Commissioners Hudson, McCormick, Pearce and Webb.

Fees reported collected by city clerk, \$405.28.

Mr. James E. Sherman appeared and recommended co-operation of the city with private owners in presenting to the National Forest Commission the desirability of establishing a reforestation district in this vicinity; and On Motion of Commissioner Pearce, supported by Commissioner McCormick, the same was referred to the department of light and power.

On motion of Commissioner Pearce, supported by Commissioner Hudson, and adopted, the proposed work, to-wit: macadamizing and curbing on west Hewitt avenue, from Fourth street to a point 450 ft. west thereof, was referred to the department of public works for profile and estimate.

On motion of Commissioner Pearce, supported by Commissioner Hudson, the following was adopted:

Resolved, That it is proposed by the commission to make the following sewer improvement to be an extension of and addition to the present sewerage system of the city, viz:

The construction of a 6" tile lateral sanitary sewer with Ys, and necessary manholes and lampholes in the center of Longyear Avenue from the present manhole in Norwood street to a point 460 feet south of said manhole; which improvement is hereby designated "The Longyear Avenue Sewer Improvement," and

Resolved, That it is hereby determined that the entire cost of said improvement shall be raised and defrayed by assessment on the property to be benefitted thereby, being all the property liable to assessment therefor in the following proposed assessment district, viz:

Beginning at the northeast corner of lot 11, Towar's Addition to the northwest corner of lot 53 of said addition, thence south to the north line of lot 59 of said addition; thence west to the northwest corner of lots 59 of said addition; thence south to

the southwest corner of lot 65 of said addition; thence east to the southwest corner of lot 4 of said addition; thence north to the northeast corner of lot 10 of said addition; thence west to a point 50 feet of Longyear Avenue; thence north to the place of beginning, and;

Resolved, That the department of public works is hereby directed to prepare and submit to the commission a profile for said sewer and also a plat and diagram of said proposed improvement and of the whole district to be benefitted and assessed therefor; the same to conform with the requirements of the city charter, ordinances and specifications applicable thereto; to prepare and attach thereto an estimate in detail of the entire cost of said improvement and the respective portions thereof, including therein cost of engineering and superintendence; also any particular or special specifications recommended for the construction of said improvement.

Yeas—Mayor Robertson, Commissioners Hudson, McCormick, Pearce and Webb.

On motion of Commissioner Pearce, supported by Commissioner Hudson, the following was adopted:

Whereas, Pursuant to the directions of the commission, the Department of Public Works has prepared and submitted a profile, plat and diagram and estimate of the cost of the proposed improvement designated "The Longyear Avenue Sewer Improvement," together with the department's estimate in detail of the cost of such improvement attached thereto:

Resolved, That said profile, plat and diagram, special specifications and estimate of the cost of said proposed improvement are hereby adopted and ordered placed on file with the city clerk, and that the grade of said sewer is hereby established in accordance therewith; and

Resolved, That the commission, subject to such changes and modifications as may appear to be proper, hereby determines to make such improvement upon the route, location and grade and of the dimensions mentioned in said plat and diagram and estimate of cost; and

OFFICIAL PROCEEDINGS OF THE CITY COMMISSION—Continued.

hereby determines that the entire cost of said improvement, estimated to be the sum of \$786.50, shall be defrayed by special assessment according to benefit upon the respective lots premises and parcels of land liable to special assessment in the special assessment district comprising the lands to be assessed for such improvement as heretofore determined, described and designated by the commission; and

Resolved, That the assistant assessor prepare and submit a special assessment roll for the purpose aforesaid, assessing therein the said sum of \$786.50; and

Resolved, That notice be given by publication for two weeks in the Mining Journal, a daily newspaper published in this city of the intention of the commission to construct said improvement and to defray the cost thereof by assessment upon the private property benefitted thereby, and that plat and diagram and estimate of the cost of said improvement may be found at the office of the city clerk for examination, and that the commission will on June 8, 1925, at 7:30 o'clock p. m. at the city hall, consider any suggestions and objections that may be made by persons interested with respect to such proposed improvement and the assessment roll therefor.

Yeas—Mayor Robertson, Commissioners Hudson, McCormick, Pearce and Webb.

by designated "The Longyear Avenue Street Improvement."

Resolved, That it is hereby determined that the entire cost of said improvement shall be raised and defrayed by assessment on property to be benefitted thereby, being all the property liable to assessment therefor in the following proposed assessment district, viz:

Beginning on the south line of Center street at the northeast corner of lot 84 of Ayer's Addition, running thence to the northwest corner of lot 115 of said addition; thence south on the west line of said lot 115 to the north line of lot 114 of said addition; thence to the northwest corner of said lot 114; thence south to the southwest corner of lot 111 of said addition; thence east on the south line of said lot 111 to the northwest corner of lot 110 of said addition; thence south on the west line of said lot 110 to Summit street; thence east on the north line of Summit street to the southeast corner of lot 89 of said addition; thence north on the east line of said lot 89 to the south line of lot 88 of said addition; thence east on the south line of said lot 88 to the southeast corner of said lot; thence north to the northeast corner of lot 85 of said addition; thence west on the north line of said lot 85 to the southeast corner of said lot 84; thence north to the place of beginning.

Resolved, That the department of public works is hereby directed to prepare and submit to the commission a profile for said improvement and also a plat and diagram of said proposed improvement and of the whole district to be benefitted and assessed therefor; the same to conform with the requirements of the city charter, ordinances and specifications applicable thereto and to prepare and attach thereto an estimate in detail of the entire cost of said improvement and the respective portions thereof, including therein costs of engineering and superintendence; also any particular or special specifications recommended for the construction of said improvement.

Yeas—Mayor Robertson, Commissioners Hudson, McCormick and Pearce.

The Department of Public Works submitted the following:

To the Commission of the City of Marquette:

Gentlemen—Pursuant to your res-

olution adopted June 15, 1925, this department has prepared and herewith submits the annexed plat and diagram of the proposed improvement designated "The Longyear Avenue Street Improvement," with profile for the same shown thereon and with estimate of the cost thereof attached, and also special specifications recommended for the construction of said improvement.

Dated, June 22, 1925.

DEPT. OF PUBLIC WORKS,

By G. D. McCormick,
Commissioner.

On motion of Commissioner Pearce, supported by Commissioner Hudson, the following was adopted:

Whereas, Pursuant to the directions of the commission, the department of public works has prepared and submitted a profile, plat and diagram special specifications and estimate of the cost of the proposed improvement designated "The Longyear Avenue Street Improvement," together with the department's estimate in detail of the cost of such improvement attached thereto:

Resolved, that said profile, plat and diagram, special specifications and estimate of the cost of said proposed improvement are hereby adopted and ordered placed on file with the city clerk, and that the grade of said sewer is hereby established in accordance therewith; and

Resolved, that the commission, subject to such changes and modifications as may appear to be proper, hereby determines to make such improvement upon the route, location and grade and of the dimensions mentioned in said plat and diagram and estimate of cost; and hereby determines that the entire cost of said improvement, estimated to be the sum of \$4,437.12, shall be defrayed by special assessment according to benefit upon the respective lots, premises and parcels of land liable to special assessment in the special assessment district comprising the lands to be assessed for such improvement as heretofore determined, described and designated by the commission; and

Resolved, that the assistant assessor prepare and submit a special assessment roll for the purpose aforesaid, assessing therein the said sum of \$4,437.12; and

Resolved, that notice be given by publication for four weeks in The Mining Journal, a daily newspaper published in this city of the intention

 Mayor

 City Clerk.

OFFICIAL PROCEEDINGS OF THE CITY COMMISSION.

July 27th, 1925.

Regular meeting at the city hall, July 27, 1925, 4 p. m.

Present—Mayor Robertson, Commissioners Hudson, McCormick, Pearce and Webb.

Fees reported collected by city clerk, \$10.75.

Communications received:

From Charles F. Samuelson and two others petitioning for the construction of sewer in High street from Magnetic street to the north line of Lot 187 of Longyear's Addition. Referred to the Department of Public Works.

From T. A. Gowling and 24 others relative to installing electric lights between Marquette and Birch. Referred to the Department of Light and Power.

On motion of Commissioner Pearce, supported by Commissioner Hudson, and adopted, the purchasing agent was authorized to advertise for bids on the Longyear Avenue Sewer Improvement No. 191, bids to be in Monday, August 3, 1925.

Yeas—Mayor Robertson, Commissioners Hudson, McCormick, Pearce and Webb.

The proposed improvement designated as "The Longyear Avenue Street Improvement," and the special assessment roll therefor being under consideration:

On motion of Commissioner Pearce, supported by Commissioner Hudson, and adopted, the proposition to construct sidewalks as a part of such improvement was reconsidered and rescinded, and the estimated cost thereof, to-wit, the sum of 96 cents per lineal foot, or unit of assessment in said roll be deducted from each of the respective assessments appearing in said assessment roll and the respective remainders be entered in said roll opposite the respective lots assessed therein.

Yeas—Mayor Robertson, Commissioners Hudson, McCormick, Pearce and Webb.

On motion of Commissioner Pearce, supported by Commissioner McCormick, the following was adopted:

Whereas, it appears by affidavit on file with the city clerk that due publication has been made of notice of the intention of the commission

to construct the special assessment improvement hereinafter mentioned, and of notice, as required by the city charter, of the filing with the city clerk of the special assessment roll for "The Longyear Avenue Street Improvement," and appointing this day and time when the commission would hear any suggestions and objections that may be made by persons interested with respect to such improvement and when the commission and assistant assessor would meet to review said special assessment roll and the respective assessments therein; and

Whereas, all suggestions and objections made to said improvement and to said assessment roll and the respective assessments therein, having been heard and considered; and

Whereas, said assessment roll and the assessments therein having been reviewed by the commission and the assistant assessor, and all needful correction of the same having been made;

Resolved, that said assessment roll, to-wit: Special Assessment Roll No. 192, and the respective assessments therein, are hereby confirmed.

Yeas—Mayor Robertson, Commissioners Hudson, McCormick, Pearce and Webb.

Resolved, that it is proposed by the commission to make the following sewer improvement to be an extension of and addition to the present sewerage system of the city, viz:

The construction of a six-inch tile lateral sanitary sewer with Ys and necessary manholes and lampholes in the center of Sixth street from the present manhole in Spring street to a point 176 feet south of said manhole, which improvement is hereby designated "The Sixth Street Sewer Improvement No. 1"; and

Resolved, that it is hereby determined that the entire cost of said improvement shall be raised and defrayed by assessment on the property to be benefitted thereby, being all the property liable to assessment therefor in the following proposed assessment district, viz:

Beginning at middle point of east line of Lot 15 of Harlow's Addition, No. 5, running thence west to Sixth

street, thence north to Spring street, thence west to the northwest corner of Lot 37 of said addition, thence south to the southwest corner of Lot 22 of said addition, thence east to the southeast corner of Lot 14 of said addition, thence north to the place of beginning; and

Resolved, that the Department of Public Works is hereby directed to prepare and submit to the commission a profile for said sewer and also a plat and diagram of said proposed improvement and of the whole district to be benefitted and assessed therefor; the same to conform with the requirements of the city charter, ordinances and specifications applicable thereto; to prepare and attach thereto an estimate in detail of the entire cost of said improvement and the respective portions thereof including therein cost of engineering and superintendence; also any particular or special specifications recommended for the construction of said improvement.

Yeas—Mayor Robertson, Commissioners Hudson, McCormick, Pearce and Webb.

On motion of Commissioner Hudson, supported by Commissioner Webb, the following was adopted:

Whereas, pursuant to the directions of the commission, the Department of Public Works has prepared and submitted a profile, plat and diagram (special specifications) and estimate of the cost of the proposed improvement designated "The Sixth Street Sewer Improvement No. 1," together with the department's estimate in detail of the cost of such improvement attached thereto;

Resolved, that said profile, plat and diagram, special specifications and estimate of the cost of said proposed improvement are hereby adopted and ordered placed on file with the city clerk, and that the grade of said sewer is hereby established in accordance therewith; and

Resolved, that the commission, subject to such changes and modifications as may appear to be proper, hereby determines to make such improvement upon the route, location and grade and of the dimensions mentioned in said plat and diagram and estimate of cost; and hereby determines that the entire cost of said improvement, estimated to be the sum of \$388.85, shall be defrayed by special assessment according to

benefit upon the respective lots, premises and parcels of land liable to special assessment in the special assessment district comprising the lands to be assessed for such improvement as heretofore determined, described and designated by the commission; and

Resolved, that the assistant assessor prepare and submit a special assessment roll for the purpose aforesaid, assessing therein the said sum of \$388.85; and

Resolved, that notice be given by publication for two weeks in the Mining Journal, a daily newspaper published in this city of the intention of the commission to construct said improvement and to defray the cost thereof by assessment upon the private property benefitted thereby, and that plat and diagram and estimate of the cost of said improvement may be found at the office of the city clerk for examination and that the commission will on August 10, 1925, at 4 o'clock p. m., at the city hall, consider any suggestions and objections that may be made by persons interested with respect to such proposed improvement and the assessment roll therefor.

Yeas—Mayor Robertson, Commissioners Hudson, McCormick, Pearce and Webb.

OFFICIAL PROCEEDINGS OF THE CITY COMMISSION.

August 10th, 1925.

Regular meeting at the City Hall, August 10, 1925, 4 o'clock p. m.

Present—Mayor Robertson, Commissioners Hudson, McCormick, Pearce and Webb.

Fees reported collected by city clerk, \$14.00.

Communications received:

From John L. Scott relative to erecting an electric sign on the electric pole on the southwest corner of Front and Spring streets. Referred to the department of light and power.

The bond of Helmer Bergh with Jacob P. Werner as surety, for the construction of sewer in Longyear avenue, was presented, and

On motion of Commissioner Hudson, supported by Commissioner Pearce, and adopted, the bond of Helmer Bergh was approved.

Yeas—Mayor Robertson, Commissioners Hudson, McCormick, Pearce and Webb.

On motion of Commissioner Pearce, supported by Commissioner Hudson, the following was adopted:

Resolved, That it is proposed by the commission to make the following street improvement to be an extension of and addition to the present street system of the city, viz:

The construction of an asphalt penetration macadam roadway 30 feet wide from the roadway in Presque Isle avenue to the west line of Hebard Court, with concrete curbs upon each side thereof; which improvement is hereby designated "The West Magnetic Street Improvement," and

Resolved, That it is hereby determined that the entire cost of said improvement shall be raised and defrayed by assessment on the property to be benefited thereby, being all the property liable to assessment therefor in the following proposed assessment district, viz: Beginning at a point on the west line of Presque Isle avenue 200 feet south of Specular street; running thence west 150 feet, thence north 50 feet, thence west to a point 100 feet east of Hebard Court; thence south 50 feet; thence west to the east line of Hebard Court; thence

southwesterly to the northwest corner of lot 99 of Normal Addition; thence south to the southwest corner of said lot 99; thence east to the southwest corner of lot 8 of Normal Addition; thence north to a point 45 feet south of Magnetic street; thence east to the west line of Fourth street; thence on the west line of Fourth street and west line of Presque Isle avenue to the place of beginning; and

Resolved, That the department of public works is hereby directed to prepare and submit to the commission a profile for said street and also a plat and diagram of said proposed improvement and of the whole district to be benefited and assessed therefor; the same to conform with the requirements of the city charter, ordinances and specifications applicable thereto; to prepare and attach thereto an estimate in detail of the entire cost of said improvement and the respective portions thereof, including therein cost of engineering and superintendence; also any particular or special specifications recommended for the construction of said improvement.

Yeas—Mayor Robertson, Commissioners Hudson, McCormick, Pearce and Webb.

On motion of Commissioner Pearce, supported by Commissioner Hudson, the following resolution was adopted:

Whereas, The Michigan Public Utilities Commission has under consideration the revision of telephone rates throughout the state, and its chief engineer reports that the needs of the company for operating expenses, depreciation, renewals and adequate returns for other proper purposes require an estimated increase of revenues of over a million dollars a year;

And Whereas, Such engineer recommends new rates for Detroit estimated to effect a reduction of revenues in that city of over five per cent, and recommends rates for the remainder of the state estimated to effect an increase of revenues therein of over 17 per cent;

And Whereas, Such engineer recommends that the several communi-

ties of the state be graded and treated in groups based upon averaged percentages of elements other than values of property and capital invested, which elements possibly may not properly be included in such calculations; and recommends specific rates and types of service for the respective groups;

And Whereas, Such engineer has recommended for Group 7, in which the City of Marquette is included, substantial increases in rates for business, residence and toll service; and also that the two-party residence service be discontinued in this city;

And Whereas, Two-party residence service is now being furnished to 1387 subscribers, out of a total of 1983 residence subscribers, demonstrating that 70 per cent of residence subscribers prefer the two-party service;

And Whereas, The telephone company has petitioned the Michigan Public Utilities Commission to authorize for the City of Marquette the increase of rates and abolition of the two-party service so recommended by such engineer;

Resolved, That the Commission of the City of Marquette objects to the proposed increase in telephone rates in general, and in the City of Marquette, in particular until it shall be made to appear: (1) That the proposed fixing of rates for telephone service upon any other or different basis than a fair return for all proper purposes upon the fair value of the property employed and capital invested in the business, is in accord with legal principles applicable to the situation; and (2) That substantial economies in operation may not be effected as a result of a competent business efficiency expert examination into the elements going into the expenses of operation of the telephone business in this state and in this city;

And Resolved, That the Commission of the City of Marquette protests against the proposed discontinuance in the City of Marquette of the two-party residence telephone service;

And Resolved, That the Department of Public Affairs is hereby authorized to take such steps and to incur such expense as is deemed necessary to prevent the fixing of other than reasonable and fair

rates for telephone service in this city; and to prevent the discontinuance of the two-party residence telephone service now furnished to subscribers in this city.

Yeas—Mayor Robertson, Commissioners Hudson, McCormick, Pearce and Webb.

On motion of Commissioner Pearce, supported by Commissioner McCormick, the following was adopted:

Whereas, Pursuant to the directions of the commission, the department of Public Works has prepared and submitted a profile, plat and diagram special specifications and estimate of the cost of the proposed improvement designated "The High Street Sewer Improvement No. 1," together with the department's estimate in detail of the cost of such improvement attached thereto;

Resolved, That said profile, plat and diagram, special specifications and estimate of the cost of said proposed improvement are hereby adopted and ordered placed on file with the city clerk, and that the grade of said sewer is hereby established in accordance therewith; and

Resolved, That the commission, subject to such changes and modifications as may appear to be proper, hereby determines to make such improvement upon the route, location and grade and of the dimensions mentioned in said plat and diagram and estimate of cost; and hereby determines that the entire cost of said improvement, estimated to be the sum of \$321.75, shall be defrayed by special assessment according to benefit upon the respective lots, premises and parcels of land liable to special assessment in the special assessment district comprising the lands to be assessed for such improvement as heretofore determined, described and designated by the commission; and

Resolved, That the assistant assessor prepare and submit a special assessment roll for the purpose aforesaid, assessing therein the said sum of \$321.75; and

Resolved, That notice be given by publication for two weeks in the Mining Journal, a daily newspaper published in this city, of the intention of the commission to construct the said improvement and to defray the cost thereof by assessment upon the

private property benefited thereby, and that plat and diagram and estimate of the cost of said improvement may be found at the office of the city clerk for examination, and that the commission will on August 31, 1925, at 4 o'clock p. m. at the City Hall, consider any suggestions and objections that may be made by persons interested with respect to such proposed improvement and the assessment roll therefor.

Yeas—Mayor Robertson, Commissioners Hudson, McCormick, Pearce and Webb.

On motion of Commissioner Pearce, supported by Commissioner Hudson, the following was adopted:

Whereas, It appears by affidavit on file with the city clerk that notice has been published in The Mining Journal for four weeks prior to the meeting of the commission on August 3, 1925, of notice that the commission would at its meeting on said day hear objections to vacating the following public highways, viz: Waldo street from the east line produced of lot 98 of Ayre's Addition to the east line of Wilkinson avenue; also the south 130 feet of Longyear avenue;

And Whereas, The commission met and held a regular meeting at the commission chamber in the City Hall on Monday, August 3, 1925, at 4 o'clock p. m. and no objections having been made to such proposed vacating of such highways or either of them up to the present time;

Resolved, That the following public highways in the City of Marquette are hereby vacated, discontinued and abolished, viz:

That portion of Waldo street extending from the east line produced of lot 98 of Ayer's Addition to the east line of Wilkinson avenue; also the south 130 feet of Longyear avenue.

 City Clerk.

OFFICIAL PROCEEDINGS OF THE CITY COMMISSION.

August 17th, 1925.

Regular meeting at the City Hall August 17, 1925, 4 p. m.

Present—Mayor Robertson, Commissioners Hudson, McCormick and Webb.

In the absence of the city clerk the city attorney was designated to act as clerk pro tem.

Communications received:

From J. Wasserman relative to repair of sidewalk. Referred to the Department of Public Works.

From E. N. Archambeau asking for installation of a street light at the corner of Wright and Tracy streets. Referred to the Department of Light and Power with power to act.

From Michigan Gas and Electric company suggesting the building by it of a steam generating plant in the city and entering into an agreement to stand by at all times to serve the city with a certain block of power it may need. Laid on the table.

The Department of Public Works submitted a profile, plat, diagram and estimate of cost of the West Magnetic street improvement whereupon, on motion of Commissioner Webb, supported by Commissioner Hudson, the following preamble and resolution were adopted:

Whereas, Pursuant to the directions of the commission, the Department of Public Works has prepared and submitted a profile, plat and diagram and estimate of the cost of the proposed improvement designated "The West Magnetic Street Improvement," together with the department's estimate in detail of the cost of such improvement attached thereto;

Resolved, That said profile, plat and diagram, and estimate of the cost of said proposed improvement are hereby adopted and ordered placed on file with the city clerk, and that the grade of said street is hereby established in accordance therewith; and

Resolved, That the commission, subject to such changes and modifications as may appear to be proper, hereby determines to make such improvement upon the location and grade and of the dimensions mentioned in said plat and diagram and

estimate of cost; and hereby determines that the entire cost of said improvement, exclusive of street intersections, estimated to be the sum of \$3,427.71, shall be defrayed by special assessment according to benefit upon the respective lots, premises and parcels of land liable to special assessment in the special assessment districts comprising the lands to be assessed for such improvement as heretofore determined, described and designated by the commission: and

Resolved, That the assistant assessor prepare and submit a special assessment roll for the purpose aforesaid, assessing therein the said sum of \$3,427.71; and

Resolved, That notice be given by publication for four weeks in the Daily Mining Journal, a daily newspaper published in this city, of the intention of the commission to construct said improvement and to defray the cost thereof by assessment upon the private property benefitted thereby, and that plat and diagram and estimate of the cost of said improvement may be found at the office of the city clerk for examination, and that the commission will on September 21, 1925, at 4 o'clock p. m. at the City Hall, consider any suggestions and objections that may be made by persons interested with respect to such improvement and the assessment roll therefor.

Yeas—Mayor Robertson and Commissioners Hudson, McCormick and Webb.

Nays—None.

The assistant assessor submitted a special assessment roll prepared by him for the estimated cost of the West Magnetic Street Improvement. Ordered placed on file in the office of the city clerk pending approval and confirmation thereof.

OFFICIAL PROCEEDINGS OF THE CITY COMMISSION.

August 31st, 1925.

Regular meeting at the city hall, August 31, 1925, 4 p. m.

Present—Mayor Robertson, Commissioners Hudson, McCormick, Pearce and Webb.

Fees reported by city clerk, \$23.49.
Communications received:

From The Piqua Handle & Mfg. Co., relative to the improvement of Specular street. Referred to the department of public works.

From John N. Lowe petitioning for construction of sidewalk beginning at Hebard Court and extending west 478 feet. Referred to the department of public works with power to act.

From property owners relative to the adoption of a zoning ordinance.

On motion of Commissioner Pearce, supported by Commissioner Hudson, and adopted, the city attorney was instructed to submit within the next 60 days drafts of zoning ordinances which, in his opinion, will meet the laws of the state, for consideration of the commission along the lines suggested.

Yeas—Mayor Robertson, Commissioners Hudson, McCormick, Pearce and Webb.

On motion of Commissioner Pearce, supported by Commissioner Hudson, the following was adopted:

Whereas, It appears by affidavit on file with the city clerk that due publication has been made of notice of the intention of the commission to construct the special assessment hereinafter mentioned, and of notice, as required by the city charter, of the filing with the city clerk of the special assessment roll for "The High Street Sewer Improvement No. 1," and appointing this day and time when the commission would hear any suggestions and objections that may be made by persons interested with respect to such improvement and when the commission and assistant assessor would meet to review said special assessment roll and the respective assessments therein; and

Whereas, All suggestions and objections made to said improvement and to said assessment roll and the respective assessments therein, having been heard and considered; and

Whereas, Said assessment roll and

the assessments therein having been reviewed by the commission and the assistant assessor, and all needful correction of the same having been made;

Resolved, That said assessment roll, to-wit: Special Assessment Roll No. 194, and the respective assessments therein, are hereby confirmed.

Yeas—Mayor Robertson, Commissioners Hudson, McCormick, Pearce and Webb.

On motion of Commissioner McCormick, supported by Commissioner Webb, the following was adopted:

Resolved, That it is proposed by the commission to make the following street and sewer improvement, viz:

The grading of West Magnetic street, from a manhole in Hebard Court to Lee street, a distance of 540 lineal feet;

Also the construction of a six-inch tile lateral sanitary sewer with Ys and necessary manholes and lamp-holes, in the center of Magnetic street from a manhole in Hebard Court to a manhole in Lee street, a distance of 540 feet.

Which street and sewer improvement is hereby designated "The West Magnetic Street and Sewer Improvement No. 2," and

Resolved, That it is hereby determined that the entire cost of said improvement shall be raised and defrayed by assessment on the property to be benefitted thereby, being all the property liable to assessment therefore in the following proposed assessment district, viz:

Beginning at the southwest corner of the intersection of Hebard Court with Specular street running thence west on the south line of Specular street 300 feet; thence south 150 feet; thence west to Lee street; thence south on the east line of Lee street to a point 180 feet south of Magnetic street; thence east to the southeast corner of lot 99 of the Normal Addition; thence north to the northeast corner of said lot 99; thence to the northwest corner of the intersection of Magnetic street with Hebard Court; thence north to the place of beginning and the laying therein of a six-inch tile lateral sanitary sewer with Ys and neces-

sary manholes and lampholes; and

Resolved, That the department of public works is hereby directed to prepare and submit to the commission a profile for said sewer and also a plat and diagram of said proposed improvement and of the whole district to be benefitted and assessed therefor; the same to conform with the requirements of the city charter, ordinances and specifications applicable thereto; to prepare and attach thereto an estimate in detail of the entire cost of said improvement and the respective portions thereof, including therein cost of engineering and superintendence; also any particular or special specifications recommended for the construction of said improvement.

Yeas—Mayor Robertson, Commissioners Hudson, McCormick, Pearce and Webb.

On motion of Commissioner McCormick, supported by Commissioner Webb, the following was adopted:

Whereas, Pursuant to the directions of the commission, the department of public works has prepared and submitted a profile, plat and diagram, special specifications and estimate of the cost of the proposed improvement designated "The West Magnetic Street and Sewer Improvement No. 2," together with the department's estimate in detail of the cost of such improvement attached thereto;

Resolved, That said profile, plat and diagram, special specifications and estimate of the cost of said proposed improvement are hereby adopted and ordered placed on file with the city clerk, and that the grade of said sewer is hereby established in accordance therewith; and

Resolved, That the commission, subject to such changes and modifications as may appear to be proper, hereby determines to make such improvement upon the route, location and grade and of the dimensions mentioned in said plat and diagram and estimate of cost; and hereby determines that the entire cost of said improvement, estimated to be the sum of \$1,876.60, shall be defrayed by special assessment according to benefit upon the respective lots, premises and parcels of land liable to special assessment in the special assessment district comprising the lands to be assessed for such improvement as heretofore determined,

described and designated by the commission; and

Resolved, That the assistant assessor prepare and submit a special assessment roll for the purpose aforesaid, assessing therein the said sum of \$1,876.60; and

Resolved, That notice be given by publication for four weeks in The Daily Mining Journal, a daily newspaper published in this city of the intention of the commission to construct said improvement and to defray the cost thereof by assessment upon the private property benefitted thereby, and that plat and diagram and estimate of the cost of said improvement may be found at the office of the city clerk for examination, and that the commission will, on October 5, 1925, at 4 o'clock, p. m., at the city hall, consider any suggestions and objections that may be made by persons interested with respect to such proposed improvement and the assessment roll therefor.

Yeas—Mayor Robertson, Commissioners Hudson, McCormick, Pearce and Webb.

The following bids for power crane were received:

Whiting Corporation, \$1460; Pawling & Harnischfeger Co. \$1200; Shaw Crane Works, \$1,700; Toledo Crane Co., \$1,400; Cleveland Crane & Engr. Co., \$2,450.

On motion of Commissioner Hudson, supported by Commissioner Pearce, and adopted, the bid of the Whiting Corporation, for a one ton hand power traveling crane 44 1-2 foot span, was accepted.

Yeas—Mayor Robertson, Commissioners Hudson, McCormick, Pearce and Webb.

The following for the construction of a brick building in which to house the oil burning auxiliary generating plant, were received: Foster Construction Co., \$27,592; Meads & Anderson, \$30,769, bonus October 15th, \$4,500; Pfeffer Construction Co., \$28,800, bonus if complete in 30 days, \$4,000.

On motion of Commissioner Hudson, supported by Commissioner Webb, and adopted, the bid of the Pfeffer Construction company for the construction of a brick building to house the oil burning auxiliary generating plant was accepted on the basis of completion on October 1st, 1925 and the execution of this

contract on behalf of the city was authorized.

Yeas—Mayor Robertson, Commissioners Hudson, McCormick, Pearce and Webb.

On motion of Commissioner Pearce, supported by Commissioner Hudson, the following was adopted:

Whereas, In respect to "The Sixth Street Sewer Improvement No. 1," and Special Assessment Roll No. 193, therefore, it appears that lots 14, 22 and 37 of Harlow's Addition No. 5 abut upon public streets in which there are public sewers, which circumstance materially affects the relative benefit to be derived by the respective properties from the construction of such sewer in Sixth street:

Resolved, That the vote by which said Special Assessment Roll No. 193 was confirmed on August 24, 1925, be reconsidered.

Yeas—Mayor Robertson, Commissioners Hudson, McCormick, Pearce and Webb.

The question being on the confirmation of said Special Assessment Roll No. 193, on motion of Commissioner Pearce, supported by Commissioner Hudson, the following was adopted:

Resolved, That Special Assessment Roll No. 193 and the respective assessments therein be corrected by striking therefrom all the figures opposite the respective parcels in the columns headed "Amount confirmed by Commission," "Collection Fee," and "Total;" and inserting therein respectively the following figures opposite the respective parcels, viz:
