OFFICIAL PROCEEDINGS OF THE CITY COMMISSION.

AUGUST 8, 1938

Regular meeting at the City Hall, August 8, 1938, 7 p. m.

Present—Mayor Jacques, Commissioners Anderson, McGinley, Patrick and Tierney.

Quotations on iron fencing were read and action was deferred to a later date.

Moved by Mayor Jacques, supported by Commissioner Anderson, that the following resolution be adopted:

Resolved, That the city of Marquette gratefully accepts the offer of Mrs. Elizabeth B. Kirlin for permission to use, for winter playground purposes, her land west of public highway US-41, M-28, near the site of the C. C. I. surge tank, such permission to be revocable at the will of the said Mrs. Elizabeth B. Kirlin; and

Resolved Further, That the city of Marquette hereby agrees to indemnify and save harmless the said Mrs. Elizabeth B. Kirlin, her heirs, distributees, legal representatives and assigns from any and all claims, demands and causes of action vesting in any persons who may sustain any injuries while using said land for said purposes, and also from the expense to which she or they may be put in defending against said claims, even though it should be determined that the said injuries were caused by the negligence of Mrs. Elizabeth B. Kirlin, her heirs, distributees, legal representatives and assigns.

Yeas — Mayor Jacques, Commissioners Anderson, McGinley, Patrick and Tierney.

Mayor Jacques offered the following resolution and moved its adoption:

Whereas, the city of Marquette, in the year 1935, caused a survey and report to be made of a sewage disposal system for the city of Marquette, and

Whereas, the engineers who made such survey recommended that before a sewage disposal plant be constructed the city take steps to divert the storm flow from the sewage flow and to erect a sewage pumping station at Hawley street in said city of Marquette; and

Whereas, the city of Marquette has already constructed several units of its storm sewer system and

has thus diverted a large part of the storm flow in said city of Marquette; and

Whereas, as a further step in the installation of said sewage disposal system the city of Marquette proposes to erect said pumping station at Hawley street and to construct a new sanitary sewer on Presque Isle avenue in said city of Marquette, and thereafter to use the present sanitary sewer on Presque Isle avenue for a storm sewer,

Now, therefore, be it resolved that the city of Marquette hereby undertakes to complete the construction of said sewage disposal system not later than the year 1941, and as a step toward the completion of said sewage disposal system it hereby requests the state department of health to approve the plans submitted to it for the construction of said Hawley street pumping station and said Presque Isle sanitary sewer.
