Moved by Commissioner Patrick, supported by Commissioner Anderson, and adopted, that the request of Mrs. Diana Scott Robinson and seven others petitioning for the construction of East College avenue from Pine to Spruce street be referred to the department of public works for estimate and report.

Yeas — Mayor Biegler, Commissioners Anderson, McGinley, Patrick and Tierney.

Moved by Commissioner Patrick, supported by Commissioner Anderson, that the following resolution be and the same is hereby adopted:

WHEREAS, Company "D" of the 107th Engineers, Michigan National Guard, recruited in Marquette county has been called into active service for a period of one (1) year, and

WHEREAS, the present day military service necessitates a tremendous increase in the amount of arms and equipment required, and

WHEREAS, upon de-mobilization Company "D" will return to Marquette bringing with them this increased amount of arms and equipment for which armory housing facilities will be necessary.

WHEREAS, Company "D" returned with full time war equipment could not be accommodated with their present improvised armory accommodations, and

WHEREAS, with the increased amount of equipage precautionary measures should be taken to guard against possibilities of thieves or

sabateurs, rendering the equipment useless.

BE IT THEREFORE RESOLVED, That we request the necessary appropriation be made by the legislature of the State of Michigan, to provide for the construction of adequate armory facilities in Marquette, Michigan.

BE IT FURTHER RESOLVED, That copies of this resolution be forwarded to our governor, and to his adjutant general, and to our state senator and representative, and that these officials be urged to consider this resolution and to take such steps as are necessary to insure the providing of adequate armory facilities.

OFFICIAL PROCEEDINGS OF THE CITY COMMISSION.

MAY 26, 1941

Regular meeting at the City Hall, May 26, 1941, 7 P. M.

Present — Mayor Biegler, Commissioners Anderson, McGinley, Patrick and Tierney.

Moved by Commissioner Anderson, supported by Commissioner Patrick, and adopted, that the request of the Campbell Supply Company for permission to move a house from Lake Shore Boulevard to Park street be referred to the department of public health and safety, with power to act.

Yeas — Mayor Biegler, Commissioners Anderson, McGinley, Patrick and Tierney.

Moved by Commissioner Patrick, supported by Commissioner Anderson, and adopted, that the department of public works be instructed to set up a W. P. A. project for the removal of 6,500 yards of rock for the relocation of U. S. 41, south of the prison, for approval by the City Commission.

Yeas — Mayor Biegler, Commissioners Anderson, McGinley, Patrick and Tierney.

Moved by Commissioner Anderson, supported by Commissioner Patrick, and adopted, that the mayor and city clerk be instructed to acknowledge receipt of letter from the Michigan Horticultural Society.

Yeas — Mayor Biegler, Commissioners Anderson, McGinley, Patrick and Tierney.

Moved by Commissioner Anderson, supported by Commissioner Tierney, that the following resolution be and the same is hereby adopted:

Whereas, the City of Marquette, located as it is on the shores of Lake Superior, is opposed to the emptying of raw or untreated sewage into the water of Lake Superior by any municipality or by any branch of the State Government, and, as evidence of its good faith, is definitely committed to the erection, at the earliest practicable date, of a sewage disposal plant by said city; and

Whereas, the City of Marquette has taken the following steps toward the installation and construction of such a sewage disposal plant:

In the year 1933 it engaged the services of the firm of Shoecraft, Drury and McNamee, sanitary engineers, to make a survey and plans for the construction of a storm sewer system for the said city, to permit of the separation of storm waters and sanitary sewage;

Since the making of such survey it has caused to be constructed storm and sanitary sewers at a cost to the city of \$180,566.28;

At the corner of Hawley and Pine streets it purchased a site for a sewage pumping station and caused to be erected thereon a building to house the station at a cost to the city of \$9,625;

In the year 1939 it purchased a site for a sewage disposal plant from the Cleveland Cliffs Iron Co., at a cost to the city of \$3,500.

In the year 1941 it purchased two sites for pumping stations, one from the Longyear Estate at a cost of \$3,945.00, and the other from the D. S. S. & A. Railway Co. at a cost of \$1,932.

It has recently caused said firm of Shoecraft, Drury and McNamee to prepare detailed plans and specifications for a sewage disposal plant, which plans have been submitted to the proper state authorities for approval;

It has not only paid in full for all of the foregoing, but it has done so without resorting to the issuance of any bonds, and without incurring any indebtedness;

And, Whereas, the City of Marquette, had it not been for the present National Defense Program, would have been in a position at this time to undertake the construction of said sewage disposal plant; and

Whereas, the said work can not be undertaken at the present time without competing with the National Government for vital materials and skilled labor; and

Whereas, it is the sense of the City Commission of the City of Marquette that the work of constructing such plant should be deferred until such time as materials and men will be available without competing with the Federal Government, at which time projects such as this may be very desirable

Official Proceedings of the City Commission

as public works projects to furnish much needed work;

NOW THEREFORE, BE IT RESOLVED that this Commission respectfully ask the Michigan Stream Control Commission carefully to check the work already done by the City of Marquette toward the construction of a system of sewage disposal, and, if it is convinced that this city has proceeded in good faith and with reasonable diligence toward the construction of such a system, that it grant the request of this city that it be permitted to defer construction of its sewage disposal plant until such time as, to prosecute same to completion, it will not have to compete for materials or men with the Federal Government in its present plans for national defense, thus providing a worthwhile project for a time when there may be a surplus of men and materials.

Yeas — Mayor Biegler, Commissioners Anderson, Patrick and Tierney.

Nays—Commissioner McGinley.

Moved by Commissioner Anderson, supported by Commissioner McGinley, and adopted, that the contract for Fleet Insurance Policy be awarded to Wright and York.

OFFICIAL PROCEEDINGS OF THE CITY COMMISSION.

JUNE 30, 1941

Regular meeting at the City Hall, June 30, 1941, 7 p. m.

Present—Commissioners Anderson, McGinley, Patrick and Tierney.

Commissioner John Tierney, mayor pro. tem., presiding in the absence of the mayor.

Moved by Commissioner Anderson, supported by Commissioner Patrick, and adopted, that the petition of Mrs. Lillie Cote for permission to erect a sign at 323 Washington street, be referred to the department of public health and safety with power to act.

Yeas—Commissioner Anderson, McGinley, Patrick and Tierney.

Moved by Commissioner Patrick, supported by Commissioner Anderson, and adopted, that the letter from Milton P. Adams, Executive Secretary—Engineer of the Stream Control Commission, dated June 27, 1941, be made a part of this record:

To the Mayor and Commission, Marquette, Michigan.

Gentlemen:

At its meeting here on June 16th, Mr. Fred G. Hawken, Superintendent of Public Works, accompanied by Messrs. Drury and Schoecraft of the engineering firm you employ, appeared before the Commission. Your resolution adopted on May 26, 1941 was read by Mr. Hawken. Some thirty minute discussion followed, covering the subjects of construction problems, state institutions, national defense priorities and the like.

The official action of the Commission is contained in the following motion made by Assistant Attorney General Jackson, supported by Doctor Moyer, and unanimously carried: "That the Commission acknowledges the resolution presented by the city and the remarks by Mr. Hawken, particularly with reference to the statement that the city intends to complete the sewage disposal system now with the exception of the plant; that the Commission cannot go on record as approving an indefinite extension of time for the completion of the plant."

Present and voting:

P. J. Hoffmaster, Director of Conservation, chairman.

H. Allen Moyer, M. D., Commissioner of Health.

Leo V. Card, Commissioner of Agriculture.

Harry Jackson, Assistant Attorney General.

Charles E. Hayes, Asst. to Deputy State Highway Commissioner.

The effect of the action, as the undersigned would interpret it, is that the Commission relies on sewer construction necessary to functioning of the treatment plant proper, being undertaken forthwith, but that the Commission cannot accept a substitute commitment for completion of the local plant so indefinite as that contained in your May 26th resolution.

Very truly yours,

MILTON P. ADAMS

Executive Secretary-Engineer
Stream Control Commission
