A report from City Manager T. R. McNabb was read regarding Snowmobiling at Presque Isle Park. In his report the City Manager, The Chief of Police, Parks and Recreation Superintendent and representatives of Snowmobile Clubs submitted six rules and regulations to govern this activity at the park, in accordance with a previous resolution of the City Commission. Following considerable discussion on this matter and an open discussion by interested citizens attending this meeting, the submission of a communication from Citizens to Save Superior Shore Line and a petition submitted by 299 individuals to ban snowmobiling, it was moved by Commissioner Brumm, supported by Commissioner Malandrone that the City permit

snowmobiling under the rules and regulations as established by the designated authorities appointed by the City Commission to study this matter.

Yeas: Commissioner Brumm, Closner, Malandrone

Nays: Mayor LaFreniere, Commissioner Price. The Motion carried.

Regulations governing the use of snowmobiles at Presque Isle are as Follows:

1. Snowmobiles would be permitted on the Park on Thursday and Friday evenings between the hours of 5 P. M. and 11 P. M. beginning January 13, 1972. These are the only times during the week that snow machines would be permitted on the Island.
2. The snowmobile clubs and owners will provide two adult patrols each evening that the Park is open for snowmobiling. A list of the individuals on patrol, the make of their machines and state numbers will be provided to the City in advance, on a monthly basis. The Park will not be opened to snowmobiling unless the patrols are on duty.
3. The snowmobile trail will begin at the Shiras Pool parking lot, and follow the paved road around the Island to the Pavilion at which point it will go behind the caretaker's home; by the tennis courts; between the concession stand and the Shiras Pool Building back to the parking lot. The trail will be marked out by the snowmobile club members and all traffic must follow the regular vehicle traffic pattern around the Island. Any snowmobilers leaving the marked route will be asked to leave the Island, and if violations on this marked trail continue, the Park will be placed off-limits to all snowmobilers upon the approval of the City Commission.
4. The police patrol cars will make regular patrols to the Island on evenings when snowmobiles are in use on the Park.
5. The Parks and Recreation Department will provide a sign showing the days and hours when snowmobiles are permitted on the marked trail around the Island.
6. Violations of these established rules and regulations by snowmobile operators will result in the restriction of snowmobiles from the Park at all times.

Mayor LaFreniere announced that this was the time to give reconsideration to the proposed Board of Light and Power Electric rate increase. Following question and answers by various Commissioners and members of the Board of Light and Power and the reading of communications from John X Jamrich, President, Northern Michigan University, it was moved by Commissioner Closner, supported by Commissioner Price and carried, that the hearing on the proposed rate increase be adjourned

until such time as the Board of Light and Power, Northern Michigan University and other interested citizens can meet on said subject.

A report from City Attorney Robert Bordeau was read regarding Judicial and Statutory development effecting Home Rule Cities pertaining to residency requirements for the Office of Mayor, City Commission or other elective or appointive officers. This report was ordered received and placed on file.

A report from David H. McClintock, Chairman, Marquette City Planning Board, was read submitting recommended amendments to the Zoning Ordinance for the City of Marquette. On motion of Commissioner Malandrone, supported by Commissioner Price and carried, the City Commission, upon recommendation of the Marquette City Planning Board, consider amendments to the Zoning Ordinance and that the City Clerk be directed to set a time and date for a public hearing thereon.

A report from Donald K. Potvin, Chairman, Marquette Bus Committee, was read informing the City Commission of meetings held and action taken by that committee and of planned meetings with the Michigan Department of Transportation to examine all facets of assistance available to promote mass transportation. Following the reading of Mr. Potvin's report various Commissioners commented on the progress made by the Committee encouraging them to continue the very important work. The Mayor and City Commission, upon the request of Commissioner Brumm opened the meeting for discussion with interested citizens present. After all interested citizens present wishing to be heard on this subject were heard, Mrs. Peg Braamse informed the City Commission that she wished to withdraw her letter of intent to terminate the franchise to operate a transportation system in the City of Marquette, and informed them that this request would be submitted in writing. Mayor LaFreniere then closed the discussion by stating that he sincerely hoped the committee studying the issue would find a solution to the problem at hand.

Mayor LaFreniere announced that at this time the Commission would consider a resolution concerning the land exchange with Northern Michigan University, and opened the meeting to public discussion. After all those present wishing to be heard were heard, it was moved by Commissioner Price, supported by Commissioner Closner and carried, that the following wording for the proposed memorandum of agreement be adopted:

- a. The land located at the corner of Pine Street and Fair Avenue extending 450 feet north on Pine Street and all the way to Lake Shore Boulevard along Fair Avenue with a restriction in the deed to permit an ecological buffer zone of 75 feet west of the paved portion of Lake Shore Boulevard:
- b. The cost of development and use of a parking triangle of approximately 3.5 acres bounded by Pine Street on the east and the railroad

tracks on the west to be mutually agreed upon by the City and the University.

c. Instructional ice time in the arena for the University commensurate with its present time schedule and similar needs and at reasonable rates; and, if needed, ice time for an intercollegiate hockey team with actual time for practice and games to be mutually agreed upon by the City and University;

d. 300 feet of frontage on the Dead River Basin just west of the Trailer Court in the Tourist Park for use and development by the University as a recreational area, this to be arranged in compliance with whatever regulations may pertain to that area as far as ownership and use is concerned;

e. The University would receive the cleared site on which now stands the Old Palestra, except that the Butler Building now on that site would become the property of the University.

There being no other business before the commission at this time, meeting adjourned.

Paul J. LaFreniere
Mayor

Everett H. Kent
Everett H. Kent
City Clerk
