COSTS MONEY TO MOVE SNOW.

The first regular meeting of the city council for 1894 was held last evening, Mayor Kaufman presiding. The amount of business to do was not great and was disposed of with dispatch. After reading and approving last meeting's minutes Alderman Brown, chairman of a special committee appointed to confer with the street railway officials regarding the removal of snow from streets traversed by their tracks, reported asking further time. The committee had not been able to see the principal officials owing to absence from town. Alderman Moore objected to their being any more delay in this matter. He said some of the streets were impassable and that while the railway company should have due consideration the rights of citizens in general should not be lost sight of. The committee was thereupon empowered to act for the council and instructed to use all possible dispatch in making some satisfactory arrangement whereby not only the railway tracks but the rest of the streets as well should be kept free from banks of snow that make travel unsatisfactory if not impracticable. The committee will probably report an arrangement Saturday evening next.

The controller presented audited claims to the amount of about \$2,060 which were allowed. The street commissioner's report for December was also presented and adopted. The chief item was \$394 for snow plowing streets and clearing sidewalks. This shows somewhat of the expense that this section's allotment of "the beautiful" costs our taxpayers in order to get through the streets without snow shoes. The controller also stated the new snow plow had been shipped and might be expected here in a few days.

City Attorney Sherwood made a verbal and comprehensive report regarding the recent decision of Judge Stone against the city in the tax case against the Marquette Building & Loan association. After briefly reviewing the history of the case Mr. Sherwood said he could not bring himself to conclude that the decision of the court was right and in this opinion he was supported by several well-known tax attorneys. He was strongly of opinion that the city had still a good fighting case before the supreme court and would advise the council, while admitting the possibility of losing and the consequent expense, that the matter be carried up. Upon motion of Alderman Brown and a few remarks from Alderman Moore, not specially complimentary to building and loan societies in general, it was unanimously voted that the case be taken to the supreme court and the city attorney was instructed accordingly.

COMMON COUNCIL PROCEEDINGS.

OFFICIAL.

A special meeting of the common council of the city of Marquette was held in the council room on Thursday, the 18th day of January, A. D. 1894, President Pearl presiding.

There were present Aldermen Brown, Gillett, Hennessey, Hoch, Homeier, Hallstrom, Jamerson, Moore, Mullally, Pearl, Putnam, Rygaard, Schoch and Zerbel.

The recorder read the call for the special meeting of the council at this time, stating its object and presented affidavits showing due and timely service of notice of said meeting on all of the aldermen of the city, which were duly filed.

The president then stated that the first order of business under the call for the special meeting was the reconsideration of the action of the council in relation to the appointment of a building committee for the new city hall taken at the council meeting held Jan. 16, 1894, and taking such action in relation to said building committee as the council may deem best.

Moved by Alderman Brown and supported that as the first order of business the council proceed to the question of the reconsideration of the action of the council taken at its last meeting relative to the appointment of a superintendent to superintend the construction of the new city hall.

Alderman Hennessey moved as an amendment, which was supported, that the council proceed to the consideration of the question of re-considering the action of the council at its last meeting relative to the appointment of a building committee.

Alderman Brown rose to a point of order, claiming that the said amendment was derogatory to his motion and therefore out of order.

The chair ruled that the point of order was not well taken.

Whereupon Alderman Brown appealed from the ruling of the chair, which appeal was seconded by Alderman Moore.

The appeal was then submitted to the council by the chair and the ruling of the chair was sustained by the following vote:

Ayes—Aldermen Brown, Gillett, Homeier, Jamerson, Moore and Zerbel. Nays—Aldermen Hennessey, Hoch, Hallstrom, Mullally, Pearl, Putnam, Rygaard and Schoch.

Moved by Alderman Rygaard and supported that the vote taken at the last meeting of the council held on Jan. 16, 1894, discharging the building committee appointed by the mayor, and appointing, instructing and empowering the regular standing committee, known as the committee on public buildings, grounds, etc., to act as the building committee designated and referred to as such in the specifications and contract for the city hall be reconsidered.

Alderman Brown rose to a point of order claiming that the motion was out of order as the question had been twice considered and also that the motion to reconsider could not be made at this meeting.

The chair ruled that the points of order were not well taken.

The said alderman appealed from the decision of the chair which appeal was seconded by Alderman Moore.

The appeal was then submitted to the council by the chairman and the decision of the chair was sustained by the following vote:

Ayes, Aldermen Gillett, Hennessey, Hoch, Homeier, Hallstrom, Mullally, Pearl, Putnam, Rygaard and Schoch. Nays, Aldermen Brown, Jamerson, Moore and Zerbel.

After considerable discussion a vote was taken on Alderman Rygaard's motion to reconsider with the following result:

Ayes, Aldermen Gillett, Hennessey, Hoch, Homeier, Hallstrom, Mullally, Pearl, Putnam, Rygaard and Schoch.

Nays, Aldermen Brown, Jamerson, Moore and Zerbel.

The chair declared the motion carried.

The chair then stated that the vote now recurred on the resolution offered by Alderman Moore at the last meeting of the council relative to the repealing of the resolution of the council passed October 7, 1893, and discharging the special building committee appointed by the mayor, which resolution was as follows:

Resolved, That the resolution adopted at the adjourned meeting of the common council held on the 7th day of October, A. D. 1893, providing for the appointment of three members of the common council to constitute a building committee to have equal power with the architects and contractor in the erection of the proposed city hall be, and the same is hereby repealed, and said committee if appointed, be discharged. And be it further

Resolved, That the regular standing committee known as the committee on public buildings, etc., is hereby appointed, instructed and empowered to act as the building committee designated and referred to as such in the specifications and contract for said city hall.

After considerable discussion a vote was then taken upon the passage of said resolution, which was as follows:

Ayes—Aldermen Jamerson, Moore and Zerbel. Nays—Aldermen Brown, Gillett, Homeier, Hennessey, Hoch, Hallstrom, Mullally, Pearl, Putnam, Rygaard and Schoch.

The chair then declared the resolution lost.

Moved by Alderman Hennessey, supported and carried that the building committee appointed by the mayor be confirmed. Carried.

Alderman Pearl stated that at the last meeting of the council he had given notice that he would move to reconsider the action of the council in appointing Lovejoy & Demar as superintendents of the construction of the city hall, but that he did not now desire to call up the same.

The form of a contract to be entered into between the city and Lovejoy & Demar as superintendents of the construction of the new city hall was then presented by Alderman Moore as chairman of the committee on parks, cemeteries, public buildings and grounds, and read, and on motion of Alderman Putnam was thereupon approved and accepted.

The council then on motion adjourned.

SPECIAL COUNCIL MEETING.

OFFICIAL.

An adjourned regular and annual regular meeting of the common council of the city of Marquette was held in the council room on Tuesday, the 13th day of March, A.D., 1904, President Pearl, presiding. There were present Aldermen Brown, Gillett, Hoch, Homeler, Hallstrom, Jamerson, Moore, Mulhally, Pearl, Putnam, Rygaard, Schoch, Vandenberg and Zerbel. The reading of the minutes was on motion dispensed with.

The president stated the object of the meeting, whereupon the controller presented and read to the council his annual report.

The annual reports of the recorder, city treasurer, board of fire and water commissioners and of the Peter White public library were next presented, and on motion, all of the aforesaid reports were referred to the finance committee, to be audited by said committee and reported upon after the recess agreed to be taken by the council.

The president stated that the water power and electric lighting committee had an opportunity to sell some second-hand pulleys and Superintendent Wilson, being present was requested to explain, and having done so, it was moved and carried that he be instructed to sell said pulleys at not less than 50 per cent of the original cost.

Petition of M. E. Asire and twenty other property owners on the line of Presque Isle avenue asking that said avenue might be graded and macadamized from where the grade stops, going north, to Hawley street, in North Marquette addition, was presented.

Moved and carried that the matter be referred to the street committee to report on same at the recess meeting of the council.

Petition of W. T. Hensby and thirty-seven others, residents of Jackson street, Adams street and Elmwood avenue, asking that an electric line be placed at the corner of Jackson and Adams streets, was referred to the water power and electric lighting committee.

On motion Francis M. Moore, Samuel M. Billings and James Brabury were re-elected election commissioners of the city of Marquette.

The council then on motion took a recess.

AFTER RECESS.

The committee on finance and taxation, to which was referred the various reports, reported as follows:

Marquette, Michigan, March 13th 1904.
To the Honorable, the common council of the City of Marquette.

GENTLEMEN:—Your committee to whom was referred the reports of the various city officers would respectfully report as follows:

We have checked over the books of the city treasurer for the interval between the last annual settlement, March 11, 1903, and the date of city treasurer's balance sheet on which the controller's books were opened, and we find the receipts and expenditures during said period to be as follows:

RECEIPTS.	
Balance on hand March 14, 1903.	\$ 18,754 05
Received for show licenses.	12 29
" " special assessments.	969 41
" " Int. and charges.	6 17
Total.	\$ 19,803 97
EXPENDITURES.	
Paid general fund orders.	\$ 4,980 01
" " highway "	201 54
" " library "	110 00
Cash balance April 22, 1903.	14,073 43
Total.	19,803 97

We have also examined and compared the reports of the city treasurer and controller for the balance of the year and we find that the same agree.

We find that common council orders numbered 100,075,076 and 70, amounting to \$147.77 are outstanding and unpaid, and this amount should be deducted from the cash balance shown in the city treasurer's report to make the same agree with the controller's report. Each of these orders were issued on account of water power and electric fund.

We have also examined the report of the board of fire and water commissioners and find that the same agree with the controller's books. As this report covers a different period of time from that covered by the controller's report, the balances do not agree, but the balance in the fire and water fund at this date, as shown by the books of Secretary John J. Kern, agrees with the balance as shown in the controller's report.

We have also examined the report of the board of trustees of the Peter White Public Library and find the same to be correct. We have also examined the report of the recorder and find that the summary agrees with the total mentioned in the city treasurer's statement.

We therefore recommend that the several accounts as set forth in the various statements be declared correct and finally audited by the common council.

We also recommend that the reports of the city treasurer, controller, and board of trustees of the Peter White Public Library, be published in full, and that the report of the board of fire and water commissioners be published with the exception of a portion of the details of the secretary's statement; as the report of the recorder duplicates the work contained in the reports of the city treasurer and controller, we would recommend that it be accepted and placed on file without publication.

We would also recommend that the council after organizing for work during the coming fiscal year, take prompt action on that portion of the controller's report relating to the creation of a sinking fund and the placing of the city funds so that interest may be received on monthly balances. All of which is respectfully submitted.

J. W. PUTNAM, Committee on Finance and
HENRY W. HOCH, Finance and
R. C. WILLIAMS, Taxation.

The following resolution was, on motion of Alderman Zerbel, adopted:

Resolved, that the report of the finance committee be and the same is hereby adopted.

The following resolution was, on motion of aforesaid Alderman Zerbel, also adopted:

Resolved that the report of the controller, be and the same is hereby adopted as the statement required to be made by the council under section 13, chapter 7, of the charter, and that the mayor and recorder are hereby authorized to sign the same, and that the same be published in accordance with the provisions of the charter.

On motion, the recorder was instructed to purchase twenty-five copies of the latest election law.

The committee to which was referred the proposition of John Marlowe, to exchange two acres of ground on his farm adjoining the dump ground for the one acre belonging to the city, on which stood the old post house, reported favorably and, on motion of Alderman Hennessey, the report, after some discussion, was adopted.

On motion of Alderman Zerbel, the following resolutions were reported:

Resolved, that the city attorney be, and he is hereby instructed to look into the title of the land offered by John Marlowe, and be it further

Resolved, that if said title be found satisfactory, then the mayor, controller, and the city recorder shall take a deed from John Marlowe for the two acres of land, south of and adjoining the city dump ground, and give in payment for same the one acre now owned by the city on the east side of the Marlowe farm, known as the post house ground.

The council then, on motion, adjourned.

THOMAS MEADS,
Recorder.

Marquette, Michigan,
March 18th, 1894.

To the Honorable

The Common Council of the City of Marquette.

Gentlemen;--

Your Committee to whom was referred the reports of the various City Officers would respectfully report as follows:

We have checked over the books of the City Treasurer for the interval between the last annual settlement, March 14th, '93, and the date of City Treasurer's balance sheet on which the Controller's books were opened and we find the receipts and expenditures during such period to be as follows;--

RECEIPTS.

Balance on hand March 14th, 1893,-	\$18,754.06
Received for show licenses	12.50
" " special assessments	900.41
" " interest and charges	6.17
Total	\$19,863.97

EXPENDITURES.

Paid general fund orders	\$ 4,980.01
" highway " "	701.54
" library " "	110.00
Cash balance April 22/93-	14,072.42
Total	\$ 19,863.97

We have also examined and compared the reports of the City Treasurer and Controller for the balance of the year and we find that the same agree.

We find that Common Council orders numbered 660, 661, 663 and 665 amounting to \$147.22 are outstanding and unpaid and this amount should be deducted from the cash balance shown in the City Treasurer's report to make the same agree with the Controller's report. Each of these orders were issued on account of State Power & Electric Fund.

We have also examined the report of the Board of Fire and Water Commissioners and find that the same agrees with the Controller's books. As this report covers a different period of time from that covered by the Controller's report, the balances do not agree, but the balance in the fire and water fund at this date, as shown by the books of Secretary John P Kern, agrees with the balance as shown in the Controller's report.

We have also examined the report of the Board of Trustees of the Peter White Public Library and find the same to be correct.

We have also examined the report of the Recorder and find that the summary agrees with the total mentioned in the City Treasurer's statement.

We therefore recommend that the several accounts as set forth in the various statements be declared correct and finally audited by the Common Council.

We also recommend that the reports of the City Treasurer, Controller, and Board of Trustees of the Peter White Public Library be published in full, and that the report of the Board of Fire and Water Commissioners be published with the exception of a portion of the details of the Secretary's statement; as the report of the Recorder duplicates the work contained in the reports of the City Treasurer and Controller, we would recommend that it be accepted and placed on file without publication.

We would also recommend that the Council after organizing for work during the coming fiscal year, take prompt action on that portion of the Controller's report relating to the creation of a sinking fund and the placing of the City funds so that interest may be received on monthly balances.
