To the Hon. Mayor and Common Council of the City of Marquette:
If the city will lay out, grade and macadamize (at least forty-two feet wide) the boulevard lately acquired by the city from the Light House Board, eighty feet wide from shore to shore (or nearly so) and do it within the next ninety days from the date hereof, I will donate to the city in cash and pay on demand in aid thereof the sum of five hundred dollars.

With respect,

PETER WHITE."

This communication was referred to the committee on streets and sewers with power to act, and that committee on August 5, 1901, submitted a report to the council recommending that the city do not accept the offer; which report was adopted.

At the same session of the council at which the above communication *from Mr. White* was received the following resolution was unanimously adopted by yeas and nays:

"Whereas, The Hon. Peter White has heretofore bid off in the name of the city of Marquette the west eighty feet of the United States Lighthouse Reservation adjoining the city water works plant, and has advanced for the city and paid the United States Government for the purchase of said land the sum of \$500, which sum should be reimbursed to Mr. White;

Resolved, That a warrant be drawn on the general fund for said purpose for the sum of \$500, payable to the order of Peter White."

Some informal objection was made by some persons to the payment being made upon the ground, as we are informed, that the city had not previously authorized the purchase of the land in question, and in

consequence of this objection, it is said, and also of his disappointment with the action of the council in regard to the improvement of the land as a boulevard, Mr. White never applied for the warrant for the \$500, and the same has never been drawn.

It has been suggested that Mr. White may have been indirectly reimbursed in the transactions in which the city acquired the lots now constituting the city rock quarry, and also the thirty odd acres at the neck of Presque Isle, but we have investigated those transactions sufficiently to satisfy us that Mr. White was not so reimbursed for the \$500 in question.

We therefore recommend that a warrant be drawn to the order of the Estate of Peter White, deceased, and that the same be delivered to the executors of said estate with the request that they deliver to the city the original deed from the Lighthouse Board, and also a quit-claim to the city from the heirs of the late Peter White of the parcel of land in question.

Respectfully submitted,

M. Hennessy, Chairman
P. J. Donovan
John Downey

Special committee.
