The Marquette County Board of Commissioners met in Regular Session on Tuesday, July 5, 1994 at 7:00 p.m. in Room 231 of the Henry A. Skewis Annex, Marquette, Michigan.

A Salute to the Flag was given, followed by the Pledge of Allegiance.

It was moved by Comm. Arsenault, seconded by Comm. Joseph, and unanimously carried by voice vote that the minutes of the June 21, 1994 Regular Board Meeting be approved.

Chairperson Corkin opened the meeting for public comment. None was forthcoming.

It was moved by Comm. Seppanen, seconded by Comm. Braamse and unanimously carried by voice vote that the agenda be approved with the following change and addition to a closed session: The purpose of the closed session is twofold: To discuss negotiations with the Michigan Nurse's Association and to review a proposed Arbitration Agreement with County Employees.

Privileged Comment

8a) The County Board considered presentations by the various departments who have county-wide millage proposals on the August 2, 1994 Primary Election, presentations as follows:

Commission on Aging

Edie Ball, Director of the Commission on Aging and Scott Tuma, Chairperson presented the Proposal A and Proposal B for supporting services to the aging. Proposal A is a renewal millage of .3228 mills and Proposal B is an additional millage of .1192 mills which is required under the Senate Bill 1 because of the Headlee rollbacks. These millages are needed to provide local matches for State and Federal Grants. The Commission on Aging provides services to seniors such as respite care, homemaking, shopping, snow removal, grass cutting, social outreach, information and referral for other human services, care management, health screening, and health education.

The Commission on Aging has set up a six year plan to meeting the goals and service requirements of especially those Seniors who are 75 years old and up, which is the fastest growing segment of Marquette County's population. These millages will provide approximately $410,000 per year in funding to the Commission on Aging. A home with a $50,000 assessment would cost a tax payer a mere $12 per year to help Seniors who have lived and worked all of their lives in Marquette County.

Marquette County Transit Authority

Howard Schweppe, Assistant Director of Marq-Tran distributed some pamphlets to Commissioners. The Michigan Department of Transportation by resolution recognized Marq-Tran in 1991 as the most efficient and safest public transit system in Michigan. Marq-Tran received the same recognition in 1992 and in 1993 and expects to do the same in 1994. Marq-Tran has 50 employees with a budget at around $1,500,000 which is received from mixed sources, approximately 40% State funded, 10% Federally funded, 25% supported by fares and the remaining 25% by millages of approximately $375,000. Mr. Schweppe further explained that since 1988 state and federal funding has remained flat, resulting in two proposals, Proposition C which is a renewal of .2857 mills, and Proposition D which is asking for an additional .2 mills

1
so Marq-Tran can continue its services. Without these millages Marq-Tran will be $186,000 in the hole the first year and would have to drastically cut back transportation services. A taxpayer with a $60,000 home would have to pay $14 per year to help support public transportation in Marquette County.

Search and Rescue

Mike Quayle, Undersheriff, explained that Proposal E is a renewal of .1125 mills for supporting the Sheriff’s Department Search and Rescue Unit. The Search and Rescue Unit is an all volunteer unit of highly trained individuals who are prepared to save lives, and find lost hunters, snowmobilers, backpackers and boaters. All Search and Rescue Unit Members are trained in CPR and the unit includes several EMT’s and a Scuba Team.

The Search and Rescue Unit also has a Marine Division which covers 55 miles of Lake Superior shoreline and 1,800 inland lakes in Marquette County. The Search and Rescue provides many hours of snowmobile patrolling, and hopes this year to get some special state dollars to help educate snowmobilers. The Search and Rescue Unit provides manpower in three basic areas, 1,963 hours in safety training especially hunter safety, 1,500 hours in actual missions, and 1,230 hours in assisting the public for special events. Proposal E would cost a homeowner with a $40,000 assessment $4.50 per year.

Central Dispatch/911

Lieutenant Joe Van Oosterhout, Post Commander, Michigan State Police, explained Proposal F which is a renewal of .4970 mills to support Central Dispatch/Enhanced 911 emergency telephone services. The Central Dispatch received 37,000 911 calls in 1993. It has a staff of 8 full-time and 2 part-time dispatchers, however, the State Police Post provides free. To continue providing this valuable service to citizens of Marquette County the millage would cost the typical homeowner with a $50,000 assessment $15.00 per year.

County Commissioners had the opportunity to ask questions of the various presenters and discuss the merits of the various millages. Chairperson Corkin pointed out that these are crucial millages and appreciates the hard work that is being done to inform people of the various services provided by these millages.

It was moved by Comm. Arsenault, seconded by Comm. Minelli and unanimously carried by voice vote that the Marquette County Board of Commissioners go on record supporting the County-wide Millage Proposals for Services to the Aging, Continuation of the Marquette County Transit Authority, the Sheriff’s Department Search and Rescue Unit, and Central Dispatch/Enhanced 911 Emergency Telephone System.

8b) Mike Farrell, Marquette County Drain Commissioner, was present to update Commissioners on the Storm Water Management Ordinance. Mr. Farrell has met with 13 Townships and has 6 more to meet with. Only one Township so far has been against the ordinance. Most have been positive and supportive. He will request the Ad Hoc Committee on Storm Water Management to meet in late August to discuss the various comments by the units and consider draft #6 of the ordinance. All parties who have shown past interest, including CCI, will receive a copy of any new draft. No final date has been set at this time.

Chairperson Corkin suggested that the Drain Commissioner shoot for October for final action on the Ordinance and thanked Drain Commissioner Farrell for the report.
Informational Items

It was moved by Comm. Seppanen, seconded by Comm. Arsenault, and unanimously carried by voice vote that the following informational items be accepted and placed on file:

a. Response from J.E. Beerling, Supt.-Engineer, Marquette County Road Commission regarding Eliminating Through Trucking on County Road 500 (Grove Street).

Commissioner Comments, Staff Comments and Announcements

Chairperson Corkin read a memo from Jim Kippola, Senior Planner, regarding the Solid Waste Management Authority's resolution to accept fuel contaminated soil. The Authority passed a resolution on May 25, 1994 to develop and implement the policy for the acceptance of fuel contaminated soil by June 27. As of June 28, the Director indicated that the Authority has received the Delta County protocol for acceptance of fuel contaminated soils from the DNR which the Authority is evaluating as a possible model for Marquette County's facility. It is the Authority's intention to postpone their implementation of a policy to receive fuel contaminated soils until July 20.

There being no further business, the meeting was adjourned at 9:37 p.m.

Respectfully submitted,
