The Clerk, Henry A. Skewis, was instructed to seek a Prosecuting Attorney's opinion on the proper method to place this on the ballot and to ask the Prosecuting Attorney, Gary Walker, to meet with the Tax Allocation Board on May 4, 1976, at 1:00 p.m. to answer questions on the matter.

House Bill #6007, the bill that could change the Tax Allocation Board to allow for 9 members instead of 8 and allow 2 township supervisors to serve as part of the 9-man Board, was read and placed on file.

It was decided that May 4, 1976, would be designated as a study day for the Tax Allocation Board and the meeting will be held at 1:00 p.m. in the courthouse. May 17, 1976, at 1:00 p.m. is date set for the meeting to determine Preliminary Allocations. Final Allocations must be made by June 7, 1976, at 1:00 p.m.

Chairman McNabb set the following ground rules for this meeting, with the approval of the Allocation Board.

1. Discussion will be limited to Board members unless agreed upon as otherwise by all Board members.

Prosecuting Attorney, Gary Walker, was asked to explain the various methods necessary to replace allocated millage with fixed millage. Mr. Walker explained the choices allowed to place this on the ballot.

A request was made by Mr. Frank Mead to investigate how the 1 mill special education millage would be approved.

The meeting was opened to discussion by board members. The topics of discussion were:

1. Fixed millage decision will be made at final meeting of the allocation board.

2. Lengthy discussion on the need for such a large budget for the Sheriff and Jail Dept. It was established that the average number of prisoners in the county jail for April was 38 per day.

4. A discussion was held regarding the larger school districts trying to annex small school districts and thereby reduce costs of operation.

5. Mention was made that Marquette Alger Intermediate School Special Education Budget had an increase of 12% for operation and salaries.

6. The board was advised that Intermediate Schools now receive a small part of the swamp tax monies now going to school districts.

7. Notice was made that all county budgets have been pared by the Budget and Executive Committee and now show a need of 8.65 mills.

The meeting was opened to public discussion at this point.

1. Gene DeKeyser, Supt. of the Rock Public Schools, made comment on his school district being in two counties with its final allocation being set by Marquette County.

2. Alan Olds, Supt. of Ishpeming High School, spoke on the effect any less millage than is received now would have on Ishpeming School District and the benefits it receives from Sec. 143.

3. Henry Bothwell, Supt. of Marquette Public Schools, stated that he is in favor of fixed millage so that all will know what to expect and how to use the fixed millage best in each budget.

4. Phil Thorsen, of Gwinn Area Schools, stated that now unemployment compensation is paid only by school districts and this cost could amount to .3 mills.

5. Norman Goethe, Supt. of NICE School District, had no comment, but reserved his privilege to speak.

6. William Michelin, of Marquette County Township Association, had no comment at this time.

7. James Sodergren spoke at length on township problems. These include:

1. Availability of land for development.
2. Solid Waste Disposal System.
3. Zoning ordinance enforcement.
4. Sewer and water systems and county water authority.
5. Mandatory audits by State Treasury Dept. each year.
6. Street and road maintenance.
7. Construction of township roads and the fact that this construction is done on a 50/50 basis. Costs shared equally by county and townships.

8. Frank Mead spoke on the need of proper forms so that all townships will be better able to establish its own budgets, and also to have a standard form for school district reporting of its budgets.

Preliminary allocations of millage for all units of government will be set at the May 17, 1976, meeting. This meeting will take place at 1:00 p.m. at the Marquette City Council Chambers in the Marquette City Hall.

Public Hearing on final allocations will be held on May 25, 1976, at 1:00 p.m.

Respectfully submitted,

Henry A. Skewis
Clerk of Allocation Board

May 25, 1976

The Marquette County Tax Allocation Board met in the Commissioners Room of the Marquette City Hall on May 25, 1976, at 1:00 p.m.

Present: Thomas McNabb, Edward Downey, Jr., Wesley Mattson, Hope Y. Trapp, James Sodergren, Homer Hilton, Jr., Frank Mead, Andrew Delangelo and Henry A. Skewis, County Clerk, also various township and school officials.

The meeting was opened for discussion by Chairman Thomas McNabb.

A letter from Sands Township Supervisor, Earl Yelle, was read. It indicated that Sands Township was in error in not submitting a proper budget. They had neglected to delete from their budget \$19,058.00 of items no longer received as revenue. Mr. Earl Yelle commented on this and asked that the budget be amended to show this and that the Township of Sands receive 1.0 mills. Mr. Gary Walker, Prosecuting Attorney, advised the Tax Allocation Board that an Attorney General's Opinion, #4300, stated that they could not accept a revised budget after preliminary allocations were set and that, unless a township showed need for allocated millage, the 1.0 mill could not be granted.

It was moved by Mr. Downey, supported by Mr. McNabb, that the final allocation be set in the identical amounts as the preliminary allocation. Under discussion, the following comments were made by the persons named.

Mr. Mead. In a study of Michigan's 83 counties, 70 of the 83 set their county allocated millage lower than school allocated millage last year and giving Marquette County 6.8 mills is not a fair exchange as all school districts would lose millage.

Mr. Sodergren. School districts should declare their cash balances on hand at end of school year (MCL 211.209). Mr. Sodergren distributed copies of four school budgets (Ishpeming, Nice, Marquette and Negaunee) and showed where these school districts had not declared the proper advelorem taxes to be paid each school district and they had not declared all of their state aid. He gave a lengthy presentation and stated that he felt the school budgets did not reflect their need properly. He said his figures were open for correction if the school districts could show where he was in error.

Mr. Delangelo stated that cash balances at the end of the year were not figured in school budgets because the school was only using this money, acting as an agent, for teachers' salaries during the summer months. He said that the Nice School District had not levied one mill of the extra voted millage last year because it was not needed. It will, however, be needed and levied this year.

Mr. Mead stated that the cash balances were necessary because the school district budgets are for the school fiscal year and they receive their taxes on the annual year. Schools need these cash balances to carry them through until they receive their taxes or they would have to borrow at a high rate of interest.

Mrs. Trapp stated that the figures supplied by Mr. Sodergren and the county showed that not all schools had submitted budgets that did not include all of their tax income. Negaunee Schools had really declared more tax income than they would get. She felt that with cash balances, the schools had a cushion on each end of the school year, and quoted several news items of last year, during wage negotiations, and the amounts of school cash balances on hand at that time.

Mr. Downey stated that the county was getting Revenue Sharing money that could be used for operational expenses rather than for bonds and interest on building construction. Mr. Sodergren remarked that county

revenue sharing money had been earmarked for construction bonds and interest from the very start, and that the renovation of the older part of the courthouse would cost a considerable amount.

Mr. McNabb stated that he was aware of this but the Board should also be aware that revenue sharing money could also be used for operational costs if necessary, not just for capital outlay. Mr. Mead stated the County Treasurer, James Sodergren, should be commended for work done on the budgets. Mr. Hilton stated that he could not accept Mr. Sodergren's figures on the amount of state aid that school districts would receive. He felt, at best, these figures were only an educated guess.

Mr. Downey called for the question and the motion carried 5 to 3, and the following votes were tabulated:

Ayes: McNabb, Downey, Mead, Hilton and Delangelo.

Nays: Sodergren, Trapp and Mattson.

The passing of this motion set the final allocated millages as follows:

Marquette County	6.80
Intermediate Schools	.235
Champion Township	1.35
Ely Township	1.35
Ishpeming Township	1.35
Humboldt Township	1.35
Tilden Township	1.35
Nice School District	6.615
Ewing Township	1.00
Turin Township	1.00
Rock River School District	6.965
Forsyth Township	1.15
West Branch Township	1.15
Skandia Township	1.15
Gwinn Area Schools	6.815
Sands Township	None
Marquette Township	1.15
Marquette Township Schools	6.815
Michigamme Township	1.37
Republic Township	1.37

Wells Township	1.15
Wells Township Schools	6.815
Chocolay Township	None (Charter)
Marquette City Schools	7.965
Ishpeming City Schools	7.965
Special Education	1.00

Mr. Earl Yelle, Sands Township Supervisor, stated that he felt sure Sands Township would appeal this decision on final allocation. He also felt that the Allocation Board should take action to put the question of fixed millage on the November, 1976, ballot. He stated the Allocation Board's actions reminded him of a group of children haggling over a bag of candy. Mr. Sodergren agreed with Mr. Yelle and then moved that the Tax Allocation Board take the proper action to place the fixed millage question on the November, 1976, election ballot, and the the proposal set the millages as follows for a three year period:

County	6.85
Schools	6.405
Township	1.5
Intermediate Schools	.245
	<u>15.000</u> Mills

This motion was supported by Mr. Mead for discussion purposes. After a short discussion this motion was defeated by a roll call vote 5 to 3.

Ayes: Sodergren, Trapp and Mattson.

Nays: Mead, Hilton, McNabb, Delangelo and Downey.

A discussion was held on the length of time that fixed millage should be set for. It was moved by Mr. Sodergren, supported by Mrs. Trapp, that a fixed millage proposal be placed on the November, 1976, ballot for a three year period. It was mentioned under discussion that an opinion from the Prosecuting Attorney should be asked for as to whether a two year period would allow the Tax Allocation Board to stay in existence and, if so, would this not be a better way to go. The fixed millage in the motion was:

County	7.125
Schools	7.125
Townships	1.5
Intermediate Schools	.25
	<u>16.00</u> Mills

A roll call vote was held and the motion was defeated 4 to 4.

Ayes: Sodergren, Trapp, Hilton and Delangelo

Nays: Mattson, Mead, McNabb and Downey.

Mr. Downey and Mr McNabb stated they did not feel that the taxpayers in the three cities should pay the extra mill difference between the 15 mills allowed and the 16 mills in the motion, as the cities received no extra benefits from this extra mill.

After further discussion, it was moved by Mr. Mead, supported by Mr. Downey, that the following proposal be placed on the November, 1976, ballot and the proper arrangements for this be made by the County Clerk,

County	6.85
Schools	6.50
Townships	1.42
Intermediate Schools	.23
	<u>15.00</u> Mills

and that it be fixed for a two year period.

A ten minute recess was called for by Mr. Downey and agreed to by the other members of the Allocation Board. After the recess the above motion passed 5 to 3.

Ayes: Mattson, Sodergren, Trapp, McNabb and Downey

Nays: Mead, Hilton and Delangelo

It was then moved by Mr. Mattson, supported by Mr. Delangelo and carried, that the meeting adjourn.

Respectfully submitted,

September 7, 1976

The Marquette County Tax Allocation Board met on September 7, 1976, at 1:30 p.m., in the Marquette City Hall, in Special Session.

Present: Thomas McNabb, Edward Downey, Frank Mead, Andrew Delangelo, Hope Trapp, James Sodergren, Homer Hilton, Jr., Wesley Mattson and Henry A. Skewis. Also present were Natalie Henderson, Treasurer of Sands Township, William Michelin, Township advisor, and an interested citizen from Sands Township who wished to be unnamed.

The meeting was called to order by Thomas McNabb, Chairman, and roll call was taken, finding all members present.

Mr. McNabb informed the Tax Allocation Board of the tax tribunal hearing in regard to Sands Township's appeal on action of the Tax Allocation Board.

A discussion was held on the preliminary hearing held on this matter in Lansing, Michigan, on August 9, 1976, and kind of testimony that was taken. Mr. Sodergren had been subpoenaed to testify, by Peter Shumar, attorney for Sands Township. He informed the Board of his testimony. Mr. Gary Walker represented the Tax Allocation Board at this hearing and he listed the options that are available to the Tax Allocation Board for the October 12-13, 1976, hearing to be held in Lansing.

1. Do you support all the action of the Tax Allocation Board as finalized in May, 1976?
2. Is there some middle ground that the Board would take a stand on?

Marquette Public Schools has filed a petition as an Intervenor in the action "Sands Township vs. Marquette County Tax Allocation Board" and are represented by Mr. Robert Thrun of Lansing, Michigan.

It was determined that Gary Walker would continue to represent the Tax Allocation Board and the meeting was then closed to the public so that directions could be given him as to action the Tax Allocation Board would decide to take in the legal matter.

Mr. Michelin, Mrs. Henderson and the interested person from Sands Township were then asked to leave the meeting.

The meeting then proceeded under Public Act _____ of the Public Acts of 19____, as a meeting closed to the public because of the discussion of privileged information in regard to legal matters.

Respectfully submitted,

Henry A. Skewis
HENRY A. SKEWIS, Clerk
Tax Allocation Board

September 7, 1976

Continuation of privileged information section of meeting
under P.A. of the Public Acts of 19 .

The Board was informed by Gary Walker that Robert Thrun had advised the Marquette Public Schools to affect a settlement out of court with Sands Township. It was determined by Gary Walker that school districts have the legal authority to settle lawsuits out of court and this situation is similar in its action.

Mr. Walker outlined a procedure that the Tax Allocation Board could use before the October 12-13, 1976, hearing. It would be for the Tax Allocation Board to ask for an injunction in the Ingham County Circuit Court to stay the proceedings of the tax tribunal because the appeal by Sands Township was filed improperly and untimely.

It was moved by Frank Mead and supported by Edward Downey, and carried by a roll call vote, that if Sands Township and the Marquette Public Schools can reach a reasonable settlement, the Tax Allocation Board also accept the settlement. Reasonable was defined as between \$3800.00 and \$10,000.00, or \$3800.00 plus reasonable attorney fees.

Ayes: Downey, Mead, Mattson, Delangelo, Hilton and McNabb.

Nays: Sodergren and Trapp.

The question then became : "What happens if no settlement is made?"

It was moved by Edward Downey, supported by Homer Hilton and carried, that if Gary Walker, the attorney for the Tax Allocation Board, does not have confirmation of a settlement between Sands Township and the Marquette Public Schools by October 1, 1976, he then be authorized to use the best and most effective legal judgment for the protection of the Tax Allocation Board's actions.

All members voted aye.

It was moved by Frank Mead, supported by Homer Hilton and carried, that Gary Walker select persons of his choosing to attend the October 12-13, 1976, hearing in Lansing, expenses to be paid by Marquette County through the Tax Allocation Board budget.

All members voted aye.

It was moved by James Sodergren, supported by Homer Hilton and carried, that the Tax Allocation Board have its clerk submit an amended 1976 budget to the County Budget and Executive Committee to reflect the extra costs involved in the legal matter concerning Sands Township vs. Marquette County Tax Allocation Board.

All members voted aye.

There being no further business to come before the Board, it was moved by Frank Mead, supported by Andrew Delangelo and carried, that the meeting adjourn.

Respectfully submitted,

Earl Yelle, Supervisor of Sands Township, asked why Sands Township had been discriminated against in every motion by being separated from the pro-rating of townships and schools and being designated as getting a straight one mill. The Tax Allocation Board replied that this one mill designation was because Sands Township received no millage from tax allocation last year and to pro-rate nothing would be for less than the one mill allowed by the motions.

Chairman McNabb declared the public comment section closed.

It was moved by William Pietila, supported by Lewis Faust and unanimously carried, that the final hearing meeting date be set for May 26, 1977, at 7:00 p.m. in the County Courthouse instead of May 24, 1977.

There being no further business to come before the Board, it was moved by Robert DeRoche, supported by Clayton J. Anderson and unanimously carried, that the meeting be adjourned.

April 17, 1978(Cont'd.)

Chairman McNabb declared the meeting open for Public Comment. Mr. Donald Potvin, 1027 N. Front St., Marquette, Michigan, requested that the Tax allocation Board make every effort to promote participation by the people of Marquette County in the allocation process and provide time for public comment at all meetings. Mr. Potvin was advised by the Tax Allocation Board that it has always been the practice of the board to provide time for public comment, but that the Tax Allocation Board does not have the authority to change any budget submitted by a unit of government. The only purpose of the Tax Allocation Board is to allocate taxes on the basis of need. Susan Studley of WDMJ Radio 13, suggested the best method to get publicity would be by public service announcements to all news media.

Chairman McNabb then declared the Public Comment section be closed.

It was moved by Berle LaPin, supported by Alexander Prusi and carried that the various groups of units of government be notified that they may have a representative at the May 5, 1978 meeting, to speak on their behalf. The Marquette County Tax Allocation Board met at 7:00 p.m. on May 5, 1978 in the Commissioners Room of the Courthouse Annex.

Roll call was held and recorded.

Present: Neil W. Carlson, Lewis Faust, William Jensen, Berle LaPin, Frank Mead, Thomas McNabb, Alexander Prusi, James Sodergren and Clerk Henry A. Skewis.

A communication from the Marquette County Townships Association stating that William Michelin would make a budget presentation for townships in general was read and placed on file.

Ewing Township has sent a corrected front sheet for the Ewing Township budget. It was accepted and substituted for the original sheet because of difficulties in mailing it to the Tax Allocation Board.

Clerk, Henry A. Skewis presented the Tax Allocation Board with additional materials for tax allocation board study including,

1. Spread of taxes sheet
2. Equalized value summary for 1978
3. Schedule for meetings

Assistant Prosecutor Thomas Solka presented the Tax Allocation Board with an opinion on the proper method and resolutions to place the fixed millage question on the General Election ballot in November. This material was placed on file.

Julius Tiziani a representative of the school boards in general made a presentation regarding school budgets and the effect the school aid bills have on the amount of state aid that can be received by a school district. Each school district would receive \$270.00 per student basic funding and \$40.00 for each mill levied, for each student. Wells Township Schools, Marquette Township Schools and Powell Township Schools do not receive any state aid and are supported on ad-valorem taxes only. Mr. Tiziani requested additional millage, from tax allocation for all school districts.

Mr. Wayne Maki spoke on behalf of the Intermediate Schools budget. Mr. Maki explained the Intermediate School budget and the summary of each of the general fund programs. The Tax Allocation Board requested more current valuations for both Marquette and Alger counties in regard to these programs. Mr. Maki will obtain these for the May 15, 1978 meeting. The amount of specific tax dollars for the Intermediate Schools will increase by 12½% in year 1978, rather than the 7% estimated by the Intermediate School budget.

Mr. McNabb requested a breakdown on what title VI CETA positions will be retained this year.

Otto Hurskaine made a presentation for townships in general and stated need for additional allocation for all township. Landfill, garbage pick up, roads, ambulance and fire protection were some of the reasons for the need of additional funds for townships.

Neil Carlson asked several township officials if they felt the Sheriff Dept. and Road Commission provided the necessary service for the townships. It was the general consensus of the township officials present that the services provided by the Sheriff and County Road Commission are very necessary and felt they should be maintained at the same level.

Gladys Rajala, Ishpeming Township Supervisor suggested that the NICE Community Schools receive less allocated millage and that the difference go to the townships that are part of that school district. Norman Goethe, superintendent of the NICE Community Schools felt that NICE Schools needed all the millage they can get as their budget shows need. Mrs. Rajala suggested that different school districts in the same township be allowed to levy different millages for each school district.

The following township officials spoke on behalf of their respective townships.

John Olson - Michigamme Township
Gladys Rajala - Ishpeming Township

Chairman McNabb requested an opinion from Assistant Prosecutor Thomas Solka on whether or not school districts in the same townships can levy a different millage. Mr. Solka will have a written opinion on this at the May 15, 1978 meeting.

There being no further business to come before this board, it was moved by Lewis Faust, supported by Neil Carlson and carried that the meeting be adjourned until May 15, 1978 at 1:00 p.m..
