At 2 P. M. Board called to order by the Chairman -

The Committee heretofore appointed to settle with the County Treasurer reported in writing as follows -

"The special committee appointed to settle with the County Treasurer respectfully report that they have examined the books, and accounts and vouchers of John O. Outhwaite County Treasurer for the year ending March 31, 1893 and find the same to be correct leaving a balance of cash in his hands at that date of \$1,856.⁹⁸ -

The total cash receipts during the year were \$53,204.¹² and the amount paid out according to the vouchers presented and allowed by your Committee was \$51,347.¹⁹ and annexed hereto is a statement in detail showing the sources from whence the money received was derived and for what purposes the same was paid out.

We have deducted from the money apparently received by the Treasurer the sum of \$4,435.⁰³ due from the Marquette and Pacific Rolling Mill Company which appeared as cash but in reality never was received by the Treasurer and the same is charged to the Company aforesaid in the suspense account.

Your Committee in examining into the amount received by the Treasurer were obliged to depend solely on his books - We are surprised to find that no provision of law exists for keeping account of the moneys received by him yearly -

Justices of the Peace township treasurers and the state treasurer are required by law to pay to the County Treasurer the amounts to which the County may be entitled but no provision is made for giving a statement of such amounts to the County clerk who we think ought by law be required to charge the Treasurer with all moneys received by him the same as township clerks are now required by law to charge township treasurers but no such provision exists.

Re: delinquent
tax payments

We also find that under the present system of returning delinquent taxes to the office of the Auditor General the State this past year has virtually taken \$3,447.⁴⁵ from the County by charging the County directly the sum of \$2,808.³² for lands bid into the State in Oct 1873 and deducting the same from the specific taxes to which we are entitled and the farther sum of \$944.¹³ on the five year lands all of which would have been saved to the County if each county was allowed to sell its own delinquent lands and pay the State directly the State tax instead of returning the lands to the Auditor General to be again sent back by him to the County Treasurer -

All of which is respectfully submitted -

Resolved That we believe the Statute authorizing the Sheriff of the County or the Mayor or Recorder of any city to call for troops contemplates such troops as may be in their own county and that it never was the intention of the Legislature to confer such extraordinary power on the Sheriff of a County or Mayor or Recorder of a city as to send 700 miles for an unlimited number of troops at the expense of the County thereby giving one man power to impose ruinous expense on a peaceable law abiding community —

Resolved, That the laboring men of Marquette County have shown by their conduct during the strike that they are as a body as peaceable and law abiding people as are to be found anywhere and we enter our solemn protest against the stigma attempted to be cast upon them by interested parties —
