✓ The following report of the Budget and Executive Committee and attached resolution were read. Supervisor Ewing moved the adoption of the report and the resolution. Supported by Supervisor Carlson and carried unanimously.

March 10, 1959

Honorable Chairman and
 Members of the Marquette
 County Board of Supervisors,
 Marquette County, Mich.
 Gentlemen:

Your Budget and Executive Committee to whom was referred the petition of property owners to establish the level of Lake Independence in Powell Township wishes to report that the matter has had a great deal of study by your committee and by the Prosecuting Attorney. It is recommended that the Board of Supervisors first adopt a resolution requesting the Michigan Department of Conservation to make a survey of this project and submit its recommendations and findings to the Board. Property owners who will eventually have to pay the cost of improvement and maintenance on a special assessment basis will then be informed what this project entails at the time the Circuit Court holds its hearing in the matter prior to the issuance of its order to establish the water level of Lake Independence.

A suggested resolution is submitted herewith for consideration of the Board of Supervisors.

Respectfully submitted,

Budget and Executive Comm.

By Lawrence C. Ewing,
 Chairman
 John Kivela, Sr.
 John Ghiardi, Sr.

RESOLUTION

Whereas, Owners of not less than fifty-one per cent of the frontage of Lake Independence, in Powell Township, Marquette County, have filed a petition with the Marquette County Board of Supervisors requesting a determination and maintenance of normal height and level of said lake, under the provisions of Act 194 of the Public Acts of 1939, as amended (C. L. 1948, Sec. 281. 101-121; Stat. Ann. Sec. 11.211-241) and,

Whereas, Section 18 of said Public Act 194 provides that whenever the waters of any inland lake are public waters and pro-

ceedings are commenced for the purpose of determination and maintenance of the normal height and level thereof by the Board of Supervisors of any county, the Conservation Department shall aid and assist in the preparation and presentation of the information, facts and data necessary under the provisions of said Public Act 194, and,

Whereas, It appears necessary to obtain technical information and data as to the condition of the existing dam which controls the discharge from the lake, the elevations of lands adjacent to the lake, beach profiles that are representative of the various existing conditions with respect to water surface, and the most suitable level of the lake for all concerned, and,

Whereas, Said Public Act 194 provides that the estimated cost of the determination and maintenance of the level of said lake, including dams, embankments, locks, gates and any other devices necessary, shall be assessed upon the owners or occupants of real estate deemed to be benefited thereby and it appears essential to obtain information as to the present and future costs involved in said project.

Now, Therefore Be It Resolved, That the Marquette County Board of Supervisors does hereby request the Department of Conservation of the State of Michigan to aid and assist in the preparation and presentation of the information, facts and data necessary to determine and maintain the normal height and level of Lake Independence in Powell Township, Marquette County, Michigan under the provisions of said Act 194.

The following monthly reports of county departments were read and ordered filed:

Mine Inspector
 Veterans' Referral Agency
 County Treasurer
 Morgan Heights Sanatorium
 Social Welfare
 County Controller
 Marquette Co. Road Comm.

A resolution from the Cheboygan County Board of Supervisors opposing the proposed Federal Government tax levy of an additional 1 1/2 cent on gasoline was read and no discussion thereon, was ordered filed.

✓ The following resolution was read. Supervisor Hammerschmidt moved it be adopted and that a letter urging strong support of the matter accompany the resolution. Supported by Supervisor Carlson and carried.

RESOLUTION

Whereas, The present statutes governing the licensing and control of dogs, Compiled Laws 1948, Section 287.285, as amended, provides that in cities, the reasonable cost of maintaining a dog control department shall be borne by the county general fund, and

Whereas, Strict adherence to such provisions places an undue financial burden on counties, and

Whereas, The Marquette County Board of Supervisors believes that the dog control problem is one that should properly come within the scope of city and

township administration and that the statutes should be amended so as to permit the various cities and townships within our state to adopt ordinances so to do, and

Whereas, Proposed Bill No. 1072 contemplates a change in the present dog law to allow a greater number of cities, villages and townships to adopt ordinances to regulate the licensing of dogs, payment of claims and to be exempt from the provisions of the general state dog law, except those provisions dealing with kennel licenses.

Now Therefore, Be It Resolved, That this Board of Supervisors urge the adoption of legislation which would permit all cities, village and townships the option of licensing and controlling dogs under locally adopted ordinances, and

Be It Further Resolved, That a copy of this resolution be sent to Governor G. Mennen Williams, to Senator Phillip Rahoi, to Representative Dominic Jacobetti and to each county in the State of Michigan.

Supervisor LaChance spoke of the severe storms and large snow concentration in the village of Palmer during the recent winter and wondered if the road commission could give the township a little extra service during these severe storms because of fire and other hazards. The Chairman stated that Mr. Shroeger of the Marquette County Road Commission, who was absent at this meeting, could possibly answer the question at the next meeting and Supervisor LaChance agreed to the tabling of same.

A small delegation of residents of the Sharkey unrecorded plat in Forsyth Township asked for some aid in plowing of the area where they reside and after some discussion, the Chairman suggested they contact Mr. Shroeger in the matter.

There being no further business, on motion of Supervisor York, supported by Supervisor Altobello and carried, the board adjourned subject to the call of the Clerk.

Chairman

The following report of the Conservation Committee was read. Supervisor Hill moved the report be adopted and that the resolution submitted with the report be executed and forwarded to the proper authorities. Supported by Supervisor Taccolini and carried unanimously.

April 28, 1959

Honorable Chairman and
Members of the Marquette
County Board of Supervisors,
Marquette County, Mich.

Gentlemen:

Your Conservation Committee to whom was referred a communication from the Department of Conservation requesting the Bd. of Supervisors to clarify the names of two creeks in Marquette County, wishes to report that a study of the matter was had at a meeting of your committee held on April 27, 1959.

Your Committee wishes to recommend that the creek now named "North Branch of the West Branch of the Escanaba River", flowing from the junction of Bryan Creek and Bass Lake Creek southward to the West Branch of the Escanaba be named Bryan Creek for the entire length of its course and that the stream heading in Section 25, T 45 N R 27 W and flowing southward to the creek to be renamed Bryan Creek be known as Poplar Creek. Form of resolution to confirm these designations is submitted together with this report.

Respectfully submitted,

Conservation Committee

The following report of the Morgan Heights Contact Committee was read. Supervisor Wiseman moved the report be accepted as read. Supported by Supervisor Willey and carried.

April 17, 1959

Honorable Chairman and
Members of the Marquette
County Board of Supervisors,
Marquette, Michigan

Gentlemen:

Your Morgan Heights Contact Committee met with the Board of Trustees of Morgan Heights Sanatorium on April 15, 1959, and

wishes to report that the institution is still being operated in a very efficient manner and that an excellent job is being done in the treatment of tuberculosis and in the program of prevention and detection of the disease.

Your Committee was informed that the case load is now less than capacity but that the load has not yet dropped to the point where the entire upper floor of the institution can be set aside for non-tuberculosis patients. The institution has been approved by the State of Michigan for this type of care and the Morgan Heights Board believes that the case load will drop sufficiently in the next few months to enable them to commence that program. This will benefit the county since it means an increase in the income without raising overall operating costs any appreciable amount. This eventually means that a smaller portion of the total operating cost will have to be borne by tax monies. It is also very gratifying to note that the average length of time required to treat a tuberculosis patient has been cut back because of new drugs and improved treatment methods and that the total number of new cases is decreasing.

During the past year an explosion occurred at Morgan Heights Sanatorium which was caused by a leak in a gas line entering the building. Very fortunately no one was injured in the explosion and all damage has been repaired and safeguards taken against a recurrence of the accident. Repairs were adequately covered by insurance.

The Board of Trustees and Dr. Acocks, the administrator, are doing an excellent job in the prevention and treatment of tuberculosis while keeping operating costs at a minimum. Your Committee wishes to express its appreciation to them for their excellent co-operation and for a job very well done.

Respectfully submitted,
Morgan Heights Contact Comm.

✓ The following report of the Budget & Executive Committee was read. Supervisor Ewing moved its adoption. Supported by Supervisor Altobello and carried.

July 15, 1959

Honorable Chairman and
Members of the Marquette
County Board of Supervisors
Marquette, Mich.

Gentlemen:

Your Budget and Executive Committee has considered a request made by Circuit Judge Carroll C. Rushton to have a room in the Court House properly furnished as a Judge's Chamber. The need for such a properly furnished room has been increased because of the fact that the Judge is now a resident of Marquette and will spend the greater part of his time here, leaving only for terms of Court in Delta County, whereas in the past, the Judge remained here only for terms of Court and conducted all other Circuit Court business between terms out of

Delta County. Judge Rushton has asked that the small room formerly used as a Judge's office be equipped for the Court Reporter and that the Jury room at the southeast corner of the Court House be outfitted as a Judge's Chamber and Conference Room.

Your Committee recommends that the Board of Supervisors authorize the Controller to advertise for bids to have these two rooms properly furnished.

Respectfully submitted,

Budget and Executive Comm.

By: Lawrence C. Ewing, Chrmn.

Monthly reports from various county departments were read and ordered filed as follows:

Civil Defense
County Treasurer
Mine Inspector
Morgan Heights Sanatorium
Veterans' Referral Agency
Social Welfare
County Controller
Marquette Co. Road Comm.

✓ Supervisor Strieleman brought up the matter of the harbor of refuge to be constructed at Big Bay at Squaw Beach on Lake Superior. He stated that 2 years ago the County appropriated \$10,000.00 for the project and after some explanation asked Mr. Shroeger of the Road Commission to give a more detailed report of the matter. Mr. Shroeger gave a clear and concise report accompanied by a blackboard outline of the contemplated construction and stated that the program was to be expanded.

The expansion would necessitate the County appropriating an additional \$15,000.00 making a total of \$25,000.00 for the project which with the state share of \$120,000.00 and the U. S. Government share of \$559,000.00 would come to an estimated \$704,000.00. After some discussion and an endorsement by the Chairman and after learning the amount could be paid over two years, Supervisor Dompierre moved the Board appropriate an additional \$15,000.00 as the county's share in the project. Supported by Supervisor Strieleman and carried by the following Yea and Nay vote:

Yeas:

Aho, Alholm, Allen, Altobello, Ameen, Backlund, Beaudry, Beupied, Bur, Carlson, Carlyon, Corneliuson, Cooley, Cox, Dompierre, Ewing, Ghiardi, Hammerschmidt, Hill, Hooper, Johnson, Kivela, Larson, Lindberg, Linjala, Maki, Mattson, Rautio, Russo, Rydholm, Sandstrom, Strieleman, Swanson, J. E., Swanson, R. R., Taccolini, VanElsacker, Weiland, Willey, Wiseman Yelle, York.

Nays: None.

Supervisor Mattson spoke of the deplorable condition of M-28 westerly from the City of Ishpeming to U.S. 41 and suggested a petition be sent the State Highway Department to see if some action could be taken to alleviate the condition. Mr. Shroeger of the County Road Commission thought the suggestion a good one whereupon Supervisor Mattson moved the Board petition the State Highway Department to improve this section of road.

Supported by Supervisor Hill and carried.

There being no further business, on motion of Supervisor York, supported by Supervisor Altobello and carried, the Board adjourned until Wednesday, the 19th day of August A.D. 1959 at 2:00 o'clock P.M.

Carl W. Corneliuson,
Chairman

Lloyd LeVasseur, Clerk

✓A letter from Mr. H. L. Shroeger of the Road Commission was read. The letter was an answer to certain property owners of Republic Twp. who complained of the condition of drainage ditches and driveways in the area. The Road Commission stated the correction of the conditions present were the responsibility of the property owners and that taxpayers money could not be spent on private driveways. Representatives of the owners addressed the Board but they contended the Road Commission was at fault. After a great deal of discussion and remarks by Mr. Shroeger and Supervisors York,

Larson, Aho, and Carlson, Supervisor Mattson moved the matter be referred to the Highways and Bridges Committee for investigation. Supported by Supervisor Carlson and carried.

A letter from Mr. Harold Matthews, Pres. of the Marquette County Labor Council, AFL-CIO was read. The council recommended the appointment of Mr. John Schmeltz, Chairman of the Community Services Dept., as the best possible replacement for Jack Powell as a member of the County Social Welfare Commission inasmuch as Mr. Powell was recently appointed to the Michigan State Welfare Commission.

Mr. Matthews spoke on behalf of Mr. Schmeltz and the Chairman stated that this particular vacancy was filled by the State Welfare Commission and ordered the letter referred to the State Welfare Commission.

✓An acknowledgement of the receipt of a resolution from this Board urging improvement to M-28 west from Ishpeming to U.

S. 41, was received from Mr. John C. Mackie, State Highway Commissioner. Mr. Mackie stated he referred the matter to the Office of Planning with the recommendation that it be given consideration in the early part of the second five year program inasmuch as all funds had been allocated in the current five year program. It was ordered filed by the Chairman.

E., Taccolini, Weiland, Willey, Wiseman, Yelle, York.

Nays: None.

The following report of the Buildings, Grounds and Insurance Committee was read. Supervisor York moved it be accepted and approved. Supported by Supervisor Dompierre and carried.

August 13, 1959
Honorable Chairman and
Members of the Marquette
County Board of Supervisors
Marquette, Mich.
Gentlemen:

Your Buildings, Grounds and Insurance Committee made its annual inspection tour of county buildings on Wednesday, August 12, 1959 and wishes to report that all properties inspected were found to be in very good order and well managed.

The Marquette County Airport building, together with the new addition which is almost completed, is certainly an installation of which Marquette County can justly be proud.

In checking improvements made at the Citizens Home, your committee found that the recreation room floor has been repaired and tiled, plumbing defects have been corrected, new stair treads to the men's dormitory have been installed and the whole building was found to be well organized, clean and pleasant. The roofing on the Citizen's Home and accessory buildings, however, are leaking and are beyond repair. Your committee recommends that the roofing on these buildings be replaced and believes that the Social Welfare Board should solicit bids to have the work done this season as further delay will cause a serious maintenance problem on the building interior. It is also recommended that the dormers projecting from the roof on the Citizens Home be painted at the same time the roofing is replaced.

Your committee also discussed the Lloyd Thomas appraisal ser-

vice which is maintained on all county owned properties. Morgan Heights Sanatorium was reappraised in 1955 but the last reappraisal was made on all other county properties ten years ago. Your committee has received an estimate on the entire job which amounts to \$1,540.00 for the Court House and Jail group, \$660.00 for Social Welfare Department and Citizens Home and \$1,780.00 on the County Road, Park and Airports Group. It is recommended that the Board of Supervisors authorize the Lloyd Thomas Co. to reappraise the Court House and Jail group and that they recommend to the Co. Road Commission and Social Welfare Department that the properties under their control also be reappraised. Such service results in much better property control as well as regulating the proper insurance coverage on the properties involved. In the event of fire loss claims are much more easily and properly settled.

Your committee feels that those in charge of county buildings should be thanked for their interest and fine maintenance of public property.

Respectfully submitted,
**Buildings, Grounds and
Insurance Committee**

The following report of the Highways and Bridges Committee was read. Supervisor Larson moved it be adopted. Supported by Supervisor Carlson and carried.

September 16, 1959

Honorable Chairman and
Members of the Marquette
County Board of Supervisors
Marquette, Michigan
Gentlemen:

The Highways and Bridges Committee had its annual highway tour on September 14, 1959, and wishes to report the progress made to county roads during the 1959 season.

The construction of the grade and the blacktop pavements on Roads 492 and 553 were completed under the Federal Aid Program. In addition, the blacktop surface construction on Road 510 was also completed under this program. Construction of the blacktop surfaces on Roads 480 and 551 was completed in co-operation with the Michigan State Highway Department.

During the season on the Primary Road System, paving operations have been completed or will be completed on Roads 478, 480, 492, 510, 551, 561, and 601. These

paving operations will account for the construction of 15.38 miles of blacktop surfaces. On the Local Road System, with townships participating in the cost, paving operations have been completed on 10.91 miles in Chocoma, Ishpeming, Negaunee and Tilden Townships and 4.0 miles will be completed in Republic Township by the end of the construction season. This represents a total of 14.91 miles on the Local Road System and a total of 30.29 miles on the entire County Road System that has been blacktopped during the season. In addition to the paving operations, extensive road surface and base corrections were necessary in preparation for paving construction. It is expected that the blacktop plant will again be located in the central part of the county during the 1960 construction season.

Extensive repairs were carried out on the bridge in the Village of Republic which carries Road 601 over the Michigamme River. This bridge will carry the new business route over the Michigamme River from M-95 to the Village of Republic.

In addition to the above projects the Road Commission car-

ried out its normal summer and winter maintenance programs.

Your Committee made an inspection of the system of ditches in the New Republic Plat. At the time of inspection, the County Road Commission members and interested residents of the plat were in attendance. It was agreed between all concerned that the County Road Commission would cause the ditches to be filled and graded and it is believed that this corrects the problem there.

It was again pointed out to your committee that the Road Commission cannot possibly complete all of the improvements that have been requested on the Local Road System. The state law requires that 75% of the funds received from the State be expended on the primary system, which includes 275 miles, and the remaining 25% of State funds be expended on the local road system that includes 990 miles. Your committee is confident that the Road Commission is using the funds allocated for local roads to the best advantage possible but of necessity, some of the requests for improvement of local roads will have to be put off.

Respectfully submitted,

Highways and Bridges Comm..

August 31, 1959

Honorable Chairman and
Members of the Marquette
County Board of Supervisors
Marquette, Michigan
Gentlemen:

Your Parks and Airport Committee held its annual inspection

tour on August 24, 1959. The inspection began by meeting at the Marquette County Airport where the new addition is completed and installation of the weather station equipment is well under way. The use of the airport facility is increasing steadily and it is expected that in the near future, installation of equipment for instrument landings will be installed without cost to the county. The airport is well managed and is providing a fine service to our community.

At the Gwinn Park, your committee found that a considerable amount of work must be done to improve the area. It was believed that the removal of dead trees and some of the needed brushing could be done with inmate labor from the county jail. Arrangements were completed to have some of the work done in this manner. Your committee recommends that the sum of \$2,000.00 be set aside in the Parks Fund to be expended at the Gwinn Park next year in further cleaning and in the improvement of road and parking areas as well as for the placing of picnic tables and outdoor stoves.

At Perkins Park your committee found the area neat, well managed and very presentable. The sewer system for the park has not been installed but arrangements have been made to finance this improvement within the next year or two.

Reports show the following usage of county parks during the 1959 season:

	Camping		
	Visitors	Bathers	Parties
Gwinn Park	1,931	4,888	19
Perkins Pk.	11,530	10,355	438
Totals	13,461	15,243	457

Honorable Chairman and
 Members of the Marquette
 County Board of Supervisors,
 Marquette, Michigan
 Gentlemen:

Your Budget and Executive Committee has been advised by Probate Judge Michael DeFant that the State of Michigan has requested that a full time employee be added to the staff of the Juvenile Court and that the failure to do so might jeopardize state funds now being paid into the Child Care Fund. Judge DeFant has further advised your committee that in discussing the matter with a representative of the State office, it was proposed that the additional needed help could be obtained from senior or post graduate students in social science now enrolled at Northern Michigan College in Marquette at much less expense than would be involved in the employ of a full time worker. Arrangements for this part time help have been made, subject to approval by the Board of Supervisors, as follows: Employ two such students for two hundred hours each during

the next year, the first one hundred hours of service of each student without salary and the last 100 hours of service of each student's time to be paid at the rate of \$1.50 per hour. There will of course, be some travel allowance involved at the county rate of eight cents per mile. Total expenditures for the additional part time services will be limited to \$1,000.00.

Your Committee feels that this is an opportunity to obtain excellent needed services at a minimum of cost and recommends that the Probate Judge be authorized to proceed with the arrangements as outlined.

Respectfully submitted,

Honorable Chairman and
 Members of the Marquette
 County Board of Supervisors
 Marquette, Michigan

Gentlemen:

The Marquette County Bar Association has made the request to your Budget and Executive Committee that consideration be given to an increase in the county's portion of the Circuit Judge's salary. At the present time the state paid salary of the Circuit Judge is \$12,000.00 per year and the counties within the circuit pay a total of \$3,000.00 in additional salary to make a total of \$15,000.00. By law, however, the Circuit Judge is prevented from engaging in private law practice during his term of office so as to add to his income. We are advised that Delta County has already approved an increase in their allowance for the Circuit Judge's salary from \$125.00 per month to \$250.00 per month, provided that Marquette County will do likewise. This would make a total adjusted salary of \$18,000.00 per year and since no adjustment has been made of the county allowances in perhaps twenty years, your committee feels that the adjustment at this time is justified.

Your Committee recommends, therefore, that the county portion of the salary of Circuit Judge be increased from \$125.00 per month to \$250.00 per month commencing January 1, 1960.

Honorable Chairman and Members of the Marquette County Board of Supervisors, Marquette, Michigan

Gentlemen:

At the Sept. 15, 1959 meeting of your Budget and Executive Committee the matter of office allowance paid by the county to the Prosecuting Attorney was discussed. Mr. Hill is now in the process of reorganizing his office and with the increased work load in the Prosecutor's office, the services of a clerk are needed for the Prosecutor's work only. At this time the county has an arrangement with the Prosecuting Attorney by which he provides his own office help and office space for the flat sum of \$150.00 per month and he has requested that this amount be increased to \$200.00 per month. Your committee feels that this is a fair request and recommends that the office allowance of the Prosecuting Attorney be increased from \$150.00 to \$200.00 per month commencing October 1, 1959.

Respectfully submitted,

Marquette, Michigan
Gentlemen:

At the October 7, 1959 meeting of your Budget and Executive

Committee, petitions were received from the employees of the Social Welfare Department and from the Court House and Jail Group requesting a salary adjustment for the next fiscal year. Your committee gave this matter considerable thought and consideration at its annual budget meeting held on August 3, 1959, even though no petitions had been received requesting the adjustment. The present budget is based upon the maximum county millage but doesn't include funds to finance a wage adjustment at this time. For this reason, your committee recommends that the petitions for salary adjustment be denied and that the present schedule of salaries and allowances remain in effect for the ensuing fiscal year.

It is recommended that all salaries and allowances now in effect be continued for the next fiscal year up to and including December 31, 1960. FINANCE & TAXATION COMMITTEE

By: Leonard S. M. Altobello, Chairman.

Honorable Chairman and Members of the
Marquette County Board of Supervisors,
Marquette, Michigan
Gentlemen:

Your Finance and Taxation Committee recommends that the various Departments in the Court House and Jail Group keep within the budgets as adopted at the annual meeting and that no clerk hire or salaries be paid beyond the amount fixed by the Board of Supervisors.

In the case of an emergency or in case a Department requires additional funds or needs some special equipment which could not be foreseen at the time of the annual meeting, we recommend that the head of that Department, together with the Controller present the matter to the Board of Supervisors for their consideration and that they grant where deemed necessary, authority to exceed the figures established in the annual budget.

If it develops that the amount stipulated in the budget of any Department exceeds the need of that Department, or if a sum authorized is found unnecessary, then we recommend that authority be granted transferring a sum or surplus to some other Department by proper resolution of the Board of Supervisors.

Respectfully submitted.

FINANCE & TAXATION COMMITTEE

By: Leonard S. M. Altobello, Chairman.

Honorable Chairman and Members of the Marquette County Board of Supervisors, Marquette, Michigan
Gentlemen:

At the November 3, 1959 meeting of your Budget and Executive Committee a discussion was held relative to the establishment of an Adult Mental Health Clinic for the Upper Peninsula of Michigan. Judge Michael Defant, Finance Chairman of the Committee sponsoring the establishment of such a clinic, explained the great need for a mental health clinic here and stated that there is a very good reason to believe that the State of Michigan will establish one in the Upper Peninsula provided that there is sufficient interest and support.

The greater portion of the cost of operating such a clinic is borne by the State of Michigan, but a portion must be carried by local organizations or governmental units. An effort is being made at the present time to obtain expressions of support from the various local governmental units. Your committee recommends that the Board of Supervisors go on record urging the establishment of an Adult Mental Health Clinic for the Upper Peninsula and that it declare its intention to consider an appropriation towards its financial support to the extent of \$1,500 00 in the 1960 budget.

The following report of the Budget and Executive Committee was read. Supervisor Ewing moved its adoption. Supported by Supervisor Carlson and carried.

Dec. 16, 1959

Honorable Chairman and Members of the Marquette County Board of Supervisors Marquette, Michigan
Gentlemen:

At the December 14, 1959 meeting of your Budget and Executive Committee the matter of retiring county employees was discussed. County employees in the Court House and Jail Group, Morgan Heights Sanatorium and the Social Welfare Department are covered by both Social Security and Michigan Municipal Employees Retirement System. Employees are Eligible for full retirement benefits from both of these systems upon attaining the age of sixty-five years and your committee feels that it is in the best interest of both employees and the County to require that all employees be retired at that age. It is recommended, therefore, that the Board of Supervisors make it mandatory that all county employees in these groups retire within two months after reaching age sixty-five.

Respectfully submitted,
Budget and Executive Committee
