To the Honorable Board of Supervisors of the County of Marquette
Gentlemen

The fund in the County Treasury to the credit of this board being exhausted, we respectfully ask that there be transferred to its credit a sum sufficient sum to meet its expenditures

Yours Respectfully

Henry E. Warner
Secretary Board Supervisors of the poor

Send me statement of amounts and dates of such charging back as appears from your balance sheets. The Attorney General states that each county will have to look out for itself and we will have to go to the Supreme Court and they will contest but I am satisfied that we can win and the County get what belongs to them. Please call the attention of your Supervisors to this at once if possible and let me know as soon as you can as I wish to get these matters going.

Yours truly

E. B. Hood, Clerk Supreme Court

Dansing April 22nd 1878

Dear Sir

In addition to my other card in relation to the two year list matters, will say that in event of going to Court, I fear all expenses, whereas in other cases the county would have that to pay and Attorney fees and run its chance. I think you are entitled to about \$500 and if so you want the credit, let me hear from you soon and oblige

Yours truly

E. B. Hood, Clerk Supreme Court

I have replied to the above that I would place the matter before the board at its first meeting

I am, Gentlemen

Very Respectfully

In answer to your request that I report whether J. M. In my judgment he is liable upon his bond for his neglect to collect the moneys due the County which it was his duty to collect I beg leave to add that the bond given by said Moore in January 1875 being that given by him upon his last collection cannot be found though diligent search has been made for it in the Treasurers office and also in the County Clerks Office. The record of proceedings of Board of Supervisors shows that such a bond was presented and approved.

All of which is respectfully submitted

Dear Sir

I am in receipt of your favor of 11th inst enclosing copy resolution of your Board of Supervisors requesting my opinion as to "whether it is lawful for the County to pay extra compensation to the Circuit Judge" is at hand. I answer that the Circuit Judge is a State Officer. The payment of his salary is by the constitution made a State Charge. It cannot in any way be made a County Charge. Your County can only raise money for County purposes, and the payment of salary or extra compensation to the Circuit Judge is not a County purpose. I am therefore of the opinion that the allowance of extra compensation by your board to the Circuit Judge is illegal.

Very Respectfully, O. Kirchner

The following petition was presented, read and on motion of Mr Childs laid on the table.

To the Honorable Chairman and Board of Supervisors of Marquette County
Sirs

We call your attention to certain bills that will be presented to your honorable body for payment either at this meeting or some other, namely the People of the State of Michigan vs John Thony and Thomas E. Cook. We further want to show to your honorable body, that in either of these cases, there was no cause of action whatever, which the records will show by the decision of the Jury. In both cases it was simply a matter of revenge, to satisfy the desire of the Mayor of the City of Marquette, and some of his pets for some past political matters, at the expense of the County. There are several cases of the same nature now pending, which is calculated to be prosecuted in the same way without no cause whatever, if we find the County or her representatives simple enough to allow the above mentioned bills, and encourage such an outrage on her citizens. We would further show that the majority of us have lived here for almost a quarter of a century, and all we own in this world is in the upper peninsula of Michigan: and we do not owe any State or County tax yet: nor never was charged with a criminal offense before the above mentioned Mayor and his pets. We would further state that even we are heavy tax payers, and it would come lighter on us to make it a County matter. Still there is an ordinance in our City Charter which provides for all these offenses, and if the above mentioned party wants to gratify their desire for personal spite, let them do it at the expense of the City of Marquette, not the County. Whilst we could say a great deal more on the matter, we do not want to take up your valuable time and in conclusion would say that all we ask in the premises is what is right, equitable and just. Signed Philip Beckie and Edwin Athur

Mr. White Chairman of the special committee heretofore appointed to compile and revise the resolutions and regulations adopted by the board of Supervisors presented a communication asking for further time in which to make their report. which was on motion of Supervisor Pascoe ordered placed on file and the committee granted further time

The prosecuting Attorney also presented the following report which was read and ordered placed on file.

To the Honorable Board of Supervisors of

Gentlemen

At the last meeting of your honorable board I made a report adverse to the allowance of Claims presented by the City of Negaunee for expenses incurred on account of Small Pox. I stated in that report that I had been unable to find my law making such claims to be expenses a County Charge. Since that time my attention has been called to a decision of the Supreme Court rendered in January 1855 and reported in vol 3 of Michigan Reports page 475 to the effect that such expenses are a charge against the County which it is the duty of the board of Supervisors to allow, permit me to express my regret at the oversight and consequent error which I now hasten to correct.

Wm Rowland Esq

County Clerk

Dear Sir

Being by the proceedings of the last meeting of the County Board, that it was decided to let the publishing of the proceedings to the lowest bidder, and that you were authorized to solicit bids. I have to say, I will not enter into competition with other papers having less than half the circulation of the Mining Journal; that I would sooner do the work without any charge to the county. I will therefore publish the official report of the proceedings of the Board during the term of the present Board past and future and leave the question of compensation entirely with the Board, taking something or nothing for the work in the discretion of the Board. I will make no charge whatever and never demand payment in any sum whatever for the work but will accept any amount the Board may see fit to offer and make no complaint if it does offer anything, provided no other paper is paid for doing the same work. On other words if the Board desire it, I will print the proceedings without charge to the County.

Yours &c

A. P. Swinford

To the Board of Supervisors,

I will publish all reports of the proceedings of your Board for the current year in the magazine Iron Herald including the monthly reports of the Superintendents of the Iron for Twenty Five Dollars or will publish the same at 25 cents per folio it being one third the lawful

price of all legal advertising.

C. E. Griffey

Mr. Ball moved to accept the proposition made by Winiford. Mr. Mildon moved to amend Mr. Ball's motion by accepting the proposition made by Mr. Griffey which motion prevailed by yeas and nays as follows. Yeas. J. H. Harvey, H. B. Gilbert, H. B. Mildon, H. B. The question being on the passage of the original motion as amended the same was not passed. Yeas. J. H. Harvey, H. B. Gilbert, H. B. Mildon, H. B. Maxwell, H. B. Mitchell, E. W. Stevens and Chairman. 8. Nays. J. H. Harvey, H. B. Gilbert, H. B. Mildon, H. B. Maxwell, H. B. Mitchell, E. W. Stevens and Chairman. 9.

Mr. H. E. Warner Secretary of the Board of Superintendents of the Ore presented a report showing the expenditures of that board for the month of June 1878, which was on motion referred to the committee on Ore.

Reports of Special Committee

The special committee heretofore appointed to examine into the matter of ultra compensation of Circuit Judge, presented the following report which was on motion of Mr. White laid on the table.

To the Honorable the Chairman and Board of Supervisors of Marquette County. The Committee appointed at the last meeting of this board to take into consideration the payment of ultra compensation to the Circuit Judge of this County beg leave to report that they have had the subject matter under consideration and find that it is the unanimous opinion of the committee that the salary allowed by law is altogether too small. Yet under existing laws it would seem impossible for your committee to recommend the payment of any other salary or compensation except that which is now provided by the statutes. Your committee would therefore ask to be discharged from the further consideration of the subject.

To the Chairman

That Board of Supervisors

of Marquette County

Your committee on Claims and accounts to whom was referred the claims of the city of Negaunee for money expended on Small Pox cases by leave to report as follows. It is the opinion of your Committee that the claim presented by the city of Negaunee covering Small Pox cases from the 11th day of January until the Second of March 1878, is clearly a County Charge. All of the Small Pox cases were under charge of the Board of Health of Negaunee: and that the claim is just and right and your Committee would therefore recommend that the same be approved by this Board as presented.

Absent Supervisors Campbelle, Hall, Milden, Mitchell, Pascoe, Read, Schuisthal and White.

On motion of Supervisor Commers the board took a recess until two o'clock P.M.

At two o'clock P.M. the board was called to order by the Chairman, and the roll called by the clerk, present Supervisors Anderson, Commers, Doley, Hall, Harvey, Kibbert, Hurley, Milden, Mahan, Maxwell, Spryweather, Mitchell, Pascoe, Read, Degurick, Sturms, Schuisthal, White and Chairman.

J. O. Doucman presented his credentials as Supervisor from Michigamme Township in place of John O. Campbelle - which were accepted and ordered placed on file, and on motion of Supervisor White, Mr Doucman was admitted to a seat on the board.

The minutes of the last meeting were read and approved.

Claims, Petitions and Communications

Sundry Claims were presented and referred to the proper committee.

The following petition and remonstrance was presented, read and on motion of Supervisor Pascoe, referred to a special committee of Five.

To the Board of Supervisors
of the County of Marquette.

The undersigned freeholders of the township of Michigamme in said county and residents of the territory hereinafter described, respectfully make application to your honorable board under the provisions of Chapter Ten of the compiled Laws of the State of Michigan, and ask that the said Township of Michigamme be divided by detaching from said the following described territory to wit:
Townships Forty nine (49) Fifty (50) Fifty one (51) and Fifty two (52) North of range Twenty Eight (28) West, Townships Forty Eight (48) and the east half of Township Forty Nine (49) North of Range Twenty Nine

(29) West, and that your honorable board will erect and provide for the organization of a new township to be called the township of Champion and to consist of the territory above described, to be detached from the said township of Michigamme aforesaid.

And your petitioners attach hereto a map and survey of the said township of Michigamme, showing the proposed alteration and division thereof, and the boundaries of the said proposed new township of Champion as aforesaid.

And your petitioners will ever remain

Dated at the township of Michigamme in the said county of Marquette this twentieth day of August A.D. 1878.

D. B. Nasby
and 15 others

Remonstrance.

To the Honorable Board of Supervisors
of Marquette County Mich.

The undersigned citizens and freeholders of Michigamme township would most respectfully remonstrate against granting the petition of D. B. Nasby and others to divide the township of Michigamme and erect a new township for the following reasons.

1st The expenses of the whole township as it now stands will not materially exceed those of either township when divided, and therefore a division would necessarily increase taxation.

2nd The township as it now stands has two voting precincts and is in respect to elections as convenient as it would be after division.

3rd The majority of the permanent residents of the township and the taxpayers therein, are certainly opposed to any division, and the wishes of the transient population should not have the same weight as those vitally interested in the welfare of the township in questions of this character. It has been asserted and we believe it to be true that the freeholders who signed the aforesaid petition were not freeholders until the question of the division of the township arose, and that they were made freeholders for the sole purpose of signing the aforesaid petition by having deeded to them a small quantity of land of no value whatever. We believe that they are not freeholders in the intent of the law making it requisite for freeholders to sign said petition. And we further believe that your honorable body will not consider the claims of these made-to-order freeholders of equal importance with those of bona fide freeholders and taxpayers who have resided here ever since the township was organized and have a vital interest in its welfare.

4th That a division at the present time would be likely to cause trouble and perhaps litigation in the settlement of the affairs of the town-

ship which might be avoided by postponing action upon said petition until a short time preceding the annual township meetings when the affairs of the township are settled up for the year.

In consideration of which we ask that said petition be not granted

E. E. Warner

Deputy Board of Super of the Poor

The following communication was referred to the Committee on Poor.

To the Honorable Board of Supervisors
of the county of Marquette Mich.
Gentlemen

The experience of the last three

years indicate that there will be required for the Poor House and to be distributed among the poor of the first district about 300 cords of wood per year and your attention is called to the fact that could a wood lot be obtained within reasonable distance of the Poor House and city, not only could the labor of such paupers as are able to chop be utilized, but the labor also of such poor men of family as being unable to obtain work, are sometime in mid winter compelled to ask of the Public, help to support their families,

Believing that such a wood lot can be obtained and that its purchase is desirable, the power to purchase resting with your Board. I respectfully ask that a committee be appointed to consider the matter with power to purchase if it shall seem to them advisable.

Yours Respectfully

H. E. Warner

Supt Poor First District

To the Honorable Board of Supervisors
of the County of Marquette Mich
Gentlemen.

I submit herewith statements of the expenditures of this Board during the months of July August and September together with original bills of supplies purchased during those months; as instructed by resolution at your last meeting

H. E. Warner

Deputy Board Supts of the Poor

The following proposition was presented, read and on motion of Mr Pascoe laid on the table.

To the Board of Supervisors

Gentlemen

I hereby agree to publish the proceedings of all the meetings of this Board from April 1st 1878 to April 1st 1879 for the sum of One Dollar; the receipt of which is hereby acknowledged.

C. S. Griffey.

Dated Marquette Oct 14th 1878.

Reports of Standing Committees.

To the Board of Supervisors

of Marquette County.

Your Committee on County Officers accounts would respectfully report that they have made an examination

of the Books of the County Treasurer and find on them a charge against the State amounting to \$25,243.56. Whereas the credit to this County on the Books of the Auditor General as per statement is at the same time \$18,405.21 making a difference between the two accounts of \$4,838.35. This or an approximate difference between State and County balance appears to have existed for a number of years causing considerable annoyance and making necessary a multiplicity of explanations as each new incumbent enters upon and performs his duties to avoid this in future your Committee would recommend that a Suspense account be opened and this sum of \$4838.³⁵ be charged to it and credited to State account on the Books of the County Treasurer thus bringing the State and County Books in accord.

Should your honorable body at any time decide to try and find the cause of this discrepancy the charging over to Suspense account will not add any difficulty to the investigation and your Committee would also ask for authority to make the necessary entries in the County Clerk Books to make them correspond to the Books of the County Treasurer and State.

M^r Sedgwick Chairman

On motion of Mr. Powers the above report was accepted and ordered placed on file, and the recommendations of the Committee concurred in.

Mr. W. E. Warner Secretary of the Board of Superintendents of the year presented the following report which was read and on motion of Supervisor Casser ordered placed on file with the thanks of the board for the comprehensive manner in which the report was made.

A change in the mode of giving temporary relief has this year been inaugurated by the board to which though given but a partial trial as yet is due in a measure, the reduction per capita shown in the foregoing statement,

We are aware that the action of the board in this matter has been unfavorably criticised in some quarters, in fact the members of the board themselves have not been of one mind upon this subject but a majority held that justice to the taxpayer demanded a change, their views and the motives prompting their action is expressed in the following preamble and resolution adopted by the board at a regular meeting held March 7th last after having been amended by adding Tea, Sugar and Coffee to the list of articles to be furnished

Whereas under the present system of giving temporary relief not only is the highest price paid for goods furnished to the poor but many articles are bought which are commonly and properly considered as luxuries and for which the public ought not to pay; and believing that all times and particularly at the present time when the persons requiring relief within our county are number by hundreds and the burden they impose is enormous and is borne for the greater part by business interests that are languishing and by people who in their own living are practicing the most rigid economy in many instances confining themselves to such articles, the poor who are dependent upon the public in whole or in part for their support should be furnished with those articles and those only which are commonly considered as the necessities of life, except in case of sickness or infirmities and believing further that all purchases made by this board as well as all other public officers should so far as practicable be made by advertising for proposals for furnishing whatever may be required,

Therefore resolved that hereafter only the following articles of food shall be furnished by the members of this board to persons receiving temporary relief except in case of sickness old age or in flour, corn meal, beans

Pres. Park, Otatoo and Butler,

Resolved further that it shall be the duty of each member of this board to ask for proposals from the several dealers in the different towns and locations when practicable each in his own district for furnishing such quantities of these articles as may be required the award to be made to the lowest bidder, the board reserving the right to reject any or all bids.

The manner of purchasing supplies proposed by the resolution had been put in practice in the first district previous to its adoption and found to work well, it was at once put in practice in the Third District with the same result. The second District did not adopt it, the trade of the county in each of the towns is considerable, the pay good, but if divided among all the dealers is not sufficiently large with any to warrant a reduction from regular prices. The entire trade when given to one dealer does warrant a reduction and is made, advantage of this it is believed to be the duty of your Superintendents to take

All of which is Respectfully Submitted
