Honorable Board of Supervisors, of Marquette County, Michigan.

Gentlemen:-

Your Committee on County Roads and Bridges met with the Board of County Road Commissioners at their meeting held on August 27th at which time we considered the petition from Humboldt Township for plowing out the Black River Road.

It develops that in order to do the plowing it will be necessary to erect a new bridge over the Black River.

That Humboldt Township is willing to join with the Board of County Road Commissioners and proceed under the provisions of Act 202 P.A., 1927, and erect a bridge on a 50-50 basis.

That the plowing of this road will make it possible for Humboldt Township to transport 68 children who are now being served in two one-room schools to Republic where they can be taken care of in a Consolidated grade school and given proper education.

In the estimate of the Committee it is a very meritorious undertaking and your Committee has recommended to the Board of County Road Commissioners that they cooperate with Humboldt Township and erect a bridge over the Black River on a 50-50 basis.

Your Committee further recommends that the sum of \$600 be appropriated from moneys not otherwise appropriated, be paid over to the County Road Fund for the purpose of helping to defray the cost of plowing the Black River Road the ensuing winter.

Respectfully submitted,

H. S. Nightingale, Chairman.

Committee on County Roads and Bridges

Respectfully submitted,

Board of County Road Commissioners,

By K. I. Sawyer, Supt.

The following report of the Committee on Legislation and County Parks was read and adopted and ordered filed:

Honorable Board of Supervisors, of Marquette County, Michigan.

Gentlemen:--

Your Committee on Legislation and County Parks report:

That on July 31st we met with the Board of County Park Trustees and inspected the County Park at Gwinn and the County Park at Champion.

That we found both Parks well kept, clean, neat and well appointed.

At Gwinn we found that a bath house is going to be needed in the near future, but otherwise the park seems to be adequate for the use to which it is being put.

At Champion we found that a large number of improvements have been made including the erection of a new bath house with checking for 500 bathers simultaneously; erection of considerable playground equipment which had been secured at a very nominal cost from the Ishpeming School Board; the underbrushing and opening up for use of considerable new area in the park grounds; the addition of tables, stoves and other accessories; the converting of the old bath house into tool sheds and enclosed kitchen for use of transients, and a very large improvement on the beach to the old grass cover thereby widening the beach about 50 feet over the whole length of same from the old bath house to the track.

Recommendation to put a new roof on the pavilion was approved and in our estimation the greatest needed improvement at Champion Beach is to fill in the swamp between the railroad tracks and the bath house and to erect a place for the custodian.

Champion Beach is being very largely used at present, the tallies of day tourists running up better than 600 to 700 cars or from 3,000 to 4,000 people on good Sundays and holidays and the use of the same by tourists for tenting is showing a considerable increase.

We also recommend that suitable sign boards be erected advertising particularly the Gwinn Park, and advising tourists to camp in County Parks.

Respectfully submitted,

C. F. Sundstrom,

William Jory,

Charles J. Stakel,

W. H. Trembath,

Dear Sirs--You are hereby respectfully asked to appropriate \$1,000.00 from the General Fund for snow plow work in Wells Township for the winter of 1928 and 1929.

This will leave a piece of road running through Marquette County sixteen miles not opened.

Wells Township has a tractor and plow and will open this road of 16 miles if this Board will allow them the above amount.

Very respectfully yours,

THE UPPER PENINSULA DEVELOPMENT BUREAU.

Marquette, Mich., September 26, 1928.

Board of Supervisors, Marquette, Michigan.

Attention: Mr. Frank Jenks, County Clerk.

My Dear Sir--On behalf of the officers and directors of the Upper Peninsula Development Bureau, I am herewith requesting an appropriation of \$2,000.00 for the support of the work of the Upper Peninsula Development Bureau for 1929. We are asking each County to give to the limit under the law, and those counties having an assessed valuation of more than \$20,000.00 can under the law appropriate only \$2,000.00 for the support of our work in any one year.

We believe that you are familiar with the diversified nature of our program and with the results that are being achieved. However, we have asked some of our directors to appear before you personally, prepared to answer questions and give any information that may be required.

Very truly yours,

UPPER PENINSULA DEVELOPMENT BUREAU.

THE MARQUETTE COUNTY HISTORICAL SOCIETY.

Marquette, Mich., September 14, 1928.

To the Honorable, The Board of Supervisors of Marquette County.

Gentlemen--On behalf of the Marquette County Historical Society I desire to place before you this society's request that it be included in your annual appropriation bill to be voted at your annual meeting to the extent of two hundred dollars, as in previous years and in accordance with the statute pertaining to such appropriations. I am asking the treasurer to place before you the financial statement of the society. The society has this year printed a catalog of its collections which have been built up in no small degree by the annual contributions which your honorable body has been so good as to provide. The publication of this catalog makes it at last possible to show you how these funds are being expended.

No funds of the society go for the personal expenses of officers or members. They are entirely devoted to strictly historical work such as this catalog indicates. Indeed, officers have frequently made considerable personal contributions to the treasury of the society in furtherance of its work.

We deeply appreciate the assistance from Marquette County that has been forthcoming in the past and trust and it will be continued.

Corresponding Secretary.

Respectfully submitted,

T. M. Redmond,

Treasurer.

DEPARTMENT OF AGRICULTURE.

Lansing, Mich., October 1, 1928.

County Clerk, Marquette County, Marquette, Mich.

Dear Sir--The work of bovine tuberculosis eradication is being conducted in your County at the present time for re-accreditation. I am very much in hopes that the percentage reactor will be low enough so that the County can be re-accredited with the one test. However, there will be a number of infected herds which should be retested during the summer of 1929.

An appropriation of at least \$1,000 should be made for this work. You understand, that if this amount is not all used, what remains will be turned back to the County at the end of the year. Thanking you for your co-operation I am

Yours very truly,

T. K. Hansen,

Assistant State Veterinarian.

P.S.--Please call to the attention of the Board at annual meeting.

Requests from Soldiers' Relief Committee, Good Will Farm, Michigan Children's Aid Society, Holy Family Orphanage and Children's Hospital of Michigan were read and referred to the Committee on Finance and Taxation.

At the suggestion of the Chairman of the Finance and Taxation Committee, the regular order of business was proceeded with before this Committee made their report.

The report of the Auditing Committee was read and adopted by the following Yea and Nay vote:

Yeas--Anderson, Callahan, Corneliussen, Davis, Dower, Fassbender, Frei, Ghiardi, Hanson, Hecke, Hurley, Jensen, Johnson, F. At the time of his death, Supervisor Charles Johnson, of the City of Negaunee, had served upon this Board, continuously, for upwards of twenty-three years. During his entire term of office, he gave the public of his time, strength and ability, unselfishly and continuously. He was conscientious in the discharge of every public duty, painstaking in the study of all questions which arose, and to the decision of each question gave his best judgment, controlled always and solely by his desire to faithfully perform his duties.

Resolved, that in the passing of Mr. Johnson, each member of this Board loses a personal friend and wise co-worker, the City of Negaunee a splendid citizen, and Marquette County a faithful public servant.

Resolved, that a copy of this resolution be ingrafted upon the minutes of this meeting, and that a copy thereof be sent to Mr. Johnson's family.

Nellie E. Summersett entered the service of Marquette County in July, 1918, as stenographer of the County Treasurer. In February, 1923, she was appointed Deputy Treasurer, and from that time, in that trying position, faithfully served the public until her passing. She earned and rightly received the warm commendations of the Auditor General of this State, of other state officials and of every one who had occasion to know the work of her office. Her universal courtesy, genial disposition and unusual efficiency won and kept the respect and admiration of all who came in contact with her. Her absence will be long mourned by the officials and employees of Marquette County.

Resolved, that this Board voices the universal sorrow felt at her passing and extends to her bereaved family its sympathy.

Resolved, that the Clerk be instructed to extend this resolution at length upon the minutes of this meeting, and that a copy thereof be sent to the family.

The condition of the old building was carefully considered, as this is not fireproof. The wiring perhaps should be inspected so as to eliminate as far as possible all fire hazard.

Dr. Lojacono will take up with the Ashley Company the condition of the present sewer disposal system, also as to recommendations for capacity for the additional sewage from the new building.

On motion by Wiseman, the minutes of the meeting of July 20, 1928, were amended so that the sum authorized for the salary of an assistant physician shall read \$125.00 to \$150.00 per month as may be found necessary.

Supervisor Sundstrom gave the Board a short talk on the deer question and conservation.

Supervisor Perkins proposed that the County Board in April appoint a standing committee on Conservation, composed of the

Township Supervisors. In outlining his plan he stated that if similar action would be taken by every County Board in the Peninsula more definite and reliable information could be secured on the question of Conservation. He also stated that these fifteen standing committees could get together separately and thrash out all questions of importance and appoint a delegation to attend a general meeting to be held somewhere in the Peninsula and in that way boil down the several questions that are in dispute and as a unit have something of a unanimous nature to present to the Legislature. He also requested that the Clerk of this Board be instructed to advise each County in the Upper Peninsula relative to this suggestion and ask them to take similar action at the meeting of their new Board in April and forward the names of their local standing committee to the Clerk of this Board so that arrangements could be made for a meeting in the near future for the purpose of organization. It was moved, supported and carried that the request of Supervisor Perkins be granted and the Clerk instructed to forward the communications.

There being no further business, the meeting adjourned until Wednesday, the 20th day of March, A.D. 1929, at 2:15 o'clock p.m.

should have and maintain as a part of the road organization a uniformed motor patrolman.

The purpose of such a patrolman is not to do away with the traffic control now given by the Michigan State Police but to supplement their work and to attend to many duties which it is not proper to be expected of the State Police.

In this regard we call attention to the fact of needing protection to our workmen in many cases; of needing close control of traffic over our operations when we are tarring and on similar work; also to the fact that the county has considerable investment in gravel pits, timber reserves and wider rights of way and that work in preventing trespass would be handled in such manner. At times when not working at special assignments such a man could assist in traffic control.

To work to the best interests we believe this man should be a deputy sheriff and we recommend that the sheriff be authorized to deputize a motor patrolman who shall hired and paid by the County Road Commission.

Yours truly,

Board of County Road Commissioners,

By J. E. NELSON.

Ishpeming, Mich., May 16, 1929.

Honorable Board of Supervisors, Marquette County, Michigan.

Gentlemen:-

In the matter of the road between Champion and Michigamme which was taken up at the last meeting of the Board of Supervisors by C. F. Sundstrom and referred to the Board of County Road Commissioners directing the Board to intercede with the State authorities and request early paving.

This matter has been taken up with the State Highway Department and I personally appeared before the State Administrative Board in the matter and am pleased to report that I have received instructions to proceed with the securing of all necessary rights-of-way, that the Administrative Board has authorized the advertising of the bridge over the Peshekee River, advertising to be ss of August 5th, that instructions have been given to the Plans Department of the State Highway Department to immediately arrange with the Federal Government for the necessary plans in hand, inspection of preliminary plans and that with this accomplished every step that can be immediately taken on this job is in process of execution.

I have been informed that it will be impossible to advertise the grading and paving contract during the current year because of the financial condition of the State Highway Fund. This should not slow up paving as all matters before mentioned will have to be attended to before letting a contract can be had in any instance.

Honorable Board of Supervisors of Marquette County, Michigan.

Gentlemen:--

Your Committee on County Roads and Bridges and the Board of County Road Commissioners to whom was referred the communication from the Marquette County Division of the Upper Peninsula Airways Commission relative to an airport report in the matter.

We met in joint session in the office of the Board of County Road Commissioners on May 13th and considered the matter of an airport for this County, considered information about laws and rules applying thereto and such information as was at hand.

It appears that much further information of a specific character pertaining to sites, costs, etc., should be at hand before we make final disposal of the matter referred to this body and therefor

We recommend, that the Board of County Road Commissioners be authorized and instructed to cause surveys to be made of some suitable site for a County airport, to secure options for the purchase of the necessary lands needed for such airport, to make estimates of cost of what will be necessary in the near future for securing and developing an airport and to ascertain if possible that a field as surveyed will be approved by the necessary State and Federal bodies, and

We further recommend, that your Committee and the Board of County Road Commissioners be granted all necessary time to secure the above information and to report back with further recommendations at early convenience.
