STATE OF MICHIGAN
DEPARTMENT OF CONSERVATION

Marquette, Mich., Nov. 2, 1936.

Board of Supervisors, Marquette County,
Marquette, Michigan.

Gentlemen:-- Last year an informal agreement was made between your body and this department covering the services of Mr. Frank Kreig on land trespass work in the county during the season when he was not employed as a fire warden. We feel that his work was quite valuable in detecting trespass on state owned and tax delinquent land and in securing the payment of delinquent taxes.

We are recommending that a similar agreement be made covering the period from November 15th until about May 1st or such time as the services of Mr. Kreig are again needed on fire suppression. This department will pay one-half of the salary of \$100 per month and all necessary expenses if the county will pay the other half of his salary.

We should be glad to have your Board take action on this proposal and advise this office as soon as convenient.

Yours very truly,

L. N. JONES,
Regional Supervisor.

✓ A communication from L. R. Walker, County Agricultural Agent, requesting additional appropriation for office and travel expense together with a comparative list of appropriations from other counties in the Upper Peninsula from J. G. Wells, Jr., Assistant County Agent Leader, were read, and it was moved by Supervisor McNamara that this be laid over until the January 1937 meeting of this Board. Supported by Supervisor Dobson and carried.

✓ A communication from the Secretary and Treasurer of the Michigan State Association of Supervisors, giving the dates of their annual convention, was read, and as this county is not a member of this Association it was moved by Supervisor Wiseman that the communication be filed. Supported by Supervisor Price and carried.

✓ A communication from Regina Honkavaara relative to complaints having been made in regard to the salary of the stenographer of the Prosecuting Attorney was read, and it was moved by Supervisor Nicholas that the communication be filed and that the Clerk be instructed to advise Miss Honkavaara that no complaints had ever reached the Board of Supervisors. Supported by Supervisor Dobson and carried.

✓ The written and verbal applications for the offices of Superintendent of the Poor, Trustee of Morgan Heights Sanitarium and School Examiner which were laid over from last meeting, were read, and it was moved by Supervisor Mongrain that William S. Ewing be named as Superintendent of the Poor for the ensuing three years, supported by Supervisor Stenglein. It was moved by Supervisor Price that John Robertson be re-appointed as Superintendent of the Poor for the ensuing three years, supported by Supervisor Anderson. The Chair appointed Supervisor Stakel and Muck as tellers and the vote for this office resulted in Ewing 22, Robinson 15, and 2 Blanks. The Chairman declared Mr. Ewing duly elected.

✓ It was moved by Supervisor Stenglein that E. L. Pearce be named as Trustee of Morgan Heights Sanitarium for the ensuing three years and that the Clerk be instructed to cast the ballot in favor of Mr. Pearce for this office. Supported by Supervisor Wiseman and carried.

✓ M. C. Spencer, Secretary of the Marquette County Agricultural Society, presented the names of H. S. Nightingale, Joseph Yelle, Edward G. Muck, Matt Annala, Axel O. Anderson, Evert Laine and John Weiland as the seven Directors of this Society whose terms expire December 31st, 1936. It was moved by Supervisor Nicholas that the persons named be appointed as directors as requested by the Secretary of this Society. Seconded by Supervisor Price and carried.

The report of the Auditing Committee was read, and upon motion of Supervisor Nightingale, supported by Supervisor Gribble, adopted by the following Yeas and Nays vote:

November 12, 1936

The following report was read, and upon motion of Supervisor Nicholas, supported by Supervisor Labold, unanimously carried.

MARQUETTE COUNTY BUDGET AND
EXECUTIVE COMMITTEE

October 22nd, 1936.

To the Chairman and Honorable Board
of Supervisors, Marquette County,
Michigan.

Your Budget and Executive Committee to whom was referred the letter from the Typographical Union No. 359, Sault Ste. Marie, Michigan, report as follows:

The Upper Peninsula Development Bureau had already contracted with a printing firm in Ann Arbor to have the "Hiawatha Lure" printed before the communication from the Secretary of the Typographical Union had had a chance to be considered by your Budget and Executive Committee. We understand that two Marquette County firms presented a bid to the Upper Peninsula Development Bureau, but that the successful bidder, whose print shop is located in Ann Arbor, was given the contract because of a slightly lower price.

We also find on investigation that the Marquette County Board of Supervisors at their Annual Meeting, provided a definite contribution in the Annual Budget to the Upper Peninsula Development Bureau before your Committee had a chance to study the protest voiced by the Typographical Union. It is also a fact that the appropriation provided for in the Annual Budget was not made conditional that the printing of the "Hiawatha Lure" should be done in the Upper Peninsula.

We, therefore, recommend that the County Clerk be instructed to inform the Secretary of the Typographical Union at Sault Ste. Marie, that the Marquette County Board of Supervisors find upon investigation that nothing can be done this year that would make it possible to have the Upper Peninsula Development Bureau's Lure Book printed North of the Straits.

H. E. PERKINS.
J. G. STENGLEIN,
JOSEPH F. LABOLD,
T. J. NICHOLAS,
H. S. NIGHTINGALE,
PAUL VAN RIPER,
CHAS. J. STAKEL,
M. B. RICHARDS.

The monthly reports of County Treasurer, Superintendents of the Poor, and County Jail Physician were read and ordered filed.

The following resolution was read:

RESOLUTION

To the Board of Supervisors of Marquette County:

WHEREAS the Superintendents of Poor of Marquette County maintain an office in Ishpeming under the supervision of one E. R. Nelson; and

WHEREAS it appears that the necessity of maintaining this office has disappeared, for the reason that other agencies and offices are well able to take care of the diminishing relief load; and,

WHEREAS the said Mr. E. R. Nelson is receiving a salary of \$250.00 per month, together with expenses, NOW THEREFORE

BE IT RESOLVED that the Board of Supervisors of Marquette County do and they hereby notify and recommend to the Superintendents of Poor of Marquette County that they discontinue the Ishpeming office and discharge Mr. E. R. Nelson.

Respectfully submitted,

JOHN T. DOBSON, Seventh
Ward Supervisor, Ishpeming, Mich.

Dated November 9, 1936.

Supervisor Dobson moved for its adoption, supported by Supervisor Mackey. The Chairman stated that there was an opinion on the Clerk's desk from the Attorney General relative to this matter and requested the Clerk to read the same, which is as follows:

STATE OF MICHIGAN
ATTORNEY GENERAL'S DEPARTMENT

Lansing, Mich., Oct. 30, 1936.

Mr. John D. Voelker, Prosecuting Attorney,
Ishpeming, Mich.

Dear Sir:-- In reply to your letter of October 26 we wish to answer your questions in order, as follows:

November 12, 1936

(1) We are of the opinion that the Superintendents of Poor of Marquette County can hire and set the salaries of its employes without regard to the recommendation of the Board of Supervisors.

Section 8233 of the Compiled Laws of 1929 provides in part as follows:

"They (superintendents of poor) shall have the general superintendence of all the poor who may be in their respective counties, and shall have power, and it shall be their duty: * * *"

"Third, To employ one (1) or more suitable persons to be keepers of such houses or places (in which poor persons are maintained), and all necessary officers and servants; * * *"

"Seventh, To draw, from time to time, on the county treasurer for all necessary expenses incurred in the discharge of their duties, which draft shall be paid by him out of the moneys placed in his hands for the support of the poor."

The above statute clearly gives the superintendents of the poor the power to employ servants and to set their salaries. The fact that the supervisors are given power by statute to appoint the superintendents of the poor to their office, does not give them the power to control their acts.

(2) We are of the opinion that the County Road Commissioners of Marquette County can employ and set the salary of the superintendent without regard to the recommendation of the board of supervisors.

Section 4003 of the Compiled Laws of 1929 gives the supervisors of Marquette County the authority to appoint the board of county road commissioners but it does not, in any way, limit the general powers of county road commissioners.

We wish to call your attention to Section 3984 of the Compiled Laws of 1929 which reads in part as follows:

"The board of county road commissioners shall constitute and be a body corporate * * *. They shall appoint a competent superintendent, skilled in road building, who may or may not be an engineer who shall under the direction of the board, supervise all road building operations in the county. * * *"

The board of county road commissioners have the power, by statute, to employ the superintendent. The fact that in Marquette County the supervisors have authority to appoint the county road commissioners, does not give the supervisors authority to control the acts of the road commission while in office.

Very truly yours,

DAVID H. CROWLEY,
Attorney General.

By JAMES F. SHEPHERD,
Deputy Attorney General.

Ishpeming, Mich., Dec. 10, 1936.

Honorable Board of Supervisors,
Marquette County, Michigan

Gentlemen:-- In the matter of several petitions which were referred to the Board of County Road Commissioners and your Committee on County Roads and Bridges.

The Board of County Road Commissioners and the Committee on County Roads and Bridges met in the office of the Commission at Ishpeming December 8th, 1936 and considered these various petitions.

In the matter of petition of Matt Lappi and Jacob Koski, relative to work on Road AL in Champion Township.

It appears that there might be a possibility of working this in, under the W.P.A. setup and your Committee recommends that this matter be left in the hands of the Road Commission and if and when it appears feasible, that the matter be taken up by said Road Commission.

December 16, 1936

In the matter of petition of Matt Mackey relative to plowing eleven roads in Humboldt Township. This petition was considered by roads.

It appears that the Road Commission has already included four of these roads in the plowing schedule for the current winter, these being roads where plowing is possible, that their plans with the W.P.A. contemplate improvements on two more of these roads, and that the Road Commission has included in their winter schedule all that it is possible to grant of this petition.

In the matter of petition from John Laitinen and fifty-five other residents of Ewing Township, and an additional petition from W. J. Stephens and sixty-two other residents of Wells Township for extension of Road DA across the Escanaba River and to an intersection with Road 557.

This matter was reviewed and your Committee and the Board report that it is not possible to undertake this work at the present time for financial reasons and that to handle the construction of the bridge as a W.P.A. project does not appear to be feasible because of the fact that the cost of materials for the bridge would run higher than is allowable under a W.P.A. setup.

In the matter of petition from Sanna Ranta and twenty-four other residents of Richmond Township requesting reconstruction of nine roads in Richmond Township.

It appears that these roads are all of such character that plowing is now possible and that plowing is being done on all except a few portions near the end of some of these roads, and that the Road Commission contemplates improvements on these portions if it is possible to work them into the W.P.A. project and that this possibility is limited by the advisability of keeping the labor supply in the vicinity available for the proposed water supply project in the Village of Palmer. It appears that in the main these roads are adequate for the requirements.

In the matter of petition of Theo. Warmanen and fifty-six other residents of Ewing Township relative to graveling Road DB, and a portion of Road DE.

It appears that this work is contemplated in the W.P.A. setup, that to date trucks have not been furnished by the W.P.A. in sufficient numbers to finish Road DA, but it is hoped that the work requested will be reached by the W.P.A. Nothing further is possible by the Road Commission at the present time.

In the matter of petition from Thomas Trewartha and nineteen others relative to widening Road PF.

It appears that this road is now in such shape that it can be plowed and that it is plowed and that the request is not necessary for winter service but it is desirable for safe two way travel.

Your Committee recommends that this be left in the hands of the Road Commission to include in the W.P.A. setup, when possible.

We recommend concurrence in the above action in each of the petitions.

Yours truly,

✓ The following report was read, and upon motion of Supervisor Stenglein, supported by Supervisor Nardi, the report was adopted.

December 1st, 1936.

To the Honorable Board of Supervisor,
Marquette County, Michigan.

Your Committee on Buildings, Grounds and Insurance made an inspection of County Property on October 20th. The Committee was accompanied by the Chairman of the Board, Dr. Paul Van Riper.

The Champion Beach Property was first inspected and found all equipment and property in first class condition. The Committee was very much impressed

December 16, 1936

with the way that the equipment is being stored. The caretaker is to be complimented on the condition of the building and grounds.

The County Road Buildings and grounds were then inspected and also the new garage which was built under the supervision of the County Road Commission using W.P.A. labor. The Superintendent should be commended for the fine constructions of this first class building.

The Marquette County Airport was next visited. Men were working on the caretaker's residence and the garage was completed. The hangar was in practically the same condition as when the Road inspection was made. Up to the time of the inspection by the Committee no steel had been received for the roof.

At Morgan Heights Sanatorium we did not make an inspection of the Hospital Buildings but did inspect the boiler plant. We found that the interior had to be repainted and this has been done. The Chairman later made an inspection and found same in first class shape.

On the 21st of October we inspected the Fair Grounds and buildings and found same in first class condition with the exception of the dining room. Therefore the Committee does hereby recommend that the ceiling and walls be covered with some suitable building material, thus making this building more inviting to the public.

The Court House group was inspected, including the new roof that has been put on the County Jail and the Sheriff's residence. The Committee made a suggestion with reference to fastening the cornice, which has been done.

The County Infirmary was inspected and found everything about the grounds and buildings the same as usual, in first class condition.

The Skandia Garage which was under construction at that time was inspected, and found that this building as well as the caretaker's residence are first class in every respect and a credit to the county.

The Committee was very much impressed with the work accomplished under the supervision of all Department heads in charge. We consider the County fortunate in having men in charge who are vitally interested in their work.

Respectfully submitted,

Ishpeming, Mich., Jan. 11, 1937.

Honorable Board of Supervisors,
Marquette County, Michigan.

Gentlemen:

Your County Planning Committee met on January 8th, 1937.

The following steps have been taken relative to proceeding in the matter of a zoning ordinance and zoning map in compliance with the authority granted by the electorate in the referendum held on September 15th, 1936.

Considerable confusion seems to exist in the County as to what the purpose of this County zoning is to be. In stating the question on the ballot in the election, it was necessary to ballot on making an entire State statute effective in this County, and the question was stated using the title of the statute. The statute permits the zoning regulations on the height, area, size and location of buildings in metropolitan areas.

The confusion mentioned above arises from the fact that this is a statute permitting zoning in all the varying conditions existing in the State outside of city limits. It is the opinion of your committee that the only thing to be desired in Marquette County at the present time is zoning for land use, and that the other permitted types of zoning are not at the present time applicable to this County.

It is the intent of your committee to prepare an ordinance and zoning map which will be subjected to hearings in each of the townships and cities of the county and with all of the information then accumulated a final draft will be prepared to be submitted to your Board. This ordinance and map will be predicated on zoning the county into three land use types, namely; forestry, recreational and unrestricted.

We recommend concurrence of your Board in the procedure outlined.

To produce the above mentioned result your committee has resolved itself into one sub committee which will work with the Prosecuting Attorney for the preparation of a tentative ordinance, and into three sub committees which will work with the County Agricultural Agent, the County School Commissioner and the County Road Commission in the preparation of a tentative zoning map. As soon as these sub committees formulate the ordinance and compile the map your committee will proceed with hearings.

We recommend concurrence in our suggested procedure in this matter.

We have also appointed, K. I. Sawyer as Secretary of the Committee. Mr. Sawyer will act without compensation for this service.

Yours truly,
COUNTY PLANNING COMMITTEE,
By Paul Van Riper,
Chairman.

Supervisor Stakel gave a splendid and illuminating oral report of his attendance at a meeting in Norway, Michigan for the formation of a new Upper Peninsula Supervisor's Association. As only five counties were represented, Supervisor Stakel urged delay in the formation of this new Association.

Supervisor Nicholas moved that a vote of thanks be given Supervisor Stakel for his attendance at and report of this meeting. Motion was supported by Supervisor Nardi and carried.

Supervisor Jernstad began a discussion on the relief program in this County, citing one particular case, whereupon Supervisor Ferring asked for comment on this question from William J. Fountain, County E.R.A. Administrator. Mr. Fountain then explained the Poor Commission set-up in this County. It was moved by Supervisor Nardi, supported by Supervisor Hebert and carried, that the Relief Commission give a full report of monies spent in each Ward and Township, thus enabling the Supervisors of these respective Wards and Townships to become acquainted with relief being given.

✓ The following resolution was read, and upon motion of Supervisor Nicholas, supported by Supervisor Muck, was adopted.

COUNTY OF MARQUETTE

WHEREAS, The terms of several County Officers expired on December thirty-first, 1936,

WHEREAS, The said officers having served Marquette County well and faithfully throughout their period of incumbency,

WHEREAS, It seems fitting in the case of the Probate Judge that special mention should be made. He has served Marquette County efficiently and continuously for over thirty years.

Having received the support of the Electors over such an unusually long period of time, proves capable and honest service for the Public and County needs; but there has been able and noteworthy work done by him that the public does not realize namely;

The rare service and valuable opinions cheerfully and gratuitously given in Committee conferences of Board members, has ironed out numerous wrinkles. His comprehensive knowledge of welfare work, and clarity of thought with understandable exposition, will ever be remembered by Committee members who were fortunate to sit at the table with this master of logical presentation,

WHEREAS, The County Clerk also served the County of Marquette for a period of thirty years. The remarkable service rendered by him with exceptional ability so often demonstrated, has gained for him in the Public Press the name of being ranked with the ablest County Clerks the State of Michigan ever has had.

Apart from the work that could reasonably be expected from him under the Statutes, Frank Jenks has contributed in large measure to a great amount of constructive work accomplished by the Board of Supervisors throughout the years.

His timely suggestions at Board meetings have saved the taxpayers' money, and in some instances prevented chaotic conditions materializing in questions under debate.

Among other valuable contributions to the County's well-being, has been his invaluable assistance to all Board Committees needing his aid. At such Committee sessions he labored long and ably with graciousness and courtesy, knowing full well that such service would never reach the public eye or ear. The exemplary record of these unusual Public servants merits our greatest admiration and esteem.

WHEREAS, William Prin with thirty-five or more years of service, known for his painstaking care in all cases brought within his official circle, is a man who used every proper energy to care for the interest of the taxpayer as well as rendering all needful services in the common weal.

Considerable sums of money could have been easily wasted in the fulfillment of his duties, from which no legal redress could have been secured.

In this official the County had ample evidence of a combination of virtues. Prompt responses when needed, excellent judgment in treatment of cases, made possible by a keen, observing mind with a long practical experience in accomplishments and a business judgment that gave to the County able service with a minimum of expenditures.

WHEREAS, The Mining Inspector throughout the years of his incumbency has brought the office up to a point of high efficiency and strict, honorable dealing. Equipped from the beginning with a background of practical mining accomplishments, and a studious life in safety measures, he is known by both miners and mine corporations to be highly competent, courageous and a square shooter. To others in the County outside of mining activities, he is universally known as a courteous gentleman.

January 20, 1937

THEREFORE, Be it resolved that this Board being fully cognizant of the meritorious services rendered, do hereby tender to all of said officers, together with their able and courteous staffs of clerks and typists, our heartiest vote of thanks for the high type of services so graciously rendered to the people of Marquette County, and the Board of Supervisors.

Be it further resolved that this resolution be spread upon the minutes of the Board of Supervisors, and a copy given to the Daily Press of the County.

T. J. Nicholas,
C. E. Dolf,
Jas. A. Jernstad,
Committee.

The Chairman ordered a rising vote of thanks to the outgoing officers.

The monthly reports of County Treasurer, Superintendents of the Poor, Morgan Heights Sanatorium and County Jail Physician were read and ordered filed.

The monthly report of Frank E. Krieg, Trespass Agent, was received and ordered filed.

The following resolution was read, and upon motion of Supervisor Perring, supported by Supervisor Muck and carried, was referred to the Budget and Executive Committee and the Prosecuting Attorney.

BOARD OF COUNTY ROAD COMMISSIONERS

Ishpeming, Mich., Jan. 30, 1937

Honorable Board of Supervisors,
Marquette County, Michigan.

Gentlemen:

In the matter of preparing resolution and transmitting same to the Honorable Murray D. Van Wagoner, State Highway Commissioner, as directed at the last meeting of your Board.

Your Board of County Road Commissioners and Committee on County Roads and Bridges met on January 29th, 1937. A resolution, of which copy is attached, was prepared and transmitted to the Clerk with a request that he transmit same to the Honorable Murray D. Van Wagoner, State Highway Commissioner, pursuant to direction of your Board, and the further request that he transmit copy thereof to the Honorable C. F. Sundstrom, Member of the House of Representatives, and copy to the Honorable John C. Wickstrom, Senator from this district.

Yours truly,

COMMITTEE ON COUNTY ROADS AND BRIDGES,
By W. J. Wiseman,
Chairman.

Allan Swanson,
M. B. Richards,
William Nelson,
E. G. Muck,
T. J. Nicholas,
Bernard McNamara.

WHEREAS M-95 from Republic to Iron Mountain has, with the exception of a small gap, been reconstructed into a fine modern road with wide, safe grades, good alignment and surface; and,

There still remains on this Road M-95 the comparatively short portion extending Northerly from Republic to U.S. 41, which has never been rebuilt since it was cut through the woods years ago, and this portion of the road is narrow and crooked, having sixty-four curves and turns in approximately eight miles, and there are several dangerous situations arising from very narrow one way traffic bridges and excessively dangerous railroad crossings on curves and at the base of hills, and the dangerous character of this stretch of road has contributed to many and serious accidents, and,

This M-95 is the principal route of travel between the Marquette and Menominee Iron Ranges, and points beyond, and the above mentioned portion of this road carries heavy local travel between Republic and Marquette Range points, and,

There are at the present time between two and three hundred men working on W.P.A. and resident either in Republic or Humboldt Townships traversed by this road or within easy access to this road, who could be employed to advantage in reconstructing this portion of M-95; and,

Articles in the newspapers have indicated that surveys are to be initiated by the State Highway Department for the re-routing of this road and such articles indicate that the time when this road will be reconstructed is uncertain and possibly distant in the future;

THEREFORE BE IT RESOLVED, by the Board of Supervisors of Marquette County

That, we commend the Honorable Murray D. Van Wagoner, State Highway Commissioner, for initiating steps for the surveying of this highway and that,

We petition the Honorable Murray D. Van Wagoner, that he take into account the vital need to the Marquette Range of the reconstruction of this road and the availability of relief workers, and that he place this road under construction at the earliest possible date.

MARQUETTE COUNTY BUDGET AND EXECUTIVE
COMMITTEE

Ishpeming, Mich., Feb. 19, 1937.

To The Chairman,
The Honorable Board of Supervisors,
Marquette, Michigan.

Dear Sir:

At a meeting of the Budget and Executive Committee held in the Court House at Marquette, on Friday afternoon, January 29th, certain matters referred to this Committee by the Board of Supervisors, were considered.

We are pleased to report that we did not have to take any definite action on the subject matter in the letter from Mrs. E. Sandell, former County Register of Deeds. If the Board will recall, Mrs. Sandell, through her attorney, Mr. Clarence E. Lott, made a request that the abstract fees for the years 1933-34, which she had deposited with the County Treasurer, be returned to her personally. Mr. Perkins, Chairman of the Committee, reported that Mrs. Sandell had asked him to interview her, and she stated that after reconsidering the matter in her own mind, she had decided not to make the specific request for the abstract fees for those years. In view of the new developments in this particular instance, we recommend that the Board of Supervisors let the matter drop, and that Mrs. Sandell's communication be filed.

The Committee also reviewed the communication presented to the Board by J. E. Hayden, former County Treasurer, in which he asks for a reimbursement in whole or in part of the proportion of the salary paid to the Deputy Treasurer out of his own pocket, but after viewing this matter from all angles, we recommend to the Board of Supervisors that this request be denied.

With reference to the County Treasurer's bond and the matter of designating definite depositories for County funds, because the Committee was unable to contact the

February 24, 1937

Prosecuting Attorney, it was decided that the Committee would make no definite recommendation to the Board of Supervisors. It was further agreed, however, that if before the next meeting of the Board of Supervisors, an emergency arose by the cancellation of the Treasurer's bond, which is now in force, that the Committee meet and decide definitely with the Prosecutor, as to the proper procedure.

We understand, however, that the bond has not been cancelled, and for that reason have taken no definite action, and furthermore, we did not make any specific recommendation to the Board of Supervisors.

Presumably, the question will arise again at the next meeting, and the Prosecuting Attorney will have additional information to submit to the Board.

The bond of Roscoe W. Baldwin, Circuit Court Commissioner, was presented, and upon motion of Supervisor Stenglein, supported by Supervisor Anderson, referred to the Prosecuting Attorney.

The monthly report of Frank E. Krieg, Trespass Agent, was received and ordered filed.

The monthly reports of County Treasurer, Superintendents of the Poor, County Jail Physician and Morgan Heights Sanatorium were read and ordered filed.

Judge Khoury again addressed the Board asking for permission to hire a temporary assistant in his office until disposition of previous request. DELTA COUNTY, MICHIGAN RESOLUTION

WHEREAS, it appears to be the concensus of opinion of hunters, woodsmen and conservationists that there is a marked decrease in the number of white tail deer in the several counties of the Upper Peninsula and it is feared that if the annual kill of deer continues at the same rate as in former years that the deer will be totally depleted.

AND WHEREAS, the continued decrease in the number of deer in this peninsula will be a serious economic loss; would do much to affect all wild life, and directly and indirectly will affect the tourist traffic to the peninsula, and destroy, in part, the lure to this section as a recreation and summer sports area.

March 24, 1937

THEREFORE BE IT RESOLVED, that the Board of Supervisors of Delta County in meeting assembled, January 4, 1937, go on record as favoring the enactment of legislation amending the game laws of this State so as to provide for an alternate closed and open season for killing of deer, such seasons to conform to the deer seasons in the State of Wisconsin, and when open, that each licensee be permitted to kill one deer regardless of sex.

MARQUETTE COUNTY BUDGET AND
EXECUTIVE COMMITTEE

Ishpeming, Mich., March 18, 1937.

Honorable Chairman and Board of
Supervisors, Marquette County, Mich.

Gentlemen:-- Your Budget and Executive Committee have had under consideration various items referred to it by the Board of Supervisors, and beg leave to report as follows:

We recommend that in the event the Board of Supervisors is compelled to definitely designate depositories for County funds, that the County Treasurer's bond be reduced from \$125,000 to \$25,000.

We also recommend that if the various commissions and their agencies in the County who are handling County money after it has been turned over to them by the County Treasurer, do not have their employees bonded, that each and every department furnish suitable bonds in the amount to be determined by each commission, covering the personnel in each department.

We also agreed that the Judge of Probate be allowed not to exceed, if the necessity arises, the amount of \$400.00 per year for extra clerk hire for his office for the year 1937.

We also recommend with reference to the re-indexing of the 13 Miscellaneous Record Books in the County Register of Deeds office, that Register of Deeds advertise for bids for the indexing of these Miscellaneous Records. After the bids have been received, we recommend that he report back to the Board of Supervisors.

(Signed)

Supervisor Nardi moved that the County Road Commission revise its wage scale to provide for a minimum base wage of \$4.00 a day for labor in conformity with pay scale of Mining Companies and the various cities in the County. Mr. Sawyer concurred in Supervisor Nardi's attitude but explained the limited budget they were working under and that they were working under the same scale as the State Highway Department. He explained that by revising the County scale of wages it would conflict with the State scale of wages and that it would be impracticable to work under these conditions. He also explained that they were negotiating with the State Highway Department for favorable revision of wages. The above motion was supported by Supervisor Mackey and unanimously carried.

There being no further business, it was moved by Supervisor Wiseman that the Board adjourn, subject to the call of the Clerk. Supported by Supervisor Allen and carried.

MARQUETTE COUNTY BUDGET AND EXECUTIVE COMMITTEE

Ishpeming, Mich., May 5, 1937.

Honorable Chairman and Marquette
County Board of Supervisors, Marquette,
Michigan.

Gentlemen:

Your Budget and Executive Committee upon considering the matter of increasing the amount allowed for feeding prisoners in the County Jail, taking into account the increase in the cost of food, recommend, that the rate of 50 cents per day be increased to 65 cents per day effective upon adoption by the Board of Supervisors as of June 1st, 1937.

With reference to the communication of Wilfred Murray, Spanish-American war veteran, regarding the restoration of the tax exemption to Spanish-American war veterans to comply with Section 7, Act 206, of the Public Acts of 1893, and Section 3395 of the compiled laws of 1929, after conferring with the Prosecuting Attorney, we recommend the County Clerk be instructed to notify Mr. Murray to take the matter of exemption up with the local assessor of Board of Review in the assessing district where his property is located.

Your Budget and Executive Committee also recommend that in view of the fact that the Board of Supervisors failed to recommend an annual salary for the County Drain Commissioner at the last Annual Meeting of this Board held in October 1936, that the Auditing Committee be empowered to pay a reasonable amount per diem and for expenses, whenever the County Drain Commissioner turns in a report for which he can legally qualify for payment of services.

The Committee also recommends that the request of the Register of Deeds for extra clerk hire be denied. An investigation of the work performed by this office indicates that there is less need for extra clerk hire than there was last year. For the first four months of 1936, the fees received for recording deeds, mortgages, etc., averaged \$512.36 per month. For the first three months of 1937 the fees turned in to the County Treasurer's office by the Register of Deeds, averaged only \$219.79 per month, which would indicate that the amount of work required for recording deeds, mortgages, etc., is only 40% of the previous year. In view of the fact that the Annual Budget adopted by the Board of Supervisors provides for a salary and larger compensation for extra clerk hire than was put in for the year 1936, and in view of the fact that the work in the Register of Deeds office is considerably less than the previous year, we recommend that the Board of Supervisors do not make any additional appropriation for extra clerk hire, and

May 19, 1937

that the amount established in the Annual Budget of October 1936 is amply to carry on all of the work in this office.

Respectfully submitted,

H. E. Perkins,
T. J. Nicholas,
Joseph F. Labold,
M. B. Richards,
H. S. Nightingale,
Paul Van Riper,
Chas. J. Stakel.

It was moved by Supervisor Stakel, supported by Supervisor Nightingale and carried, that the Clerk be instructed to notify the Register of Deeds that he should advertise for bids for the proposed re-indexing referred to in the Budget and Executive Committee's report.

The monthly report of Frank E. Krieg, Trespass Agent, was received and ordered filed by the Chair.

The monthly reports of Superintendents of the Poor, County Treasurer and Morgan Heights Sanatorium were read and ordered filed.

A communication from the cities of Ishpeming, Marquette and Negaunee signed by the attorneys of these respective cities, was read by Herbert J. Potter. City Attorney of Ishpeming, Michigan. The attorneys claimed there was an illegal distribution of County Road money under the Horten Act which has resulted in a loss of \$20,796.50. It was moved by Supervisor Stakel, supported by Supervisor Nightingale and carried, that the above claim be referred to the Highways and Bridges Committee, the Marquette County Road Commission and the Prosecuting Attorney, for study and to report back to the Board.

The following resolution drawn up by Supervisor Dolf and Supervisor Mongrain was read, and upon motion of Supervisor Mongrain, supported by Supervisor Price, was adopted.

Mr. Chairman:--

Upon the death of Mr. Thomas M. Redmond which occurred on March 24th, 1937, Marquette County lost one of its valued and highly respected citizens.

Tom, as he was universally known, was born at Hancock, Michigan, on April 2, 1895 and moved to Marquette at the age of twelve and had since made his home here. Graduating from the Marquette High School in 1913, he later became established in the insurance business and was so engaged up to the time of his death. Mr. Redmond was considered an authority on insurance matters and often acted in an advisory capacity in the writing of various lines of insurance.

On June 25th, 1918, Mr. Redmond enlisted at Camp Custer and served his country overseas until April 2, 1912, when he returned and was honorably discharged on April 19, 1919, when he resumed his activities in the insurance business.

On June 25th, 1935, Mr. Redmond married Miss Elsie Simister who survives him, as does a sister, Mrs. W. D. McIntosh, of Los Angeles, California.

As a public spirited citizen Mr. Redmond was outstanding, his qualifications being such as spelled real service in whatever his undertakings happened to be. As chairman of the Marquette County Chapter of the American Red Cross and as one of the trustees of the Marquette County War Chest Fund his services were invaluable, and were always given with one idea in mind, that of service to his fellow men.

His untimely death has left a vacancy in the life of this community that will be hard to fill.

Therefore be it resolved that we, the members of the Marquette County Board of Supervisors, hereby express our profound regret at the passing of Mr. Redmond, and that a copy of this resolution be spread upon the minutes of this meeting and a copy sent to members of the deceased's family.

C. E. Dolf,
Joseph Mongrain,
Committee.

Supervisor Mongrain moved that the resolution be placed on file. Supported by Supervisor Gribble and carried.

Ishpeming, Mich., June 23, 1937.

Honorable Board of Supervisors,
Marquette County, Michigan.

Gentlemen:

In the matter of petitions referred to the County Road Commission and your Committee on County Roads and Bridges.

Petitions which we considered were from Humboldt Township for reconstruction of twenty-one roads, from Negaunee Township for a road between the Negaunee Cemetery and U.S. 41, from Negaunee Township for reconstruction of the Mitchell Road, from Skandia Township for reconstruction of Road OC, and from Ewing Township for extension of reconstruction on Road DF and reconstruction of Road DB.

Your Committee met first on May 25th and again on June 22nd for the purpose of viewing the premises involved in each instance.

We then considered all petitions and considered at length the finances available in the hands of the County Road Commission.

It was pointed out that Roads DF and DB in Ewing Township were in the present W.P.A. setup and that Road FFU and FFY in Humboldt Township were in the present W.P.A. setup and will be taken care of if and when reached by the W.P.A.

It was pointed out that the County Road Commission is not in a position to finance any improvements to which they are not already committed, and continue to provide the services they have given in the past without some additional revenues.

Because of the lack of finances in the hands of the County Road Commission we recommend that all of these matters be referred to the County Road Commission for consideration if and when the finances will permit their consideration.

Yours respectfully,
COMMITTEE ON COUNTY ROADS AND BRIDGES,
W. J. Wiseman,
Chairman.

BOARD OF COUNTY ROAD COMMISSIONERS
Ishpeming, Mich., June 22, 1937.

To the Honorable Board of Supervisors,
Marquette County, Michigan.

Gentlemen:

In the matter of the claim presented at the last meeting

June 28th, 1937

of our Board by the cities of Ishpeming, Marquette and Negaunee through their respective city attorneys and involving the allocation of money returned to Marquette County from the motor vehicle weight tax and the gasoline tax.

This claim was referred by you to the County Road Commission, the Committee on County Roads and Bridges of this Board, and the Prosecuting Attorney.

The joint group, to which this matter was referred, met in the Supervisors Chamber in the Court House, with representatives of the cities on June 10, 1937.

Mr. Potter re-stated the position and claim of the cities in the matter.

Mr. Sawyer stated the claims and position of the Board of County Road Commissioners in the matter.

The Prosecuting Attorney made remarks in the matter, in which he pointed out that the matter depended on the correct meaning of a certain paragraph in the statutes, that this correct meaning was never a certainty until the matter had been tried out in court. That court action was always somewhat uncertain as to results, and that he as prosecutor had convinced himself of the reasonableness and common sense of the position of the Road Commission and believed that if necessary to enter court action in the matter, it is probable that the position of the Road Commission would be sustained in court.

For the cities, debate was had in the matter by Attorney Potter, Mayor Jacques, Mayor Agnoli and Mayor Pro Tem. Kenney.

For the County Road Commission, debate was entered by Messrs. Spear and Sawyer.

Captain Nicholas spoke on the duties of the joint body in the matter.

After hearing all matters adjournment was taken until June 22nd. Your Committee and the Road Commission again met and pursuant to action on that day;

We recommend that the claims of the three cities be denied.

As a matter of record and to file with this report we are attaching copy of the claim as presented by Mr. Potter and;

Copy of brief of the the Road Commissioners' claims and position as presented by Mr. Sawyer.

BOARD OF COUNTY ROAD COMMISSIONERS

Ishpeming, Mich., June 21, 1937.

Honorable Board of Supervisors,
Marquette County, Michigan.
Gentlemen:

Your Committee on Legislation and County Parks met with the Board of County Park Trustees on June 18th, 1937.

Together we visited Champion Beach Park where we found the park fully prepared for the summer season and in good condition. Electric service for trailers has been installed and all buildings and appurtenances are in good repair.

We visited the Dexter emergency landing field where we found the field outlines cut with harrow work, and from there visited the County Airport and then the Big Bay Park.

June 28th, 1937

At the County Airport we found that runways have been stabilized, all buildings in the W.P.A. program, except the hangar, built and in use and work on the hangar moving along well.

The Board of Park Trustees discussed the matter of fees and regulations at the airport and there is hereto attached a schedule of fees and regulations which are now in effect. Relative to these regulations, it is pertinent to point out, that the matter of liability on the County arising from such things as taking a fee or percentage of revenue from carrying passengers, etc., has been gone into and liability does exist if the County becomes a party to such use by taking money therefor. The matter of insurance against this liability is being gone into and will be analyzed against probable revenues. Until insurance against this liability is secured the Board of County Park Trustees will not take any revenue from such sources as carrying passengers, air circuses, etc., and the revenue derived will be solely from storage in the hangar and sale of gasoline and oils.

At the Big Bay Park we found the grounds very considerably improved, the caretaker's house reconstructed and in good order, and plans underway for construction of two comfort stations.

We also considered the matter of certain pending legislation and authorized the Chairman to wire Senator Wixtrom of our approval of House Bill 119 which would allocate a portion of the sales tax money for County Road purposes.

Yours respectfully,
 COMMITTEE ON LEGISLATION AND COUNTY PARKS.

The following report of the Budget and Executive Committee was read, and on motion of Supervisor Perkins, supported by Supervisor Labold and carried, was adopted.

MARQUETTE COUNTY BUDGET
AND EXECUTIVE COMMITTEE

May 27th, 1937.

To the Honorable Chairman and Board
of Supervisors, Marquette, Michigan.

Gentlemen:

Your Budget and Executive Committee after carefully considering the subject matter of the two requests referred to it by the Board of Supervisors on May 19th, beg leave to report as follows:

Regarding the communication of Mr. Wilbur E. Crowley, Marquette County Supervisor of the Old Age Assistance Bureau, wherein he refers to Act 159, of the Public Acts of 1935, particularly that Section of the Act which reads as follows: "The Board of Supervisors shall provide space and the necessary office equipment for the use of the Old Age Assistance Bureau, and appropriate the necessary funds for the payment of the office expenses required of said Bureau", arrangements have been made to move a desk from the Court House just as soon as Mr. Crowley finds suitable quarters to house the equipment.

With reference to the letter of Mr. Khoury, Judge of Probate, requesting an appropriation for additional clerk hire over and above that granted by the Board of Supervisors on March 24th, this year, your committee respectfully calls your attention to the fact that on March 24th, when the entire Board of Supervisors was in session, upon motion made by John T. Dobson, the following resolution was moved for adoption, to wit: "We also agree that the Judge of Probate be allowed, not to exceed, if the necessity arises, the amount of \$400.00 for extra clerk hire for his office for the year 1937." This motion, upon being seconded, by Mr. Nightingale, was unanimously adopted by the Board of Supervisors.

In view of the foregoing facts, your Budget and Executive Committee, despite the fact that the communication of M. J. Khoury, dated May 18th, was referred to the Budget and Executive Committee, feel that this Committee has no right to recommend that the Board of Supervisors grant the request of the Judge of Probate, because, the resolution heretofore referred to and adopted by the Board, explicitly stated that the \$400.00 allowance for extra clerk hire was not to be exceeded for 1937.

We therefore recommend that the Board of Supervisors authorize the County Clerk to receive the communication of the Judge of Probate and place it on file.

Respectfully submitted,
H. E. Perkins,
H. S. Nightingale,
Joseph F. Labold,
M. B. Richards,
Paul Van Riper,
Capt. T. J. Nicholas,
Chas. J. Stakel.

Supervisor Laine moved that the Board adjourn until 1:30 o'clock p.m. to enable the Equalization Committee to study and complete their report and submit it to the Board. Supported by Supervisor Jernstad and carried.

Board re-convened at 1:30 o'clock p.m. and roll being called the following Supervisors were found to be present:

Anderson, Annala, Danielson, DeGroat, Dobson, Dolf, Erkkila, Ewing, Ghiardi, Goulette, Gribble, Halmeoja, Jernstad, Labold, Laine, Mackey, Miller, Mitchell, Mongrain, Muck, Mussatto, Nardi, Nicholas, Nightingale, Perring, Perkins, Price, Richards, Sanders, Stenglein, St. Onge, Sundlie, Swanson, Toms, Weiland, Wiseman, Yelle and Van Riper--38.

The following report of the Agriculture Committee was read, and on motion of Supervisor Labold, supported by Supervisor Mackey, was adopted by the following Yea and Nay vote:

The agricultural committee met Monday, July 19, in the county agricultural agent's office in the Court House. The meeting was called to discuss various activities of the county agricultural agent.

The grasshopper situation was discussed and it was learned that there were sections of the county where the grasshoppers were numerous enough to cause damage. Poison bait has already been made at Lawson in Skandia Township and will be made in Ewing Township on Thursday of this week.

The grasshopper situation can be taken care of without a special appropriation as the county has on hand \$688.38 worth of bran, or approximately 30 tons. There is stored at Ishpeming and other places 26 barrels of calcium arsenite besides several barrels of molasses, so we have more bait material than will be used this year. If any supervisors have complaints of grasshopper damage, they may turn them over to Mr. Walker and he will take care of the situation.

This last year the county agricultural agent has had over four hundred 4-H Club enrollments scattered over almost every township in the county. Club achievement days are held every fall and spring in various sections of the county. Cash prizes are given to outstanding club exhibits and to outstanding individual exhibits. Prizes of expenses paid at Camp Shaw during 4-H Club encampment are also made to thirty boys and girls over fifteen years of age who are given the title of county honor members in the various projects, such as clothing, handicraft, canning, potato, garden, forestry, health and for various contests.

The State Department of Agriculture handles the Race Horse money and about \$35,000 of this Race Horse fund is appropriated to 4-H Club work in the State. Marquette County 4-H club work received \$490. of this fund this last year. This money can be used for prizes, camp expenses, and various other purposes, but not for transportation to Camp Shaw. A school bus can be hired at Republic to take the 4-H Club members of the county to Chatham on Monday, August 2, and return on Saturday, August 7, for \$30. This has been done for several years and the committee recommends that the county agricultural agent be authorized to hire the bus again this year and the sum of \$30 be allowed for the hire of the same.

A.D. 1937.

To the Honorable Board of Supervisors
of Mackinac County:

Your Committee on Special Taxation respectfully asks the United States Government to adopt the same system that the State of Michigan has that will reimburse the several counties for the loss they are taking by the purchase of the lands from owners who were taxpayers.

We respectfully report and offer the following resolution:

1st. WHEREAS, The U. S. Government has been purchasing a considerable acreage of lands to set aside for Federal Forest Reserves, and

Board of County Road Commissioners

Ishpeming, Mich., Sept. 14, 1937.

Honorable Board of Supervisors,
Marquette County, Michigan.

Gentlemen:-- The County Road Commission has been receiving a great many complaints relative to the bill boards which have been erected along side of our highways. We are also informed that other companies contemplate erecting bill boards if those now erected are continued in use.

We do not feel that the Road Commission should operate independently and alone, but desire to put into effect, instructions to our forces as shown on the attached resolution, provided the Board of Supervisors put similar instructions into effect in the balance of the county. From previous experience we know this practice is effective in discouraging the erection of signs, as similar practice was used for several years.

I trust you will give this your careful consideration.

Yours truly,
BOARD OF COUNTY ROAD COMMISSIONERS,
By K. I. Sawyer, Supt.

WHEREAS the State of Michigan and also the County of Marquette have expended money and their representatives have spent time and effort to beautify the roadsides and preserve the natural beauty of the country side.

AND WHEREAS there is now a practice by some parties to detract from the beauty of the country side through the erection of bill boards and other advertising matter, therefore;

BE IT RESOLVED, that those doing the purchasing for this department, when prices and other things are substantially equal, be directed to place all orders with the

individuals, firms and corporations who co-operate in preserving the natural beauty of this county by not using bill boards or other outdoor advertising material at any point, except immediately in front of where goods or services are sold.

A communication from the Marquette County Road Commission citing the contemplated centralization of schools by transporting students from Wells Township to Gwinn and from Ewing Township to Maple Ridge Township school at Rock in Delta County, was read. Copies of above were sent to the interested township, county and state school authorities. The communication stated the Commission has neither money or equipment enough to keep the proposed routes in a condition to insure safe transportation in the winter and that the Commission will not assume the responsibility for the safe transportation of children on these routes.

The above communication was ordered received and placed on file by the Chairman.

A communication from the Upper Peninsula Development Bureau relative to advertising in the 1938 issue of "Lure of the Land of Hiawatha", was read. Supervisor Stenglein moved that it be referred to the Budget and Executive Committee. Supervisor Nicholas urged the Committee to deliberate on the possibility of having the publication printed in the Upper Peninsula and that information be obtained on the letting of contracts for the publication. Supported by Supervisor Anderson and carried.

The report of the Auditing Committee was read, and upon motion of Supervisor Nightingale, supported by Supervisor Price, was adopted by the following Yea and Nay vote:

Ishpeming, Mich., Sept. 8, 1937.

Honorable Board of Supervisors,
Marquette County, Michigan.

Gentlemen:--Your Committee on County Roads and Bridges and the Board of County Road Commissioners met on September 3rd, 1937, at which time a very lengthy discussion was had on finances, after which the following petitions were considered:

✓ Supervisor Gribble moved for the adoption of the following report of the Committee on Buildings, Grounds and Insurance. Supported by Supervisor Mongrain and carried.

REPORT OF COMMITTEE ON BUILDINGS, GROUNDS AND INSURANCE.

To the Honorable Board of Supervisors
of Marquette County, Michigan.

Gentlemen:-- Your Committee on Buildings, Grounds and Insurance beg to submit the following report on their tour of inspection of buildings and grounds, made in the following places: Champion Beach, County Road Commission property, Air-port, Morgan Heights Sanitarium, Fair Grounds, and County Infirmary. At Champion Beach, we found conditions in wonderful shape, grounds all cleaned and buildings kept up to the highest standard; crowds at the Bath House this year have been exceedingly large. At the County Road Buildings and Grounds, we also found everything in good shape. At the Air-port, everything is about complete and pretty well enclosed. At Morgan Heights Sanitarium, buildings are in good shape; grounds clean, and very pleasant to look at. At the Fair Grounds, we found grounds and buildings all cleaned up, which is saying a good deal as the County Fair had just closed only a few days before. This Committee would recommend that before the opening of the county fair next year, that some competent person be engaged to make a thorough inspection of the grand stand to see that it is absolutely safe to withstand the large weight that it has to carry. At the Court House, we find that at some date in the near future there will have to be some minor repairs in the Court room. At the Jail, a much needed coat of paint is about complete. At the Infirmary, we found buildings and grounds kept up to the highest standard.

In regard to insurance, it is our recommendation that all insurance written on a Co-Insurance basis be brought up to a proper amount to agree with the current values as shown on the last Lloyd-Thomas appraisal. Insurance on items not covered under a Co-Insurance clause to remain as is except in some unusual case or cases where a perceptible increase warrants an increase.

In conclusion, we think the people in charge of the various departments mentioned in this report, should be given credit for the way in which they have taken care of the public's property.

Respectfully submitted,
Thomas Gribble, Chairman.
Joseph Mongrain,
James Nardi,
John T. Dobson,
John Ghiardi,
Joseph Yelle.

✓ The following survey of the Committee on Buildings, Grounds and Insurance was read and on motion of Supervisor Gribble, supported by Supervisor Ghiardi and carried, was referred to the Finance and Taxation Committee for study.

Ishpeming, Mich., Sept. 8, 1937.

Honorable Board of Supervisors,
Marquette County, Michigan.

Gentlemen:-- Your Committee on Buildings, Grounds and Insurance has caused preliminary estimates to be made for the purpose of improving the grounds of the Court House and Jail by the construction of concrete paved driveways and parking area.

September 15, 1937

The doing of this work is necessary because of the fact that these areas are now imperfectly drained and are not susceptible of satisfactory maintenance in their present condition.

The estimate of doing the desired work is as follows:

Excavation and preparation of sub grade	\$ 210.00
Removing scale pit, re-shaping conduit, etc	172.50
Catch basin and tile drain outlet	127.00
6" reinforced concrete pavement	2,887.00
	<u>\$3,397.10</u>

We recommend that provision for doing this work next summer be made in the appropriations to be made at the annual meeting.

✓ Supervisor Wiseman moved that the Chairman appoint a Salary Committee of three to study salaries of County employees, exclusive of County officers, to report to the Budget and Executive Committee to enable them to prepare next year's budget. Supported by Supervisor Price and carried.

✓ Supervisor Stakel gave some pertinent remarks regarding new laws pertaining to Supervisors passed by the recent Legislature. Supervisors will be allowed \$5.00 per diem instead of \$4.00 per diem and a reduction in mileage fees of from 8 cents to 5 cents. Also under the new laws no member can attend more than fifteen regular meetings a year or more than forty special meetings and the annual meeting cannot last longer than ten days.

Also that Township Treasurers will now become members of the Township Board.
