Proposal To Permit Blacks To Go Home Rejected By Jamrich

By John X. Jamrich, pres-
dent of the university, today announced that the committee on black stu-
dents, which had been promised the opportunity to change its policy, would not
be permitted to do so. The committee, headed by President Jamrich and the head
of the Association of Black Students, had previously expressed the wish to
allow black students to remain on campus during the summer.

"The committee on black stu-
dents," said Jamrich in a
statement, "has made its posi-
tion clear. We cannot support a
recommendation that black stu-
dents be permitted to stay on cam-
pus during the summer because it
will not be possible to provide all the
necessary services." Jamrich added
that classes will continue as
planned during the summer.

The statement ends: "It is
important to note that the uni-
versity is committed to providing
an inclusive environment for all its students."
