

ANNUAL REPORT  
OF THE  
MORO MINE. (1918)

Shipments.

The Moro Mine remained closed throughout the year. All the ore in stock was loaded by steam-shovel and shipped. This ore was crushed at the Lake Superior Hard Ore and at the Maas Mine.

Table I.

Shipments.

Scotch-----	13,834 Tons
Scotville-----	<u>81,772 "</u>
Total	95,606 Tons

Surface.

The old rock dump was leveled off and the rock spread out in the field between the dump and Division St. The trestle over the road leading to the coal-dock was also filled. This work was done by steam-shovel in October and November.
