MISS ETHEL G. CAREY
Dean of Women at Northern 1924-1956

Northern In Transition

Northern is moving into a future filled with problems and promises: a growing enrollment, and more students yet in prospect; the finding of additional staff, the building of additional classroom space, lab space, and housing; attracting superior students; adapting subject-matter and teaching methods to new conditions. We know that as we grow we must also change with changing times, but we also know that the knowledge and experience of the past must be preserved. We prepare for the future guided by traditions created by dedicated men and women who have served Northern, and education, in earlier years. Dr. Henry A. Tape and Miss Ethel G. Carey, who retired last year as President and Dean of Women, are worthy representatives of that continuing spirit of Northern to which we dedicated our book.

DR. HENRY A. TAPE
President of Northern
1941-1956

DR. EDGAR L. HARDEN
Our New President

In many ways higher education today is in transition. In enrollment prospect, the population curve is at a low point before the predicted sharp ascent in the decade beginning in 1960. The vital relationship between the talents and abilities of college-trained people and the prosperity and security of a nation is only beginning to be broadly understood. The tremendous needs of educational institutions are collectively just now becoming clearly defined; and the waste of precious human talent not now brought to maximum usefulness has become a national concern.

Northern Michigan College, thanks to the leadership of such people as President Harry Tape and Miss Ethel Carey to whom this book has been dedicated, and their predecessors, is ready to meet the challenges of the last half of the Twentieth Century.

Edgar L. Harden, President

Spooner Hall, open last fall

Library reading room, in use

And a new addition growing on Spooner Hall, to be open next fall.

Construction in progress

And more land being cleared for more buildings

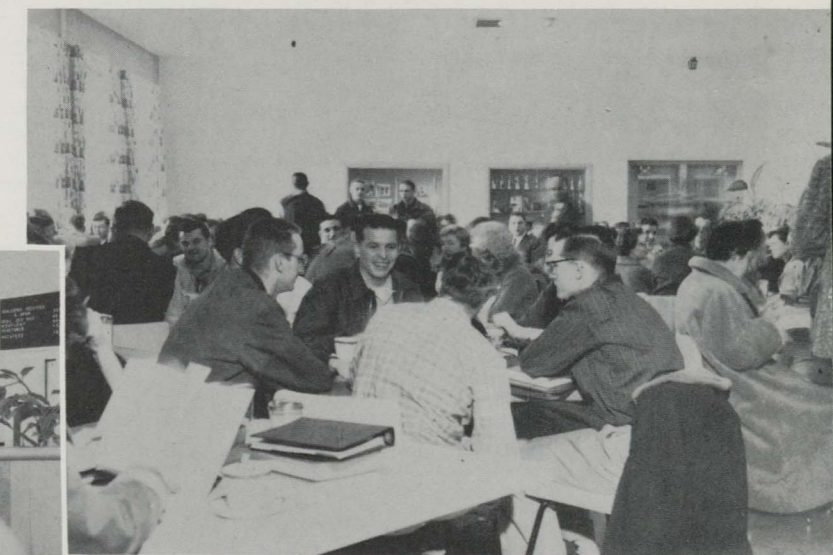

Transition at Northern is marked, in the physical sense, by old buildings coming down and new buildings going up, interiors of old buildings coming out and new interiors going in. White Hall has been remodeled to offer better facilities for our science teachers and our budding scientists. Our Caf has been redecorated, including what is sometimes facetiously referred to as "the longest ashtray in the world"—but really we're proud of our potted plants. Spooner Hall, residence hall for men, was no sooner finished than we saw the need for an addition to hold more Northern men. A new heating plant cares for our increased number of buildings, and a new service building covers the new Fords needed for our increased extension service. Beams and concrete mark where our new gymnasium and physical education plant is rising, complete with swimming pool. Brick apartments for married students rise where boys used to dig angleworms in the College Woods, and soon the shacks of Vetville will come down to allow for re-landscaping. The business office, the book store, and the business department occupy new or remodeled quarters. The library, and of course the cafeteria, show the influx of more and more students. New curricula, as printing in Industrial Arts, are offered as faculty and student body increase. Of vital importance to all students, a new coffee maker in the Caf furnishes better coffee, and at no increase in price. But old landmarks remain, and if you are an old grad planning to return to Northern, or a this year's senior expecting to return in later years, we trust that Northern will still feel like home.

The new Book Store makes browsing possible

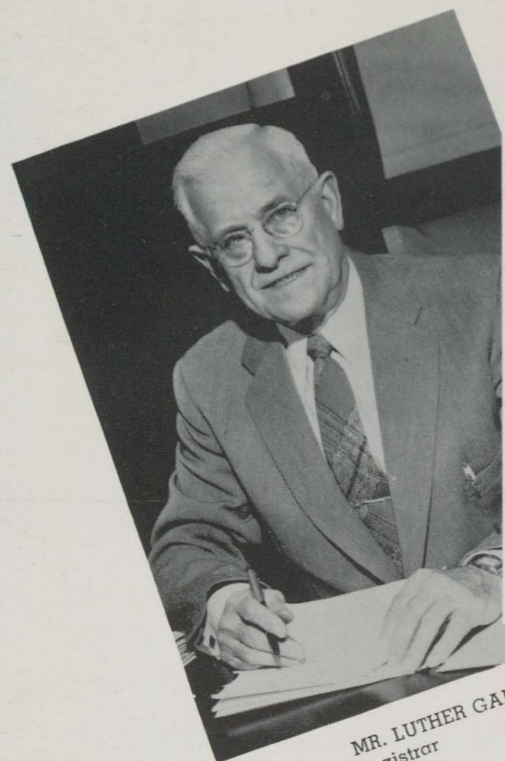

While coffee and discussions go on as always in the remodeled Cafeteria

And sometimes class notes and coffee mix

During the past two years the student body of Northern has greatly increased its interest in good student government. With this support the Student Council has been able to take many steps forward in bringing about better student life at Northern and in increasing student participation in college activities. The pictures on the following pages portray some of the activities which have been directed and carried out by the Student Council such as the initiating of Northern's first Honors Convocation, the annual College-Community banquet, the organizing of Homecoming activities, the reactivating of the U.P. College Student Council Association, the Student Council Citizenship Award, a new all-college announcement board, providing a place for the com-

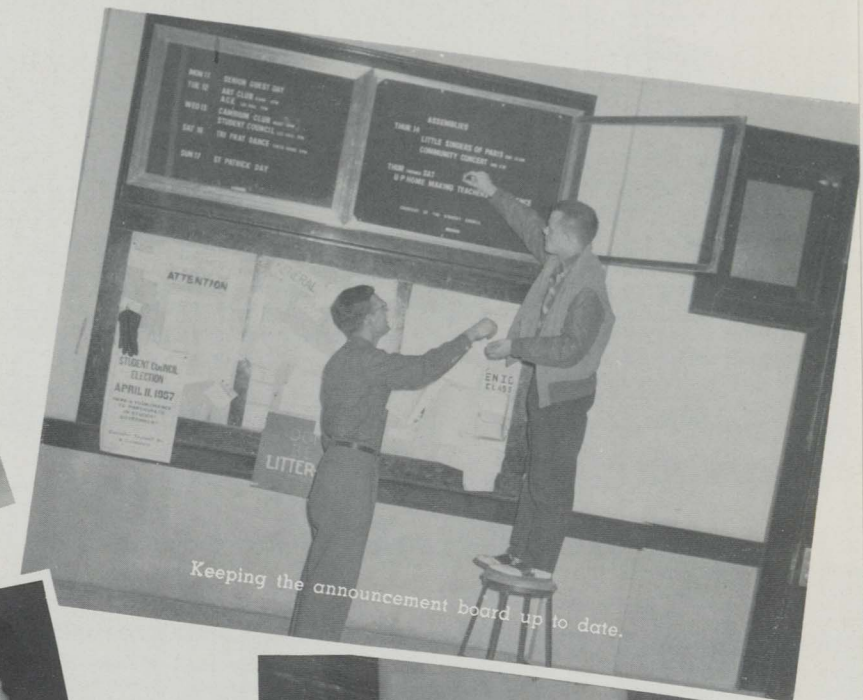

muters to relax and eat lunch, the procuring of a Student Activities Office, and in working toward closer and better relations between faculty, administration, and students.

Besides these achievements which can be pictorially represented on these pages, the Student Council has devoted much energy toward coordinating the efforts of all student organizations and in setting up the policies, which will govern student life. The establishment of the Representative Council of Student Organizations and the setting up of a working Student Activities Committee now lead the list of important co-ordinating bodies through which the Council can work.

The largest women's organization on campus, the Associated Women Students was organized in 1929. The name was formerly, Students Girls' League, but this year changed its name. It is now nationally affiliated, and has as its purpose the encouragement of high social and moral standards and the sponsoring of activities each year that will unite the student body and foster school spirit.

In regard to these ideas, this year A.W.S. sponsored a homecoming float, the Coronation Ball, the Christmas Foyer Party, a gala Monte Carlo Nite, a Spring Fashion Show, and a Rose Ceremony honoring Senior Women.

All campus women are members of this organization. The officers this year were:

Spoooner Hall Men's Organization

Probably one of the newest organizations on campus, the Spoooner Hall Men's Organization, has proven its worth in many ways. It was organized with the opening of the men's dormitory in September of 1955. The 102 original members considered themselves the "pioneers of Spoooner Hall."

The organization's purpose is to regulate all matters pertaining to the student life of its members which do not fall under the jurisdiction of the faculty or administration.

Activities of the S.H.M.O. include participation in Homecoming events, the sponsoring of record dances as part of a campaign to keep the students on campus on weekends, and the participation of individual members on almost every intramural team. During the past year the dormitory has acquired a TV set, through the efforts of these men.

At present there are 99 members in the organization. Officers are:
President & Student Assistant ---

Albert Piquette
Vice-President --- Denis Harbath
Secretary --- Ernest Shegina
Treasurer --- Robert Anderson
Sgt. at Arms --- John Armstrong
Student Assistant --- Robert Pawlicki

Girls' Organization of Carey Hall

Nineteen forty-seven saw the birth of the Girls' Organization of Carey Hall.

The Gooch's major objective is to offer varied social experiences on a cultural level for all residents of Carey Hall. Year by year new additions to the Carey Hall social calendar have proven this aim. An Induction Dinner was held in 1947, and 1951's prodigy was the Annual Caroling Party. Exchange dinners with Spooner residents and a Coffee Hour honoring Spooner Residents and frat officers have been the most recent contributions to this culturalizing affect.

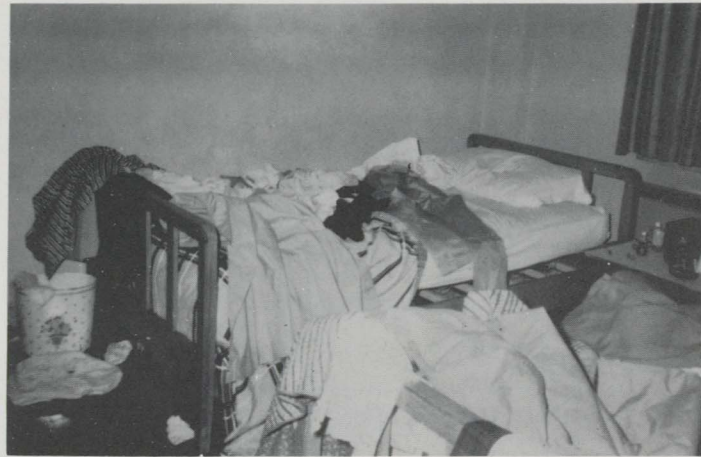

An active year was enjoyed by all Carey "Hallites" who welcomed the fall term with a decorated dorm and float for Homecoming. An informal party for Freshmen made them feel more at home, and a tea for Dean Gibson was held early in the fall. Special dinners were held for various holidays, and the annual exchange Christmas dinner with Spooner residents and the Annual Caroling party and dance ended the semester. A St. Patrick's Day Coffee Hour: an Installation Dinner honoring old and new officers, and a Baccalaureate Breakfast honoring graduating seniors culminated the second semester.

Present officers of the dorm council are:

Masquers

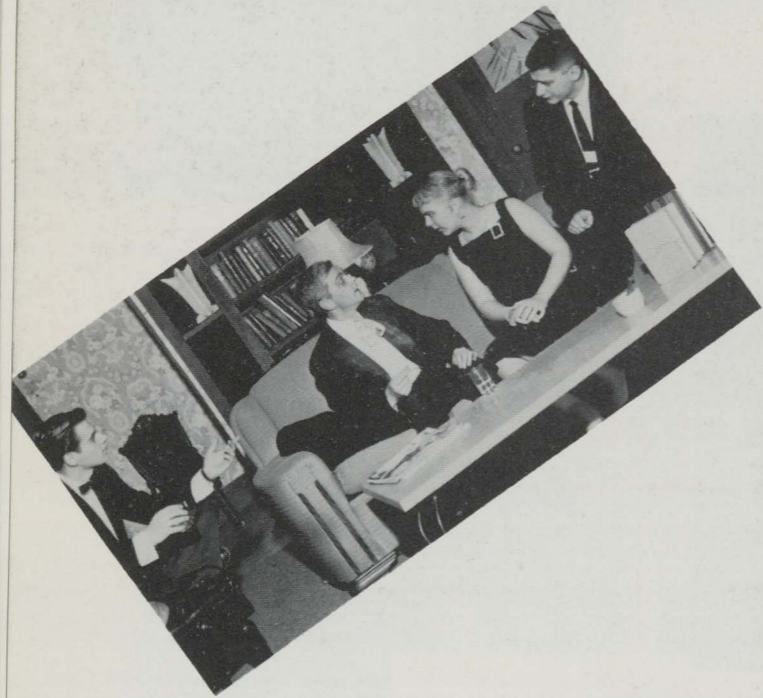

One of the very active organizations on the campus during the past decade, the Masquers have contributed entertainment ranging from drama of the lightest type, to the more serious works.

The purpose is to provide an opportunity for the college student to participate in the many phases of drama and theater. The group tries to produce two major productions, and one production of theater in-the-round each year. The Masquers presented the first theater-in-the-round show in the Upper Peninsula, and endeavor to produce unusual and appealing shows that have never been presented in this area before.

In addition to their usual productions, the Masquers' Activities include: Bread-Down parties on stage after performances, open house at Homecoming, and parties and informal get-togethers among the members.

Membership of the Masquers for the present year is twenty-five. The officers are:

Easily recognized with identifying folders, sketch pads, looms and the other paraphernalia, Northern's budding Penoirs and Rembrandts pool their talents for the Christmas Bazaar. Among the activities which the organization sponsors each year are: Senior Guest Day, a Business Field Trip for the entire club, and the making of Christmas goodies for the children at St. Lukes Hospital. The first Senior Guest Day was sponsored by the Commercial Club on March 23, 1953. This function was attended by 150 seniors from various high schools throughout the Upper Peninsula. It has been a very successful endeavor, and in 1956, over 700 attended.

On May 4, 1956, the first Business Field Trip was made. Members of the club spent 3 days visiting business establishments at Sault Ste. Marie, Michigan and Canada.

A decade has passed since the original forty members of Northern's Spanish Club undertook the purpose to become fluent in speaking Spanish and to better understand the ideals, the aspirations, the hopes, and the sorrows of the Spanish-speaking people. Although only sixteen members now comprise the club, they are still active in civic affairs. Their present project is the planning for a Pan-American Day Program on WDMJ-TV.

Highlights from the club's history show that for two years they've been the recipients of prizes in the Homecoming Parade and have received honorable mention several times. At various times during the past years, distinguished speakers from Spain and Latin American countries have spoken to the group.

Music Department

The history of the music department is a long and varied one. In 1901, the music staff began with one music specialist. Up until 1916, the music department prepared students for primary and grammar school teaching only. In 1907, Longyear Building was completed, and a third floor was added, where the present home of the music department now is. We notice an interest in instrumental music developing in 1915, and Band was first offered in

1925. The Bachelor of Music Education degree was offered in 1950, along with a summer music clinic, for band and choral members. Completion of Lydia Olson Library has provided music students with practice room facilities. From a small beginning in 1901, the music department has grown, until today there are over 50 music majors, and 6 music instructors. Let's hope for continued expansion.

The Social Science Club under the present name and constitution was organized in 1946.

Some of the high spots in its history are as follows:

In 1948, while Miss Martha Starr was the adviser, the club promoted the idea of a mock political convention which obtained the support of the student body and faculty. This event captured state and national attention for Northern.

In 1956, a delegation of the club accompanied by Professor A. E. Fritz participated in a mock United Nations national convention at Madison, Wis.

In 1952, and again in 1956, the Social Science Club conducted a mock election on the day prior to the presidential election in November.

During the current year, the club has been meet-

ing at two week intervals featuring programs of discussion, films and speakers dealing with topics in the social science area. The club also had a Christmas party at the home of Mr. Ebersole, and a Valentine party for the children of the Holy Family Orphanage in Marquette.

The organization began with approximately 15 members, but at this time has a membership of thirty-three (33). The present roster of officers are as follows:

American Association of Childhood Education International

Originally "The Kindergarten Club", the name of this organization was changed to "The Kindergarten and Primary Club", and finally to the Association for Childhood Education International. The organization was formed on Northern's campus in 1934 by seventeen students, and became affiliated with the international organization of A.E.C. as a student branch in 1941. The group is also an affiliate of the Michigan association.

The A.C.E.I. is a non-profit professional organization of teachers, parents, community workers, students in teacher training, and all others concerned with education and the well being of children from two to twelve years of age.

All Elementary Education students are invited to attend the organization's Tea in the fall, as a part of the membership drive. Regular meetings are devoted to extending our experiences in all fields related to Elementary Education in such projects as, storybook dramatizations, classroom games, art projects, aids to teaching as discussed by members, visits to community resources, and in the Spring the group ends the year with a sun-rise breakfast.

Membership for the past year has been fifteen.

It also seeks to acquaint the student with many of the problems and situations he will meet in his chosen profession.

One of the highlights of the organization took place last year when the Chapter was host to the area meeting of the High School clubs of Future Teachers.

Music by Blue Baron

1955-'56 Junior Prom
Theme..... "Blue Mirage"

Redemption from Sin
 of the earth; and thou hast been
 continually all the day at the
 presence of his fury who afflicted
 me and had prepared himself to
 destroy thee. Where is now the fury
 that is going to open unto you
 the door that shall not kill unto de-
 struction, neither shall his bread fail
 of me? 16. I am the Lord thy God, who
 bringest forth the sea and the waves there-
 upon. I have put my words in
 the mouth, and have protected thee
 from the shadow of my hand, and
 the earth, and mightest say to
 them, Thou art my people.

Desertion from Exile
 Arise, arise, stand up, O Jeru-
 salem which hast drunk at the hand
 of the Lord the cup of his wrath;
 thou hast drunk even to the dregs;
 the cup of dead sleep, and thou
 shalt not awake. 18. There is none
 that can uphold her that she hath
 fallen; and there is none that
 can raise her by the hand among all
 the children of men. 19. Where
 are two things that have
 comforted thee? Who shall be sorry
 for thee? Desolation and destruction,
 famine, and the sword, who
 have slept at the hand of the
 Lord of the rebuke of thy God.
 Therefore hear this, thou poor
 woman and thou that art drunk
 with wine. 22. Thus saith thy
 Lord and thy God, who hath
 spoken for his people: Behold I
 have taken out of thy hand the cup
 of thy dregs; thou shalt not drink
 any more. 23. And I will put
 down, and have said to thy
 enemies, and have said to thy
 lovers, and thou hast laid thy body as
 a way to them, and as a way to them
 that shall pass over.

Seven Wins, No Losses, One Tie

1957 was a history making year for the Northern Michigan Wildcats. Under the tutelage of Lloyd Eaton the Green and Gold turned in the best record in the history of football at Northern. Perhaps the statement which best typifies the 1957 season was delivered by Coach Eaton at one of the several banquets given for the team, when he remarked, "If I am the coach of the year, it is because I had the staff and team of the year!"

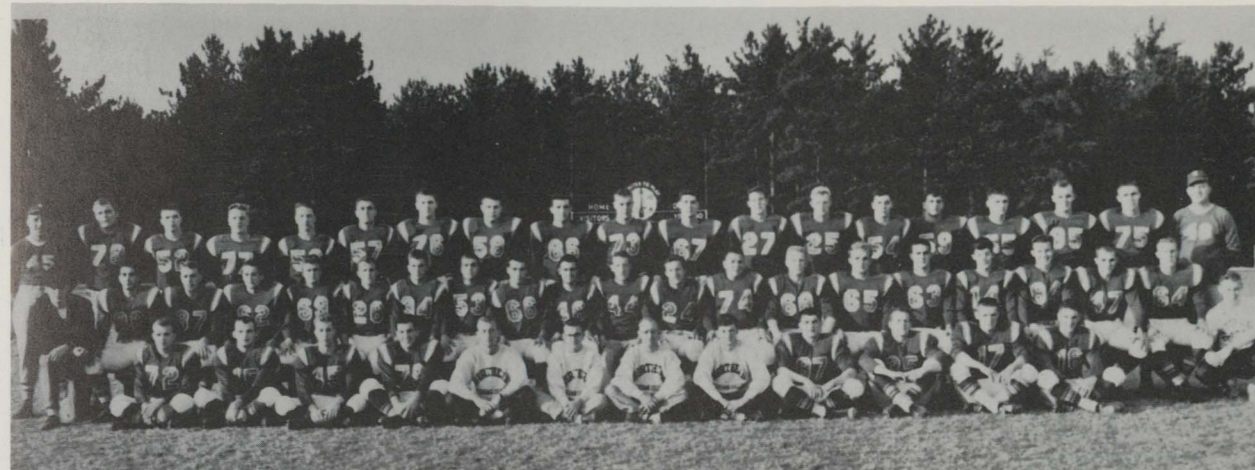

Forgotten now in the wake of victory are the long and demanding practice sessions which polished the "Big Green" offense and prepared the powerful defensive unit which limited opponents to an average of nine meager points per contest. Also likely to be overlooked are the countless trips up and down the stadium hill which provided the second half surge and late defensive stands so necessary to preserve an undefeated slate. Yet these are the ways and means employed by Coaches Eaton, Gingrass, Gustafson and Roberts in preparation for the grueling

schedule which confronted a young and inexperienced Wildcat squad.

The events which will dwell on in the minds of those who observed the transition of this group of men into a closely knit TEAM are those which occurred on the gridiron at Memorial Field, the Wildcat lair, Alma Stadium, Houghton Field and The Bemidji Stadium.

Recapturing the Coke Cup and spoiling the Michigan Tech homecoming for the second consecutive time by means of a 20-13 victory over the archrivals from Houghton will long remain a sweet memory in the hearts of many Wildcat followers. Yet, perhaps the 41-6 crushing of Superior on homecoming day, or the 19-0 whitewashing of Ferris are more meaningful in some quarters. No matter where individual sentiments lie, it remains a certainty that the 1957 Northern Michigan Wildcats will not be forgotten for many a year to come.....

Coach of the Year

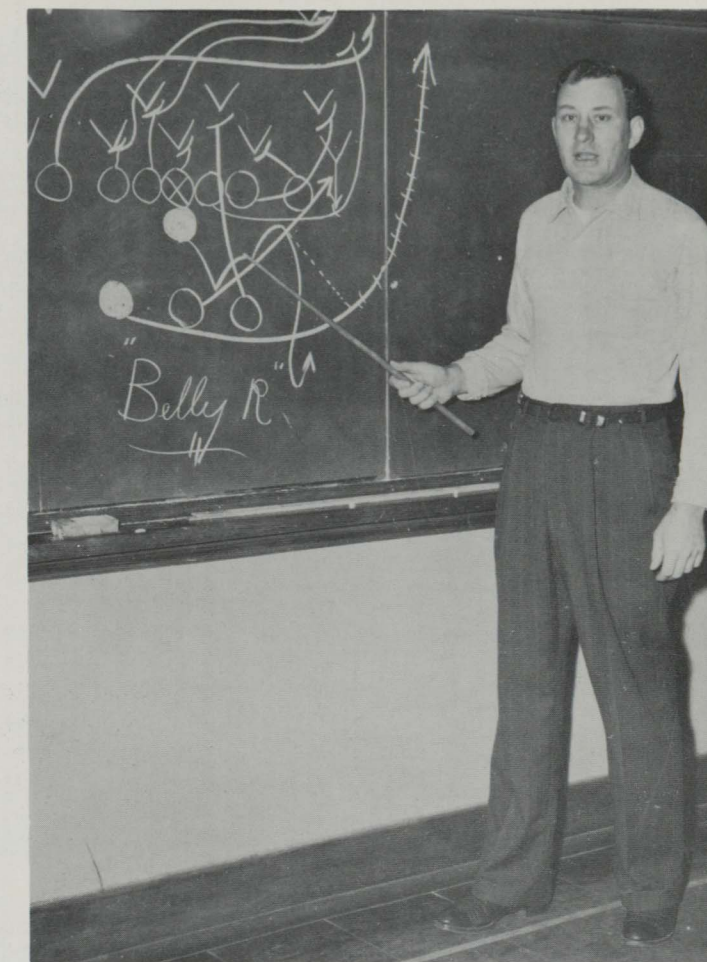

LLOYD EATON

MICH. INTERCOLLEGIATE COACH OF THE YEAR

Coach Eaton's selection as coach of the year came as no surprise to those who had followed the meteoric rise of his Northern Wildcats.

Coming to Northern after seven seasons at Alma College, Mr. Eaton had never had a losing season while serving the downstate school as head football and track coach.

The enthusiasm and willingness to assume the task at hand which are so much a part of Coach Eaton go further to indicate that he was more than worthy of the honor bestowed upon him by his colleagues. The selection was made by football coaches in the State of Michigan whose schools are members of the National Association of Intercollegiate Athletics.

Nine Wins, Seven Losses

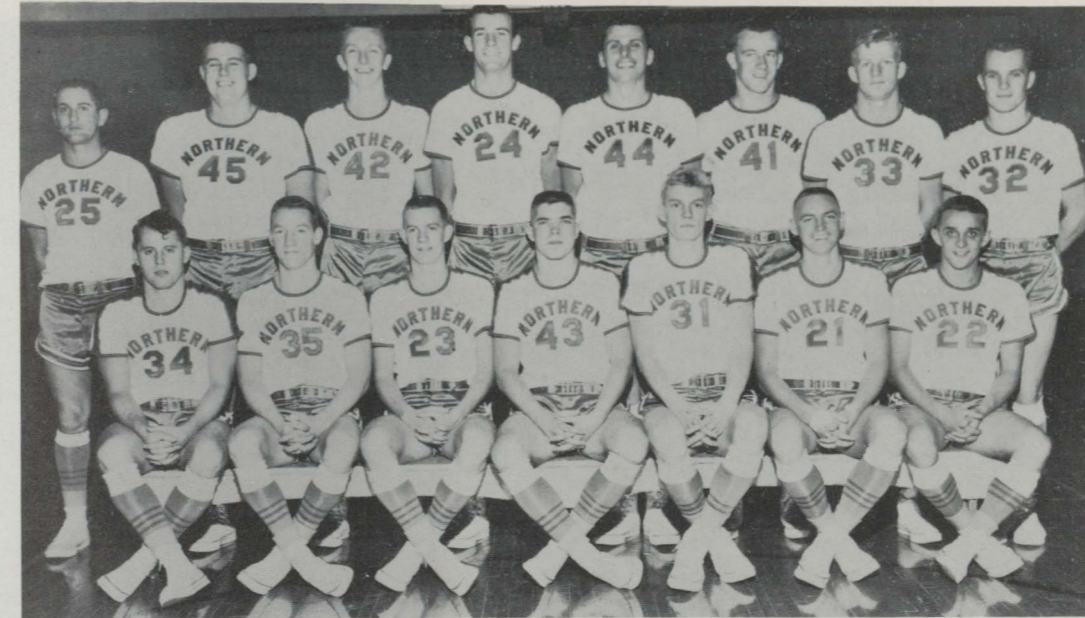

Coach Burt Gustafson took the reins of the 56-57 Wildcats and spearheaded them to their first winning season since 1953. No doubt the high spot reached by his cagers during the past season came at the hands of up-state Michigan Tech. Northern twisted Tech 88-73 for the first time in 4 years.

Three of the seven losses inflicted on the local

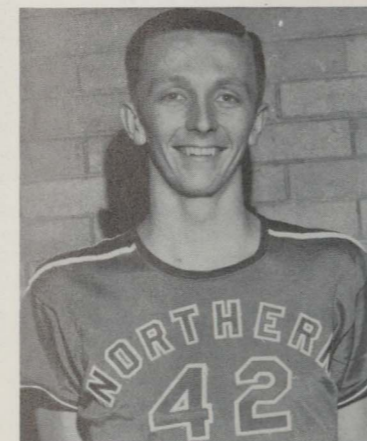

quintet were by a total margin of only 5 points. The "Green and Gold" got off to a fast start by winning their first two outings, but then became weary (at times) and suffered losses in every other game.

Their longest losing streak ran to four games, but they came back in a blaze of glory to capture the three remaining contests and gain a 9-7 season total.

Clifford Randell works hard on layout, as anyone can plainly see

Margaret Wiita, of the literary staff, at the endless task of sorting and alphabetizing pictures

EvAnn Angluim, in charge of club write-ups; Suzette Gollinger, literary staff, with editors and adviser

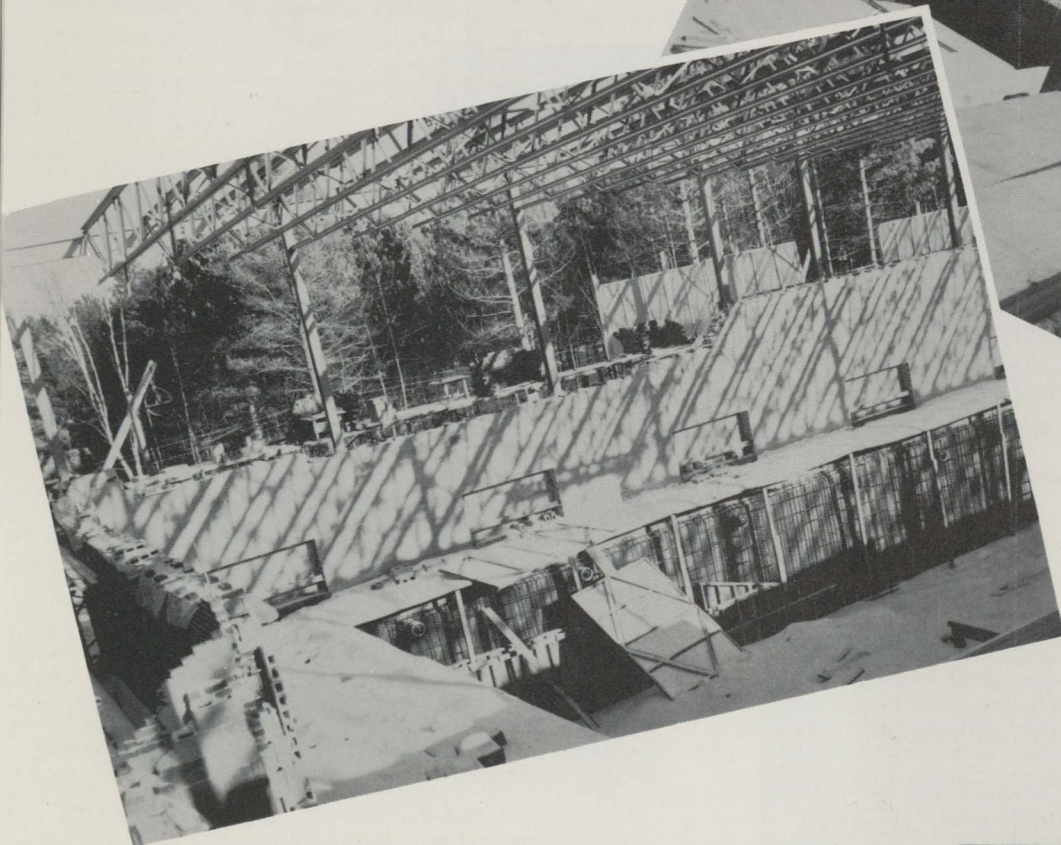

Final shot: an exhausted staff; barber shop quartets singing in the background; Saturday night, and Monday the deadline. Ruth is no longer amused. Next year let's have lots of bright young people and dynamic advisers volunteering for the Peninsulan!

And so it goes . . . Northern continues its period of transition as veteran teachers retire and new teachers arrive. A dinner, with members of his old teams back from all corners of the nation, marks the retirement of Charles Hedgecock, Head of Physical Education Department.

Meanwhile, work progresses on the new Gymnasium and Health and Physical Education Building, planned under Mr. Hedgecock.

Munuscong, Northern's outdoor biology and conservation laboratory, symbolizes the growth of these departments and its increasing effort to give training in the field.

A NEW FRAT — MORE TRANSITION

Sigma Rho Fraternity

A meeting of ten men interested in forming a new social fraternity on the campus of Northern took place on January 17, 1957. After much work, many meetings, and several changes of names, the fraternity was finally designated as SIGMA RHO.

The purpose of the fraternity is to furnish an organization on Northern's campus in which young men can take part, in order to improve their character by cooperation with others in social and academic activities, to benefit the fraternity, the entire student body, and Northern Michigan College.

Since the original meeting, the membership has increased from ten to thirty-two.
