LANDS PURCHASED

The Land Department did not make any large timber purchases during the
year. The only purchases made were 150.84 acres from the Northwestern Company
for a timber company in the Wall District, and 1650 acres from the Chicago & North
western Railway Company located in Town 37 North, Range 18 East, near the
Forden landing, Ill.

The usual number of lands offered was received during the year but
there were many that were attractive from the company's standpoint.
