On motion of Commissioner McGinley, supported by Commissioner Tierney, the following resolution was adopted:

Whereas, on December 31, 1939, the total of all moneys belonging to the city of Marquette amounted to $41,520.37; and whereas, the city has obligated itself to the early completion of a sewage disposal plant; and whereas, it is the objective of the city commission to avoid, if possible, any increase in tax levies or the issuance of bonds; and whereas there were approximately $45,000 of delinquent water and light accounts on the city books as at December 31, 1939; and whereas many of the delinquent accounts should have been liquidated by consumers well able to pay, while on the other hand some accounts have become delinquent because of recent economic conditions;

Now, therefore, in order to effect the necessary collection of all delinquent accounts in a manner so as to work no undue hardship in deserving cases, and to place all consumers on an equal basis as far as future water and electric bills are concerned, and in general to provide for the collection of such accounts in a reasonable, impartial and regulated manner;

It is hereby resolved that the following rules pertaining to the collection of charges for water and electricity furnished by the city of Marquette be and they are hereby adopted:

**Water Bills**

Rule 1. Water bills are due within one month from date thereof, after which they are deemed delinquent until paid.

crued or minimum one - dollar
monthly payments required, whence-
ever amount is greater, as provided
in rule 2; and/or if on the first
day of such calendar month any
water bill has become one month
delinquent subsequent to March 31,
1940, then:

quency and the requirements of
these rules; or,

who is a tenant and not the owner
of the premises served, on or be-
fore the 5th day of such calendar
month both he and the owner of
the property shall be given written

ment payments accrued on prin-

one dollar, whichever amount is
greater; and, unless the delinqui-
cy is paid in full or before April
25, 1940, on or before the 25th day
of each succeeding calendar month
thereafter the consumer shall pay
an additional instalment amount-
ing to at least the minimum first
instalment payment required under
this rule.

Rule 7. In case of failure to
either pay such bill in full or a first

Department heads, in employing such persons, shall give merit consideration to applicants on the basis of their relative needs and the number of times the card-holders have personally appeared for employment.

Rule 10. The privilege of working out water and/or electric bills shall not be extended to any consumer who is not a resident of the city of Marquette, nor shall the right to work out bills under the provisions of rule 9 be delegated to any person other than the consumer, unless the person so delegated is an unemployed member of the consumer's household, or unless the consumer himself is incapacitated and incapable of performing the particular work required.

It is further resolved, that no exception shall be made to the foregoing rules except by order of, or with the approval of, the city commission, it being the purpose of such rules to effect liquidation of past delinquencies without working undue hardship on any consumer, and to place all consumers on the same basis in the future except as in extraordinary cases such as those involving persons on direct relief, or unavoidable situations involving the public welfare.
