Hon. J. F. Neidhart, Mayor,

Marquette, Mich.

Dear Sir:

I am offering for sale my 5 Ton Pope's Reversible Road Roller at $300.00 here. The roller cost me $380.00, plus $69.00 freight, at the time I bought it. It seems to me the City ought to own such a roller for use in the Park and Cemeteries and on such parts of the public highways as are beyond the bridges, and has been used by the City for these purposes since it has been here. If the City would like to buy it, it would suit me to have the amount applied on the taxes I pay, as well as to draw cash from the Treasury at the present time.

Yours truly,

(Dictated)S.

Gentlemen:

We, the undersigned, tax payers of the Fourth Ward
of your City do respectfully petition your Honorable Body to
recommend to your Board of Electric Lighting to have an electric
light placed on the corner of Fourth and Bluff streets in your
said City.

Our reasons for asking for this light is that it is one of
the principal corners in the Fire Limits and Fourth street being
one of the steepest graded streets in the City, which renders it
very difficult for the many people who ascend and descend it in
winter, and also rainy nights, while going to and from both
Catholic churches, which are located on said Fourth street.

To the Mayor and Members of the Common Council:

I take pleasure in reporting to you, Honorable body, that upon the 24th instant, in company with the members of the Health Committee, I made a visit of inspection to the City Dump grounds, and found said grounds to be in as sanitary a condition as can well be expected, under the existing methods of disposing of garbage thereon.

I also take this opportunity of suggesting, that it is in my opinion, feasible and necessary, to construct a simple form of Incineratory at slight cost, which will enable the Garbageman to dispose of the garbage and refuse in a proper manner. I would therefore ask your authority to obtain estimates upon the cost of such a structure.

Resolved, the Mayor, concerning, that
the appointment of City Engineer be
and the same is hereby revoked and
said office declared vacant.

John
In accordance with the above
findings of the Health Officer and
which report from personal inspection
we take pleasure in corroborating,

the Members of the Health Committee
would respectfully recommend for
reappointment as Caretaker of the
dump ground—John Marshowe.

Stipulating however, that such re-ap-
pointment be cancelled in the event
of said John Marshowe again in-
volving in his saloon business.

Other reasons which influence us
in the recommendation of said applicant
are based on the facts that he lives
in close proximity to the dump ground
and uses utilily as a fertilizer upon
his farm, such waste sludges and fish
refuse not being combustible and thus
preserves our limited acreage at the dump-
ground for the burial of dead animals
and other gross refuse.
