The Executive/Intergovernmental Relations Committee of the Marquette County Board of Commissioners met on Monday, November 24, 1986 at 5:30 p.m. in Room 231 of the Henry A. Skewis Annex, Marquette, Michigan.

Chairperson DeFant called the meeting to order, roll call was taken and the following roll recorded: Present: Comm. Corkin, Comm. Lowe and Comm. DeFant. Absent: None.

Chairperson DeFant opened the meeting for public comment, none was forthcoming.

It was moved by Comm. Lowe, supported by Comm. Corkin and unanimously carried that the minutes of the Executive/IGR Committee meeting held on November 10, 1986 be approved.

It was moved by Comm. Corkin, supported by Comm. Lowe and unanimously carried that the agenda be approved.

The Committee took under consideration a communication from Mr. John Griebel of the Community Action Agency of Escanaba regarding the providing of Health Care for the Uninsured. Mr. David Berns, Director of the Social Services Dept. for Marquette County, supported the pilot project and recommended that Marquette County stay involved to assure the project addresses such things as cost, scope, and a possible disincentive for private employers to provide health coverage. Randall M. Johnson, M.D., Director of the Marquette County Health Dept., indicated the Health Dept. is interested in assisting with the Project and urged the Board to provide the requested letter of support. It was moved by Comm. Corkin, supported by Comm. Lowe and unanimously carried that the Executive/IGR Committee recommend the County Board send a letter of support for the concept of improving Health Care for the Uninsured, and pledge the County’s involvement incoordinating efforts for the project.

The Committee engaged in an informal discussion and update on the Solid Waste Incineration Trip. Dennis Aloia, County Administrator, has a good indication from the Marquette City Commission that they are interested. Mr. Aloia suggested the County Board and the City Commission meet in the future to further discuss the project. Comm. DeFant has talked with Dr. Appleberry, President of NMU, after returning from the incineration tour. The bureau of facilities is going ahead with the incineration study at NMU. The incineration tour has brought about positive results, the Township Association, and the Marquette City Officials are talking about incineration. The discussions of a possible solid waste incinerator for Marquette County are heading in a positive direction.

Chairperson DeFant opened the meeting for public comment, none was forthcoming.

There being no further business to come before the Executive/IGR Committee the meeting was adjourned.

Respectfully submitted,

David J. Roberts
