After discussion of certain changes in the policy, it was moved by Comm. Racine, supported by Comm. Steele that the Personnel Policy Manual be referred to the county board on Nov. 1, 1978 for approval and that the following changes be incorporated in the Policy.

1. Definition - Department Head:
An administrative officer who, supervises, directs and coordinates the operation of a particular county department and the personnel activities of the department. Where provisions of the Manual indicate duties and responsibilities of the Department Head, the controller will be regarded as the "Department Head" for the Appointed Department Heads. The County Board of Chairperson will be designated Department Head for the Controller.

2. Page 13, Sec. 2.14 Lay Offs.
It may be necessary for the County Board to order Budget Reductions. These reductions are by department based on the Controller's recommendation. If the budget reduction causes lay off the Department Head recommends which position will be eliminated within his/her department.

If the position (s) to be eliminated is within a bargaining unit, the procedure set by the collective bargaining agreement will be followed. The personnel Director will determine if employees meet the minimum qualifications for a position and the Sheriff will evaluate the physical fitness of his/her employees.
If the position(s) to be eliminated is a non-union position, the Department Head may reassign non-union employees to different non-union positions to assure that the best qualified work force is maintained.
