The Marquette County Board of Commissioners met in Special Session on
Tuesday, June 9, 1992 at 6:00 p.m. in Room 231 of the Henry A. Skewis Annex,
Marquette, Michigan.

Chairperson Corkin called the meeting to order. Present: Comm.
Absent: None.

A Salute to the Flag was given followed by the Pledge of Allegiance.

There were no minutes to approve.

Chairperson Corkin opened the meeting for public comment. Lynn
Emerick, Director, Commission on Aging, spoke on the present County
Classification System regarding regular employees funded with sources other
than County dollars as a part of the responsibility of the supervisor or the
work leader within a department. Ms. Emerick feels the supervision and
management of these employees is not significantly different than for
regular County funded employees and should be counted when point factoring
for job classification. At present the Commission on Aging has three County
funded and seven full and part-time regular other employees, not volunteers
or contractors. If these employees were acknowledged, both the Commission
on Aging Director and Administrative Assistant would be affected, therefore,
she requested the County Board consider including these employees.

There being no further public comment, this portion of the meeting was
closed.

It was moved by Comm. Arsenault, seconded by Comm. Angeli, and
unanimously carried that the agenda be approved as presented.

Informational Items

It was moved by Comm. Angeli, seconded by Comm. Arsenault, and
unanimously carried that the following informational items be accepted and
placed on file: 9a) a copy of Civil Counsel, David Payant’s, memo to Sands
and Chocolay Townships regarding conflicts in street names; and 9b) a copy
of Civil Counsel, David Payant’s, memo to the Planning Commission regarding

Action Items

The County Board considered a recommendation from Randell E. Girard,
Human Resources Director, on the Morley Classification/Compensation Study.
Mr. Girard gave a brief summary of procedure used for the recent study made
by J. Morley and Associates. As a result of this process, many comments and
concerns were raised by County employees. To assure that all concerns were
heard and given consideration, the Board of Commissioners directed J. Morley
and Associates to formally respond to the issues that were raised. When the
response was received concerns persisted, at which time the County Board
requested Mr. Girard review the final report and make recommendations.

Mr. Girard stated that all County employees had an opportunity to meet
with him in an interview format to discuss any concerns that they had
regarding their Morley proposed job descriptions, the point factoring
ascribed to their position, or any other issues they had a problem with.
One hundred-sixty employees participated in the process over a three-week
period. This has resulted in the recommendations for revision to job
descriptions, placement and point factor allocation. Mr. Girard stressed
that his review and evaluation of issues raised were viewed from the
standpoint of County-wide application of duties and responsibilities
measured by point factoring, as opposed to viewing a situation isolated
within individual departments. Mr. Girard took this opportunity to commend
the County employees for the manner in which they approached this final
review process.
Any employee who is still not satisfied with these recommendations may facilitate the use of the grievance procedure and/or the County Personnel Policy. Any employee whose reclassification is lower than present will not receive a pay reduction, but no raise will be in effect until the position reaches its new rating.

It was moved by Comm. Seppanen, seconded by Comm. Arsenault, and unanimously carried that the County Board adopt the Morley Classification/Compensation Study with modifications and recommendations presented by Randy Girard, Human Resources Director.

It was moved by Comm. Potvin, seconded by Comm. Arsenault, and unanimously carried that Staff investigate a system to handle grant funded employees, especially taking into consideration the point factoring for supervision.

Chairperson Corkin opened the meeting for public comment, none was forthcoming.

It was moved by Comm. Seppanen, seconded by Comm. Arsenault, and unanimously carried that the County Board go into Closed Session to discuss Bargaining Unit Contracts.

Chairperson Corkin declared a five minute recess to clear Commission Chambers.

The County Board came back into Open Session.

It was moved by Comm. Arsenault, seconded by Comm. Angeli, and unanimously carried that the County Board ratify contracts for the Collective Bargaining Unit Sheriff's Deputized Employees, Local 2756; Collective Bargaining Unit Courts/Courthouse Employees, Local 2914.
