ACTIONS ITEMS CONTINUED

10a) The County Board considered a memo from Joe Van Oosterhout, Central Dispatch Manager, regarding contract review – Suicide Tower. A contract had been negotiated at the end of 2003 that was signed by the County Board Chair. Unfortunately, when the signed originals were sent to AMCI for their signature, they realized they were charging the wrong lease amount (too low). This new contract incorporates two changes. First, the monthly rental is $889 (instead of $450), and second the term is for one month at a time (which is what is preferred). Mr. Van Oosterhout explained he realizes this goes back to January 1, 2004.

It was moved by Comm. Tuominen, seconded by Comm. Joseph, and unanimously carried by voice vote that the County Board approve the contract for lease of the Suicide Radio Tower from AMCI.

10b) The County Board considered a Committee of the Whole Recommendation to purchase the Delinquent Tax System Modules and the County Tax System Modules from BS&A Software in East Lansing, MI.

Comm. Tuominen questioned the cost breakdown and rational used by BS&A Software for the Equalizer Tax System to be used by the local jurisdictions. It was explained that the software cost is based on the parcel count in each unit. The Tax Administration Department provided BS&A Software with the parcel counts.

It was moved by Comm. Wallace, seconded by Comm. Joseph and carried by voice vote 6 Ayes to 1 Nay (Comm. Tuominen) that the County Board purchase the Delinquent Tax System Modules and the County Tax System Modules from BS&A Software in East Lansing, Michigan.

10d) The County Board considered a Committee of the Whole Recommendation to renew the Employment Agreement with Hal Pawley, SIABC Director. Steve Powers, County Administrator, explained there are several reasons for extending Mr. Pawley’s Employment Agreement for one year. First of all, there is a large amount of work that remains to be done at Sawyer, specifically, the work on the Caretaker Program. The Air Force is under tremendous pressure from the Department of Defense to reduce expenses. That pressure is ultimately exerted at the local level. The Department of Defense is imposing several conditions on projects that the County had thought were approved (for example, heat conversion, mold, roof replacements). Mr. Powers further explained that Hal Pawley is the lead on negotiating and can help translate the details of the Caretaker Project into priorities that our Congressional Staff can understand. Mr. Powers feels the budget impact is slight compared to the potential reward or potential loss.

Comm. Joseph stressed that nothing has changed since the budget was set last fall. The only change has been the utility sales. He stated the budget is tight, we knew Mr. Pawley’s Employment Agreement was going to end. Other staff should have been prepared to carry on his duties.

Mr. Powers further explained that if Mr. Pawley’s Agreement isn’t renewed he will have to come back to the Board at a later date with a recommendation to obtain a professional engineer.

Comm. Arsenaault explained that Staff has done a tremendous job in the redevelopment of Sawyer. He stated one negotiation will pay for Mr. Pawley’s salary ten times over. If Telkite fails, we would have to re-evaluate our decision.

It was moved by Comm. Arsenaault, seconded by Comm. Wallace to renew the County’s Employment Agreement with Hal Pawley, SIABC Director, as recommended by Mr. Powers. A roll call vote was taken, 3 Nays (Comm. Bergdahl, Comm. Cihak, and Comm. Joseph) to 4 Ayes (Comm. Arsenaault, Comm. Tuominen, Comm. Wallace, and Comm. Corkin). Motion failed because final action by County Board requires majority of County Board Members elected and serving.
10g) The County Board considered a Committee of the Whole Recommendation to approve the Extension of the DEQ Short Term Rental Agreement for the period May 1, 2004 through December 31, 2004 and authorize the Chair and the Clerk to execute the necessary documents.

It was moved by Comm. Bergdahl, seconded by Comm. Cihak and carried by voice vote 6 Ayes to 1 Nay (Comm. Joseph) to approve the extension of the DEQ Short Term Rental Agreement.

10i) The County Board discussed Ishpeming District Court. Steve Powers, County Administrator, presented an investigation of options and a recommendation regarding District Court services. Honorable Dennis Girard, Chief Judge for the 96th District Court is out of the area. Commissioners may wish to consider postponing action until Judge Girard is able to attend a Committee or Board meeting.

On November 4, 2003 the Board of Commissioners directed County Staff and District Court Administration to investigate the options of District Court services and formulate a recommendation to the Board regarding District Court operations. The first step in formulating the recommendation was Dennis Girard, 96th District Court Judge, and Jennifer Bennon, 96th District Court Administrator, reviewing feasible options. They spent considerable time exploring options for services in Ishpeming and determined that four possibilities were worth further consideration. Other possibilities were discussed, but only the four were prudent when balancing resources saved and services offered. The four options for Ishpeming District Court:

- **Option I:** Provide current services in same facility, with security and space modifications.
- **Option II:** Provide current services in a smaller, reconfigured facility.
- **Option III:** Provide current services, except for jury trials, in a smaller, reconfigured facility.
- **Option IV:** Provide the statutorily mandated small claims hearings.

The second step was for finance, planning, human resources, and facilities to estimate costs, savings, customer impact, and facility needs for each option. From this analysis, the advantages and disadvantages for each option were identified.

A significant factor in the analysis is the need for the County to balance its budget. The current projected starting budget gap for 2005 is $705,000. Reviewing advantages and disadvantages, and reviewing mandated services and discretionary services becomes more important and difficult when facing a budget that is 4% out of balance.

Judge Roger Kangas was present to discuss the recommendations and answer any questions.

Steve Powers, County Administrator, recommends Option IV. The need to balance the budget and the declining Court activity result in Option IV being a prudent management decision. While maintaining a service center in one area of the County (Options I, II, and III) may be preferable, the difficult financial conditions of County government require a review of what is desirable and what is required.

If the Board of Commissioners agrees with the recommendation, notice should be provided to Pioneer Square LLC and to the State of Michigan (FIA). The County should request space in Ishpeming to house a Small Claims Court, with room for a possible traffic payment center.

Commissioners engaged in a brief discussion regarding the various options and had questions for Judge Kangas.

It was moved by Comm. Wallace, seconded by Comm. Arsenault, and unanimously carried by voice vote that the County Board postpone discussion regarding the Ishpeming District Court until the next Committee of the Whole Meeting when all Commissioners are present.

Chairperson Corkin opened the meeting for public comment.
Mike Quayle, 1700 Mildred Avenue, Marquette, addressed the County Board regarding Ishpeming District Court.

There being no further public comment, Chairperson Corkin closed this portion of the meeting.

**COMMISSIONERS COMMENTS, STAFF COMMENTS AND ANNOUNCEMENTS**

Chairperson Corkin announced he attended a MAC Board Meeting on Friday. He participated in a discussion regarding revenue sharing. He stated the Governor wants to work with Counties to resolve the Revenue Sharing issues. He explained the discussion was positive and will keep everyone informed.

Comm. Tuominen announced there will not be an increase in tipping fees at the landfill. He also spoke briefly regarding the Marquette County Road Commission Task Force Report and explained that he has only received one memo from the Townships.

Comm. Cihak announced that there is a possibility of a BMX track at Sawyer. He also discussed a meeting in Lansing regarding Department of Corrections Sentencing Guidelines.
Steve Powers, County Administrator, explained that they are in fact reducing positions at Sawyer International Airport and Business Center, but based on the Board’s decision this evening he needs to re-evaluate what staffing resources are at Sawyer.

There being no further business to come before the County Board, the meeting adjourned at 8:15 P.M.

Respectfully Submitted,

Connie M. Branam
Marquette County Clerk
