From McClellan To Trees

Dear Editor;

The Central Michigan University Chapter of the American Association of University Professors at its last meeting adopted the following resolution: **RESOLVED**, That the Central Michigan University Chapter of the American Association of University Professors support the efforts of Dr. Robert McClellan to retain his position as a faculty member at Northern Michigan University. Copies of this resolution are to be sent to Dr. McClellan, to "The Northern News", and to the Interim President of Northern Michigan University.

Yours truly,
William T. Bulger
Secretary, American
Association of University Professors.

Dear Editor;

I do not know how other people feel about our Christmas tree in front of The University Center, but I think it looks more like a telephone pole that sprouted branches after it was cut.

I do not mean to slight the efforts put forth by APO, but even they must see that it is not a very good example of a Christmas tree.

Just as a suggestion to be put before the Student Body: What would be wrong with transplanting a

few beautifully shaped trees in front of The University Center. Then we would have a nice Christmas tree for years to come.

Sincerely,
Juris G. Anderson
