Dear Joe:

This is just a brief note to express my sincere appreciation for your expressed support for my stance in the current situation and for the work we have undertaken in behalf of black students attending Northern Michigan University. Although these events can be deep disappointments to us who exert this kind of effort, I feel that in the interest of justice and equity, we should continue to express this concern in the form of action.

I'm assuming that we will have an opportunity to discuss this matter further at our next Board meeting, and that in the meantime I shall be sending to you and the other Board members a more detailed resume of the events which took place.

Sincerely yours,

John X. Jamrich
President
