Dear Mr. Quinnell:

This is a follow-up to the conversation you had with Mr. Richard Jones and our phone conversation regarding the appropriate steps to be taken as far as the "forced detention of Dr. Niemi" incident is concerned. I am assuming that your office is undertaking the necessary steps to see what appropriate legal action should be taken in this case.

The University is requesting that this matter be carefully pursued to the fullest extent of the law. We stand ready to cooperate in this procedure.

Sincerely yours,

John X. Jamrich  
President
