

December 22, 1969

To: Members of the Board of Control  
Northern Michigan University

From: John X. Jamrich

Enclosed are several pieces of correspondence that are related to the campus incident of December 17. Included is a letter to the Black Students Association requesting payment for the damages; a copy of my letter to Dr. Niemi requesting that he and his staff undertake the determination of infractions of regulations and appropriate disciplinary action that might be taken; and a copy of my letter to Mr. Quinell requesting an investigation of the incident with the further request that the matter be pursued to the fullest extent of the law.

This, I hope, will provide you with the information as to where we are currently. As soon as we can prepare it, we shall be mailing you a resume of the events which transpired so that you will have the fullest information possible about them.
