To: Dr. Lowell G. Kafer

From: John X. Jamrich

Please prepare a brief letter for my signature commending and giving the necessary support to the two R. A.'s who were involved in this incident. I have talked with them already and would simply like to say to them that we feel that they as well as the other R. A.'s are doing a very important job for us, and we want to do all we can to support them in executing their assignments.
