

MEMORANDUM

FROM

OFFICE OF THE PRESIDENT

February 14, 1970

To: Members of the Student-Faculty Judiciary

From: John X. Jamrich

Now that the initial series of hearings has been concluded and we have the results of your deliberations, I should like to request that you prepare, for my office and for use with the Board of Control, a formal statement summarizing the decisions which you rendered in each of the cases and the bases on which your judgments were founded.

I think you can appreciate that in any cases of this type, my office and the Board of Control do want to be thoroughly familiar with the rationale underlying decisions which are made regarding disciplinary actions and alleged rule infractions within the University.
