OFFICE OF THE PRESIDENT

May 11, 1970

Dear Mr. Quinnell:

This is by way of follow-up to our telephone conversation on May 10 regarding the Writ of Nolle Prosequi which you are going to enter in the District Court. I indicated to you that the first sentence of paragraph three is an accurate statement. I did tell you that as far as we were concerned, the remainder of that paragraph was not an appropriate expression of the situation from our point of view and should not be attributed to us.

My assumption is, based on your statement that you had to file this Writ on Monday, May 11, that you will be filing it on that date.

Sincerely yours,

  
John X. Jamrich  
President
