THANK YOU CAMPUS MIRROR

We wish to thank the Campus Mirror for its attack on the campus S.D.S. chapter in its last issue. When a number of students who had been thinking about joining S.D.S. saw your racist rag’s attack on a group of students committed in the defense of democracy, they quickly found the $5 needed for membership in S.D.S. We, to show the purpose of the Campus Mirror (as the Mirror would probably say we were not objective), will quote from a Northern News article titled "Complete Lack of Journalistic Integrity Seen In Mirror" which appeared April 18th. "We never cease to be amazed at the downright trash which is perpetrated in some quarters in the name of journalism... (The Mirror's...) purpose, we contend, is to provide a forum for the spread of hate, disinformation and the worst the mind can only be hope that those reading the unreasoning, racist attacks in the Campus Mirror will consider the source before drawing any conclusions."

S.D.S. hopes the students at Northern will also consider the source before drawing any conclusions based on the Mirror's attack on S.D.S. last week. The purpose of most of the verbal cargo should be self-evident but a few points may be worth comment. The assertion that S.D.S. may be on its knees, in panic, we think not true.

The Mirror staff may feel that its continued support of the administration deprived it of its "right to the truth," but in our opinion the administration has the right to an unfettered press. If the administration continues to resist student press, we will continue to support the Mirror's fight for a free press. The administration has not the right to control a student newspaper.

THANK YOU CAMPUS MIRROR (continued)

speech to the administration power about S.D.S. The Mirror staff must be a bit hard to think that withdrawal of registered on campus organization status was necessary for the health and well-being of S.D.S.

The above may not be underground, but it is very much underground. The administration should not be able to stop S.D.S. from open campus organisation and publication. The Mirror staff is made up of members from the local chapter.

S.D.S. NOTES

Some few points may be worth comment. The assumption that S.D.S. may be on its way to campus is simply not true. S.D.S. is HERE - it is a fait accompli. It was organised by NMU students without help from any outside individuals or groups.

It was organised to meet the need for a group to work for a decent democracy on the NMU campus. The existence of "spies, police, disillusion and distrust" resulting from the actions of the remaining students was the main reason.

We desire to work with all NMU students to create a democratic environment in which communication among all students and student groups is open with the faculty and administration.

Students, beware, the Mirror's attack is a step down the road to the banning of all campus organisations. After S.D.S., will come CAF, NBA, FORSA, the Greeks, the Yale Club, and finally even the Young Americans for Freedom. This is a thing that occurred on Berkeley's campus in the 60's.

S.D.S. is an educational and militant action organisation dedicated to increasing democracy...
